## MUNICIPAL REGULATIONS.

### FOR PAYMENT OF BILLS AGAINST THE CITY.

---

All persons furnishing materials or service for the city, or aid to the city poor, should be particular to take the name of the person ordering such service, material, or aid, and should *know* that the person is duly authorized to contract such liability.

The city will not be holden for merchandise sold or delivered on city poor account, except on the written order of the overseer of the poor, and for no longer time than until his successor shall have been appointed and qualified.

Duplicate copies will be required of all bills payable by the city, furnished on county poor account.

All bills against the city must be approved by the person authorizing the charge; and unless this is done, no action can be had upon the bill by the Committee on Accounts and Claims, and no order will be given for its payment.

Bills so certified should be left with the city clerk on or before the second day of the month.

If approved by the Committee on Accounts and Claims, they will be ready for payment on Thursday following the regular monthly meeting of the city government.

The regular monthly meetings of the city government occur on the second Monday of each month.

HENRY E. CHAMBERLIN,  
*City Clerk.*

## ORDINANCES AND RESOLUTIONS.

PASSED DURING THE YEAR ENDING JANUARY 8, 1917.

---

### CITY OF CONCORD—ORDINANCES.

#### AN ORDINANCE PROHIBITING SMOKING IN SCHOOL HOUSES.

*Be it ordained by the Board of Aldermen of the City of Concord as follows:*

SECTION 1. All persons are hereby prohibited from smoking in any school building within the city.

SECT. 2. Any person violating the provisions of this ordinance shall be fined not more than twenty dollars.

SECT. 3. All ordinances and parts of ordinances inconsistent with this ordinance are hereby repealed, and this ordinance shall take effect upon its passage.

Passed February 14, 1916.

---

#### AN ORDINANCE PROVIDING FOR CHAUFFEURS FOR THE MOTOR COMBINATION CHEMICAL AND HOSE TRUCKS USED BY OLD FORT ENGINE COMPANY NO. 2 AND CATARACT ENGINE COMPANY NO. 3.

*Be it ordained by the Board of Aldermen of the City of Concord as follows:*

SECTION 1. A member each of Old Fort Engine Company No. 2 and Cataract Engine Company No. 3 shall annually be designated by the chief of the Fire Department to act as chauffeurs and care-takers of the motor trucks used by said companies, subject to confirmation by the Board of Aldermen.

SECT. 2. Said chauffeurs shall receive annually the sum of twenty-five dollars each for such services, to be paid semi-annually. In the absence of such chauffeurs, other members of said companies shall be designated to serve in their stead by the engineers of said companies, and shall receive such proportionate part of said twenty-five dollars as the time served by him bears to the whole year.

SECT. 3. All ordinances or parts of ordinances inconsistent with this ordinance are hereby repealed and this ordinance shall take effect as of January 1, 1916.

Passed March 13, 1916.

AN ORDINANCE REPEALING SECTION 2 OF CHAPTER 19 OF THE REVISED ORDINANCES AND ENLARGING THE CITY LIGHTING PRECINCT.

*Be it ordained by the Board of Aldermen of the City of Concord as follows:*

SECTION 1. Section 2 of Chapter 19 of the Revised Ordinances is hereby repealed.

SECT. 2. Section 1 of Chapter 19 of the Revised Ordinances is hereby amended by adding thereto the following, "all the territory in Ward 2 which is included in the Union School District, together with the inhabitants thereof."

SECT. 3. All ordinances or parts of ordinances inconsistent with this ordinance are hereby repealed and this ordinance shall take effect upon its passage.

Passed March 29, 1916.

---

AN ORDINANCE AMENDING SECTION 1, CHAPTER 20 OF THE REVISED ORDINANCE ENLARGING THE STREET SPRINKLING PRECINCT.

*Be it ordained by the Board of Aldermen of the City of Concord as follows:*

SECTION 1. That Section 1 of Chapter 20 of the City Ordinances relating to the street sprinkling precinct be amended by adding thereto the words "West Washington Street from Liberty Street to Warren Street."

SECT. 2. All lots, together with their inhabitants, abutting on West Washington Street are hereby included in said sprinkling precinct.

Passed March 29, 1916.

---

AN ORDINANCE IN AMENDMENT OF CHAPTER 18, SECTION 24 OF THE REVISED ORDINANCES RELATING TO TIME OFF TO PERMANENT MEMBERS OF THE FIRE DEPARTMENT.

*Be it ordained by the Board of Aldermen of the City of Concord as follows:*

SECTION 1. Amend Section 24 of Chapter 18 of the Revised Ordinances of the City of Concord, by striking out the words "Two days in each month, such two days not to be taken in the same week. On the weeks that they are not off duty for a day, under the above provision, they shall be entitled to be off duty for one night without loss of pay," and insert in place thereof the words "One day in each week," so that said section as amended shall read as follows: "SECT. 24. Permanent officers and men of the department shall be entitled to a vacation without loss of pay, of fourteen days in each year. In addition they shall be entitled to be off duty without loss of pay one day in each week. All vacations and absences from duty under the above to be under the direction of the chief engineer."

SECT. 2. This ordinance shall take effect upon its passage.

Passed March 29, 1916.

AN ORDINANCE RELATING TO THE ERECTION OF SIGNS AND ADVERTISEMENTS.

*Be it ordained by the Board of Aldermen of the City of Concord as follows:*

SECTION 1. No person shall place, establish or maintain any sign or advertisement over any part of any street, lane, alley or sidewalk without first having obtained a permit therefor from the Board of Public Works.

SECT. 2. Such sign or advertisement shall be safely and securely fixed and supported, shall be at least eight feet above the sidewalk and shall not project more than five and one-half feet beyond the street line. Such sign or advertisement shall not be more than five feet in width at the widest part and its height shall not be less than four times its average width. The distance from the street line to the inner edge of such sign or advertisement nearest the building shall not exceed twelve inches. The aforesaid restrictions as to signs and advertisements shall not apply to flags and temporary banners suspended across streets and securely fastened, the lowest part of which shall not be less than twenty feet above the street.

SECT. 3. Persons applying for a permit to erect a sign or advertisement shall state its size and weight, the nature of the material of which it is to be constructed and the manner in which it is to be supported.

SECT. 4. Any person or corporation violating any of the provisions of this ordinance shall be liable to a fine not exceeding twenty dollars.

SECT. 5. All ordinances or parts of ordinances inconsistent with this ordinance are hereby repealed and this ordinance shall take effect on its passage.

Passed March 29, 1916.

---

AN ORDINANCE AMENDING CHAPTER 38 OF THE REVISED ORDINANCES RELATING TO THE "CITY AMBULANCE."

*Be it ordained by the Board of Aldermen of the City of Concord as follows:*

That Chapter 38 of the Revised Ordinances be hereby amended to read as follows:

SECTION 1. The city ambulance shall be in charge of the city marshal, to whom all requests for its use shall be made. The marshal shall assign such officers for ambulance and patrol car service, as in his judgment may appear necessary, in no case shall less than two officers be assigned, the said officers to render assistance when required.

SECT. 2. The use of the ambulance shall be free to all residents of the city.

SECT. 3. Non-residents or out-of-town parties using the ambulance, for trips within a radius of one mile from the state house, shall pay to the marshal the sum of one dollar for each trip. The money thus collected shall be paid to the city treasurer annually.

SECT. 4. Any party ordering or using the ambulance for the removal of a patient suffering from contagious or infectious diseases, shall be subject to a fine, not to exceed twenty dollars for each offence.

SECT. 5. All ordinances or parts of ordinances, inconsistent with this ordinance are hereby repealed.

SECT. 6. This ordinance shall take effect upon its passage.

Passed May 8, 1916.

---

AN ORDINANCE PROHIBITING THE EXCESS SALE OF TICKETS AT PUBLIC ENTERTAINMENTS OR DANCES.

*Be it ordained by the Board of Aldermen of the City of Concord as follows:*

SECTION 1. Theater proprietors and proprietors of halls used for public assemblage are prohibited from selling or permitting to be sold, tickets for public entertainments, or public dances, to be held within such theaters or halls, in excess of the established seating capacity of such theaters or halls; said capacity being fixed by the proprietors or lessees and the building inspector, and said capacity posted in the several theaters or halls, and recorded in the office of the city clerk.

SECT. 2. The manager of any such entertainment or dance, or the ticket-seller, thereat, are likewise prohibited from selling such excess of tickets.

SECT. 3. Any person or corporation violating the provisions of this ordinance shall be fined not more than twenty dollars for each offence and the license for the theater or hall where the offence is committed shall automatically, upon conviction, be revoked and shall not thereafter be issued without the consent of the board.

SECT. 4. This ordinance shall take effect on its passage.

Passed May 8, 1916.

---

AN ORDINANCE AMENDING SECTION 2 OF CHAPTER 36 OF THE REVISED ORDINANCES RELATING TO THE WAGES OF CITY EMPLOYEES.

*Be it ordained by the Board of Aldermen of the City of Concord as follows:*

SECTION 1. Amend Section 2 of Chapter 36 of the Revised Ordinances by striking out all of said section and inserting in the place thereof the following: "SECT. 2. The minimum rate of wages to able-bodied city employees working by the day shall be two dollars and twenty-five cents per day and the minimum rate to non-able-bodied shall be one dollar and eighty-five cents per day of nine hours. City employees working by the day or week shall be paid for overtime on weekdays at the per diem rate, and for overtime on Sundays at one and one-half times the per diem rate."

SECT. 2. This ordinance shall take effect upon its passage.

Passed July 10, 1916.

AN ORDINANCE AMENDING SECTION 4 OF CHAPTER 36 OF THE REVISED ORDINANCES RELATING TO THE PAY OF TEAMS EMPLOYED BY THE CITY.

*Be it ordained by the Board of Aldermen of the City of Concord as follows:*

SECTION 1. Amend Section 4 of Chapter 36 of the Revised Ordinances by striking out all of said section and inserting in place thereof the following: "SECT. 4. Heads of departments employing teams for the use of the city are authorized to pay for said teams five dollars per day of nine hours or such proportionate part of five dollars as the time worked bears to nine hours for each two-horse team with driver."

SECT. 2. This ordinance shall take effect upon its passage.

Passed July 10, 1916.

---

AN ORDINANCE IN AMENDMENT OF AN ORDINANCE PASSED MARCH 13, 1916, RELATIVE TO CHAUFFEURS FOR THE MOTOR COMBINATION CHEMICAL AND HOSE TRUCK USED BY OLD FORT ENGINE COMPANY NO. 2 AND CATARACT ENGINE COMPANY NO. 3.

*Be it ordained by the Board of Aldermen of the City of Concord as follows:*

SECTION 1. Amend Section 2 of an ordinance providing for chauffeurs for the motor combination chemical and hose trucks used by Old Fort Engine Company No. 2 and Cataract Engine Company No. 3, passed March 13, 1916, by striking out the whole of said section and inserting in place thereof the following: "SECT. 2. The chauffeur for Old Fort Engine Company No. 2 shall receive the sum of fifty dollars per annum and the chauffeur for Cataract Engine Company No. 3 shall receive the sum of fifty dollars per annum, to be paid semi-annually. In the absence of such chauffeurs, other members of said companies shall be designated to serve in their stead by the engineers of said companies, and shall receive such proportionate part of said above mentioned sums as the time served by him bears to the whole year."

SECT. 2. All ordinances or parts of ordinances inconsistent with this ordinance are hereby repealed and this ordinance shall take effect as of January 1, 1916.

Passed September 11, 1916.

---

AN ORDINANCE IN AMENDMENT OF SECTIONS 4 AND 5 OF CHAPTER 40 OF THE LAWS AND ORDINANCES RELATING TO HAZARDOUS BUILDINGS.

*Be it ordained by the Board of Aldermen of the City of Concord as follows:*

SECTION 1. Amend Section 4 of Chapter 40 of the Revised Ordinances by adding after the word "shop" in the fourth line the words "establishment for the cleansing of clothes or other articles with inflam-

mable liquids of any kind," so that said section as amended shall read as follows:

"SECT. 4. No permit shall be granted by the city engineer and chief of the Fire Department for the erection or remodeling of a building to be used as a public garage, steam mill, furnace, foundry, blacksmith's shop, establishment for the cleansing of clothes or other articles with inflammable liquids of any kind, or house for storing powder until the owner has filed with the said city engineer and chief of the Fire Department a written certificate stating that the owner has received a license therefor from the Board of Mayor and Aldermen, and no building already erected shall be used or occupied for any of the above-named purposes unless a license to so use or occupy has been granted by the Board of Mayor and Aldermen; and the city engineer and chief of the Fire Department shall have power to order such changes in existing buildings used for the above-named purposes as they deem necessary."

SECT. 2. Amend Section 5 of Chapter 40 of the Revised Ordinances by adding after the word "foundry" in the fifth line the words "house for storing powder, cleansing establishment," so that said section as amended shall read as follows:

"SECT. 5. No person shall hereafter erect or build, or cause to be erected or built, any buildings for the aforesaid purposes, until he has presented to the Board of Mayor and Aldermen a petition therefor, setting out the proposed situation of such public garage, steam mill, furnace, foundry, house for storing powder, cleansing establishment, or blacksmith shop, the materials of which the same are to be built, the dimensions, height, and number of stories of the proposed building, the situation of all boilers therein, the manner in which the same are to be secured or set, the height of the chimney, and the various branches of business to be carried on or proposed to be carried on in said building and having first obtained a license therefor."

SECT. 3. This ordinance shall take effect upon its passage and all ordinances or parts of ordinances inconsistent herewith are hereby repealed.

Passed November 13, 1916.

---

AN ORDINANCE ACCEPTING THE GIFT OF THE WEST GARDEN AND PROVIDING FOR ITS MANAGEMENT.

*Be it ordained by the Board of Aldermen of the City of Concord as follows:*

SECTION 1. That the "West Garden," located on North Main Street, offered as a gift by the trustees under the will of the late Frank W. Rollins and by his heirs and the fund for its support offered as a gift by the heirs of said Frank W. Rollins to the city be, and hereby are, accepted in accordance with the terms of said offers.

SECT. 2. The care and management of said garden shall be under control of the Park Commissioners and its rearrangement shall be subject to their approval.

Passed December 11, 1916.

---

AN ORDINANCE AMENDING SECTION 1 OF CHAPTER 19 OF THE REVISED ORDINANCES AND ENLARGING THE CITY LIGHTING PRECINCT.

*Be it ordained by the Board of Aldermen of the City of Concord, as follows:*

SECTION 1. That Section 1 of Chapter 19 of the Revised Ordinances be, and hereby is, amended by striking out the words "all the territory in Ward 2 which is included in the Union School District together with the inhabitants thereof" and inserting in place thereof the following described tract:

"Commencing at the point in the Merrimack River where the ward lines of Wards 2 and 8 intersect; thence running easterly, northerly and northeasterly, on the line between said wards, until it intersects the easterly line of land of William P. Curtis; thence northerly by the easterly lines of lands of said William P. Curtis and William M. Emerson to said Emerson's northeasterly corner; thence westerly by the northerly line of said Emerson's land and across the Curtis property to the southeasterly corner of land of A. G. & A. W. Stevens; thence northerly by the easterly line of said Stevens' lands to their northeasterly corner and to land of Samuel G. Potter; thence easterly by the southerly line of said Samuel G. Potter's land to his southeasterly corner and to land of Frank P. Potter; thence easterly by said Frank P. Potter's southerly line to his southeasterly corner; thence northerly by said Frank P. Potter's easterly line to land of John T. Tenney; thence easterly by said Tenney's southerly line to his southeasterly corner adjoining land of Walter B. Maynard; thence northerly by said Maynard's westerly line to his northwesterly corner adjoining land of Freeman F. Potter; thence easterly by said Freeman F. Potter's southerly line to land of Alice E. Potter; thence northeasterly by said Alice E. Potter's southerly line to the line between the City of Concord and the Town of Loudon; thence northwesterly and northerly along said town line to the northeasterly corner of land of the heirs of John T. Batchelder; thence westerly on the northerly line of said Batchelder land and westerly, northerly, westerly, southerly, westerly and southerly by John T. Tenney's adjoining land to the northeasterly corner of land of Frank P. Potter; thence westerly and southerly by said Frank P. Potter's land to land of the heirs of John Potter; thence westerly by said John Potter's heirs' land to land of Fred A. Muzzey; thence southerly and westerly by said Muzzey's land to land of Harry R. Terrill; thence northerly by said Terrill's easterly line to his northeasterly cor-

ner; thence westerly by his northerly line to his northwesterly corner; thence southerly by his westerly line to the southeasterly corner of land of Elmer Trombley; thence westerly by the southerly line of said Trombley's land to the Mountain Road, so called; thence northerly by the center line of said road to the northerly line of land of the Concord Electric Company; thence westerly by the northerly line of said Electric Company's land to and across the right-of-way of the Concord & Montreal Railroad; thence northerly by the westerly line of said right-of-way to the northerly line of the property of said Concord Electric Company; thence westerly on the northerly line of said Electric Company's land to the Merrimack River; thence southerly by the center of said river to the point begun at."

SECT. 2. All ordinances or parts of ordinances inconsistent with this ordinance are hereby repealed and this ordinance shall take effect upon January 1, 1917.

Passed December 11, 1916.

## RESOLUTIONS.

## RESOLUTION PROVIDING FOR THE PRINTING OF THE MAYOR'S INAUGURAL ADDRESS.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

That the city clerk be authorized and instructed to have printed copies of the mayor's inaugural address; the expense of the same to be charged to the account of printing and stationery.

Passed January 25, 1916.

---

## RESOLUTION PROVIDING FOR THE PRINTING OF ROSTERS OF THE CITY GOVERNMENT.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

That the city clerk be instructed to prepare a roster of the present city government and cause copies thereof to be printed and that the expense of printing the same be charged to the account of printing and stationery.

Passed January 25, 1916.

---

## RESOLUTION IN RELATION TO PAYING SALARIES, PAY-ROLLS AND RENTS.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

That the mayor be, and hereby is, authorized to draw his warrant on the city treasurer for the payment of all salaries, pay-rolls and rents as the same shall become due during the present municipal term, and all bills so paid shall be laid before the committee on accounts and claims at their next meeting.

Passed January 25, 1916.

---

## RESOLUTION ASKING FOR SEALED PROPOSALS FOR PRINTING AND BINDING THE ANNUAL CITY REPORTS.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

That the city clerk be, and hereby is, instructed to ask for sealed proposals for printing and binding the city reports for the year 1915 and submit the same to the finance committee, who shall have full power to act in the matter.

Passed January 25, 1916.

/

RESOLUTION AUTHORIZING THE COMMITTEE ON LANDS AND BUILDINGS  
TO MAKE CURRENT REPAIRS.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

That the Committee on Lands and Buildings be authorized to expend such sums as may be necessary for current repairs, not exceeding three hundred dollars in any one month, the same to be charged to the appropriation for repairs to buildings.

Passed January 25, 1916.

---

RESOLUTION IN RELATION TO A TEMPORARY LOAN NOT EXCEEDING FIFTY  
THOUSAND DOLLARS.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

That the Committee on Finance is hereby authorized to borrow on the credit of the city a sum not to exceed fifty thousand dollars (\$50,000) for current expenses in anticipation of taxes for the year 1916, upon such terms and for such amounts as the committee shall determine.

Passed February 14, 1916.

---

RESOLUTION RELATING TO THE TRANSFER OF CERTAIN CEMETERY TRUST  
FUNDS.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

The mayor and city treasurer are hereby authorized and empowered to give the note of the city for the amount of certain cemetery trust funds now in the general account, in accordance with the provisions of Chapter 162 of the New Hampshire Session Laws of 1915.

Passed February 14, 1916.

---

RESOLUTION REPEALING A RESOLUTION RELATING TO A TEMPORARY  
LOAN.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

That the resolution passed February 14, 1916, authorizing the Committee on Finance to borrow a sum not to exceed fifty thousand dollars (\$50,000) for current expenses in anticipation of taxes for the year 1916 be, and the same is, hereby repealed.

Passed March 2, 1916.

---

RESOLUTION IN RELATION TO TEMPORARY LOAN NOT EXCEEDING FIFTY  
THOUSAND DOLLARS (\$50,000).

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

That the Committee on Finance is hereby authorized to borrow on the credit of the city a sum not to exceed fifty thousand dollars for ex-

penses in anticipation of taxes for the municipal year 1916 upon such terms and for such amounts as the committee shall determine, said loan to be payable from the taxes of the said municipal year.

Passed March 2, 1916.

---

RESOLUTION AUTHORIZING RE-VOKING PAWN BROKER'S LICENSE ISSUED  
TO JULIUS SILVERMAN.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

That the pawn broker's license issued Julius Silverman in February 1916, is hereby revoked and the city clerk be hereby authorized to refund to said Julius Silverman the amount of the fee, viz., twenty-five dollars (\$25).

Passed March 13, 1916.

---

RESOLUTION AUTHORIZING THE TRANSFER OF FUNDS OF THE WEST CONCORD SEWERAGE PRECINCT.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

That the city treasurer be, and hereby is, authorized to transfer the sum of five hundred dollars (\$500) from the West Concord Sewerage Precinct sinking fund account to the city treasurer, said fund to constitute the sum to be raised for the payment of the amount due on bonds for the year 1916.

Passed March 13, 1916.

---

RESOLUTION AUTHORIZING THE TRANSFER OF FUNDS OF THE PENACOOK SEWERAGE PRECINCT.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

That the city treasurer be, and hereby is, authorized to transfer the sum of five hundred dollars (\$500) from the Penacook Sewerage Precinct sinking fund account to the city treasury, said fund to constitute the sum to be raised for the payment of the amount due on a bond payable October 1, 1916.

Passed March 13, 1916.

---

RESOLUTION RELATIVE TO THE EXEMPTION FROM TAXATION OF CERTAIN PROPERTIES OF ST. PAUL'S SCHOOL IN CONCORD, UNDER THE PROVISIONS OF CHAPTER 115, LAWS OF 1913, BEING AN ACT TO EXEMPT PROPERTY OF EDUCATIONAL, CHARITABLE AND RELIGIOUS INSTITUTIONS AND OF TEMPERANCE SOCIETIES FROM TAXATION.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

SECTION 1. That the taxable items in the funds held by St. Paul's School for educational, charitable and religious purposes to an amount

in value not exceeding \$1,000,000,—and the following items of real estate, to wit, the School, the Old Boiler House, Cricket House, Tool House, Middle School, Old Infirmary, Chapel, Squash Racket Court, Annex, School House, Old Chapel, Gymnasium, Skate House, Lower School, Manual Training Building, Heating Plant, Library Building, Laboratory, Stone Dormitory, Upper School, Cemetery, New Infirmary, and Lower School Study Building, and the land upon which they are located, as shown on a plan of Lands and Buildings of St. Paul's School on file in the office of Board of Assessors of said Concord, of the value of \$500,000; be and the same hereby are exempted from taxation under the provisions of Chapter 115, Laws of 1913, making the amount of the exemption, as valued herein, over and above the \$150,000 exemption provided in said act, the sum of \$1,350,000.

SECT. 2. The resolution relative to the exemption from taxation of certain properties of St. Paul's School in Concord, passed March 27, 1914, is hereby repealed, and this resolution shall take effect upon its passage.

Passed March 13, 1916.

---

RESOLUTION EXEMPTING FROM TAXATION FOR A PERIOD OF TEN YEARS  
CERTAIN NEW CAPITAL OF THE RUMFORD PRINTING COMPANY.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

That the Rumford Printing Company is hereby exempted from taxation for a period of ten years from the date of the passage of this resolution upon new capital invested in an extension of its business to be carried on in the Prescott Piano Factory Building, so called, located on North Main Street.

SECT. 2. There shall be raised in like manner the sum of forty-five thousand five hundred seventeen and 50-100 dollars (\$45,517.50) for the support of schools for the ensuing financial year, which, together with the income of the Abial Walker fund, shall be appropriated and divided among the several school districts according to the valuation thereof.

SECT. 3. In addition to the foregoing there is appropriated for the cemeteries of the city one half of the income from the sale of lots and grading, which sum shall be deposited by the superintendent, or others receiving them, in the city treasury. The care of lots for which the city holds trust funds shall be paid from the money appropriated for the care of cemeteries and so much of the income of these trust funds as may be thus expended shall be deposited in the city treasury at the close of the year and the remainder in each instance credited to the individual fund.

SECT. 4. In addition to the foregoing there is appropriated for the use of the public library in the purchase of books the amount collected for fines.

SECT. 5. This resolution shall take effect upon its passage.

Passed March 29, 1916.

RESOLUTION FIXING AND DETERMINING THE AMOUNT OF MONEY TO BE  
RAISED ON THE TAXABLE PROPERTY AND INHABITANTS WITHIN THE  
LIMITS OF THE SEWERAGE PRECINCT FOR THE ENSUING FINANCIAL  
YEAR.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

SECTION 1. There shall be raised, and there is hereby ordered to be raised, on the polls and ratable estates within the Sewerage Precinct of said city the sum of ten thousand seven hundred fifty dollars (\$10,750) to defray the necessary expenses and charges of said precinct for the ensuing financial year, which shall be appropriated as follows:

For repairs and construction . . . . .	\$8,000
For interest on bonds . . . . .	2,750

SECT. 2. This resolution shall take effect upon its passage.

Passed March 29, 1916.

RESOLUTION FIXING AND DETERMINING THE AMOUNT OF MONEY TO BE RAISED ON THE TAXABLE PROPERTY AND INHABITANTS WITHIN THE LIMITS OF THE PENACOOK SEWERAGE PRECINCT FOR THE ENSUING FINANCIAL YEAR.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

SECTION 1. There shall be raised, and there is hereby ordered to be raised, on the polls and ratable estates within the Penacook Sewerage Precinct the sum of eight hundred twenty-five dollars (\$825) to defray the necessary expenses and charges of said precinct for the ensuing financial year, which shall be appropriated as follows:

For repairs .....	\$200
For the payment of bond due July 1, 1916.....	500
For the payment of interest that may become due on precinct bonds.....	125

SECT. 2. This resolution shall take effect upon its passage.

Passed March 29, 1916.

---

RESOLUTION RELATIVE TO THE DISCONTINUANCE OF A PORTION OF THE  
DUNBARTON ROAD IN MILLVILLE.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

That a certain portion of the Dunbarton Road, so called, at Millville, in said Concord, described as follows:

"Beginning at a point in the intersection of the center line of Dunbarton Road with the southerly side line of Hopkinton Road; thence southwesterly along said center line of Dunbarton Road 1083 feet, more or less, to the intersection of said center line of Dunbarton Road with the center line of the private way southerly past the Sheldon Library, from the point marked "C" to the point marked "D" on the plan annexed hereto."

be, and the same is hereby discontinued, so far as the power of the said Board of Aldermen of said City of Concord extends, upon condition that St. Paul's School, the petitioner for said discontinuance, shall, at its own cost and expense, and before said discontinuance shall finally become effective, construct a new highway, subject to the approval of and the acceptance by the Board of Public Works of said Concord, from the point marked "A" to the point marked "B" on the plan annexed hereto; and that a petition for said discontinuance, upon the aforesaid conditions, be made forthwith to the Superior Court for Merrimack County, for the consent of the court thereto, said proceedings to be at the cost and expense of St. Paul's School; and the mayor of said City of Concord is hereby authorized to sign such petition in the name of said city upon receiving reasonable indemnity against said cost and expense, and an agreement satisfactory to the mayor of said city by St. Paul's School, providing that the city shall at all times have the right to enter the road so discontinued for the purpose of laying, relaying or repairing city water pipes therein.

Passed November 13, 1916.

---

RESOLUTION RELATIVE TO THE DISCONTINUANCE OF A PORTION OF THE  
DUNBARTON ROAD IN MILLVILLE.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

That a certain portion of the Dunbarton Road, so called, at Millville, in said Concord, described as follows:

"Beginning at a point in the intersection of the center line of Dun-

barton Road with the center line of the private way southerly past the Sheldon Library; thence southwesterly along said center line of Dunbarton Road 1473 feet, more or less, to the intersection of said center line of Dunbarton Road with the easterly side line of the highway leading from the Dunbarton Road to the Hopkinton Road, from a point marked "D" to a point marked "E" on the plan annexed hereto."

be, and the same is hereby discontinued, upon condition that St. Paul's School, the petitioner for said discontinuance, shall, at its own cost and expense, and before said discontinuance shall finally become effective, construct a new highway, subject to the approval of and the acceptance by the Board of Public Works of said Concord, from the point marked "A" to the point marked "B" on the plan annexed hereto,—and upon further condition that an agreement be executed by St. Paul's School, providing that the city shall at all times have the right to enter the road so discontinued for the purpose of laying, relaying or repairing city water pipes therein.

Passed November 13, 1916.

---

RESOLUTION RELATIVE TO THE LAYING OUT OF A HIGHWAY OVER LAND  
OF ST. PAUL'S SCHOOL IN MILLVILLE.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

That a public highway be, and the same is hereby laid out and established in Millville, in said Concord, over land of St. Paul's School and the Orphans' Home at Concord, said highway being described as follows:

"Beginning at a point in the center line of Pleasant Street 380.5 feet easterly of a point 30 feet from and at right angles to a stone bound in the southerly side line of Pleasant Street northerly from the Alumni House of said St. Paul's School; thence southwesterly, curving to the left with a radius of 118.31 feet, 83 feet to said southerly side-line of Pleasant Street at a point 301.7 feet easterly along said side-line from said first mentioned stone bound; thence following the same curve 32 feet to a point; thence south 17° 0' west 296.5 feet to a point; thence southwesterly, curving to the left, with a radius of 2864.93 feet, 340 feet to a point; thence south 10° 12' west 200.0 feet to a point; thence southerly and westerly curving to the right with a radius of 1146.28 feet, 1158.6 feet to a point; thence south 68° 08' west 506.5 feet to a point; thence westerly, curving to the right with a radius of 2864.93 feet, 300.0 feet to a point; thence south 74° 08' west 113.2 feet to a point; thence westerly, curving to the right with a radius of 1910.08 feet, 342.2 feet to a point; thence south 84° 24' west 152.8 feet to a point; thence westerly, curving to the left with a radius of 1432.69

feet, 375.0 feet to a point; thence south  $69^{\circ} 24'$  west 267.5 feet to a point; thence westerly, curving to the right with a radius of 1910.08 feet, 191.7 feet to a point; thence south  $75^{\circ} 09'$  west 561.0 feet to a point in the intersection of the center line of said proposed highway with the present Dunbarton Road, said description being of the center line of said proposed road, which shall be 60 feet in width,—said highway extending from the point marked "A" to the point marked "B," on the plan annexed hereto."

That said highway shall be constructed by St. Paul's School without cost or expense to said City of Concord, including all necessary bridges, culverts, rails, and walks, and said highway shall be built, in all respects, subject to the approval and acceptance of the Board of Public Works of said City of Concord.

Passed November 13, 1916.

---

## MAYORS OF CITY OF CONCORD.

The original charter of the city was adopted by the inhabitants March 10, 1853, and until 1880 the Mayor was elected annually. Since 1880 the Mayor has been elected for two years at each biennial election in November. Under the City Charter, adopted May 11, 1909, the Mayor was elected in December, 1910, for one year, and biennially thereafter in November, beginning in the year 1911.

## REPORT OF THE BOARD OF EDUCATION.

---

*To the Citizens of Union School District:*

The past year of our school life has been comparatively uneventful. And yet, as always, there have been such changes and innovations as accompany and mark a healthy growth.

The ungraded school for pupils who for one reason or another are retarded in their school work has increased both in attendance and in usefulness. The dental clinic, conducted through the public-spirited generosity of the dental profession, is doing a most useful work, and, to use a trite but expressive phrase, is filling a long-felt want,—a want the full extent of which was not appreciated until the means for meeting it were supplied.

Within five or six years all the salaries of the teachers in the district have been substantially increased. And yet the recent marked increase in the general cost of living has made it apparent that the salaries as at present fixed are in many if not in all cases inadequate. It must be certain that if they were right when established, they are not right now. To raise the greater part of the salaries fifty dollars a year, according to a schedule prepared by a committee of the board, would involve an additional annual expense of about five thousand dollars. To raise them all on the basis proposed by the teachers' association would cost about fourteen thousand dollars annually. The question will be submitted to the voters at the annual district meeting, that they may pass upon it intelligently and themselves assume the responsibility for whatever increase is made.

A thorough inspection of all our school buildings has disclosed the fact that a number of the older buildings fall far

short of the legal requirements in regard to lighting. The law upon this point is explicit, and demands action on our part. Appropriations will be requested sufficient to meet the expense of the requisite reconstruction.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS.

---

*To the Board of Education of Union School District:*

In compliance with the rules of your honorable body, I am offering my thirty-second annual report upon the condition of the schools under your charge, it being the fifty-first of its series.

National concern has been more particularly directed toward questions of war, peace, and commerce than anything else. However, educational endeavor has not been relaxed nor means neglected to bring it forcibly to public notice. The junior high school has come to stay and is fast growing in public favor. Vocational education is slowly assuming its proper significance and will eventually prove its right to recognition as a strong element in our educational scheme. Military drill, or physical drill which accomplishes practically the same thing, has its many strong advocates. I hope some measures will be taken to give it a place in our schools if for no other reason than for its good effect physically upon the student body.

Never as before the national government is looking after the naturalization and education of its foreign-born population, seeking to coöperate with local boards of education in the matter of making the night schools of longer duration, more attractive and more efficient. I also call your attention to the movement inaugurated by the General Education Board in connection with the Teachers' College of Columbia University. This movement contemplates a scheme of education radically different from that now generally in use. It is based almost wholly upon ideas promulgated in the last few years which break away from the traditional formal discipline and the so-called cultural studies and deals largely with science and modern languages

as basal elements. The working out of this scheme will be awaited with great concern by all interested in modern progressive ideas.

The State Department still continues its effective efforts to raise the standing of public education in New Hampshire. Secondary school standards particularly are being most carefully looked after and it is time they should be. All movements in any sphere of work aimed at improvement which interferes with traditional methods provoke much acrimonious discussion but such severities almost always come from sources where reform is sadly needed.

The schools of Union School District, generally speaking, are on a higher plane than ever before. They are not perfect, never ought to be, and never will be, but they can be kept at a high standard of excellence if we all bend our energies toward making their condition better each successive year.

#### ATTENDANCE.

The number of pupils in the schools has decreased during the past two years. This is most noticeable in the lowest grades and is largely due to the removal from the city of many who were formerly employed in the railroad shops. From appearances this exodus has about reached its height so that normal gains may be looked for in the succeeding years. One room was discontinued in the Walker School, made possible by closer grading. One room was also given up in the Harriet P. Dame School owing to a decrease in the attendance in the higher grades; however, the increasing enrollment in the lower grades will soon call for its use again.

I think the large attendance in all the high schools is not taken seriously enough by anybody except those immediately concerned. The senior high school with an enrollment of 491 is badly embarrassed for lack of room. The Parker School has 230 pupils, the building being originally intended for 180. The Chandler School with 133 pupils is handicapped badly with but four rooms for use and no

assembly hall. Whether a decreased enrollment in the lower grades will eventually cause a corresponding decrease in the number of high school pupils is a matter of conjecture. The efforts of the attendance officer and the school nurse have been invaluable in maintaining a good average membership. I ask your careful reading of their reports. An unusual number of labor certificates have been issued from the office of the superintendent many of which were taken out by pupils who wish to work Saturdays and after school hours but still remain enrolled as pupils.

#### THE WORK OF THE SCHOOLS.

The special reports cover so much of the detailed work that this report must deal with results viewed from the broader standpoint. The work of any grade can be judged only by a well-defined knowledge of what is good as well as what is bad and in daily visits I try to leave written records of my views respecting both. The high schools of this district are now known as junior high and senior high. This division has been maintained for the past six years with success as is shown by growing efficiency both in scholarship and in discipline. For the most effective working condition these schools must be mutually dependent. This requires that the work be so arranged as to cause a minimum of friction when transition from one school to another is made; that there be a frequent interchange of ideas among the instructors; that there be as much similarity in methods of work as the different conditions and the varying ages of the pupils will admit and that the textbooks used should be sequent in topical content and free from useless repetition. Many of these things we have accomplished to a reasonable extent. Others for obvious reasons have not been advanced as far as they should be.

The conduct of affairs in the senior high school has been creditable to a good degree. This may be seen in the renewed energy of the teaching corps, in a discipline somewhat better maintained and also in positive results from the studies. A weakness in the English course has been partly

obviated by additional effort in the teaching corps but the best results can come only when a logically sequent course has been adopted to supplant the poorly arranged line of work of former years. Such a scheme is now in force in the junior high schools. The best interests of the study demand that the same or similar ideas progressing in logical order be carried on for the two next succeeding years. When this has been accomplished, steady progress will begin to show itself. The course in mathematics is exceptionally strong, having a continuous succession of method throughout the first three years and a comprehensive review during the last year of the course. The excellent results are due to the strong foundation work done in the elementary and the junior high schools and to the admirable finish in the senior high. The corps of mathematics teachers throughout the junior and the senior high schools is one of unusual merit.

Too much care cannot be used in choosing instructors whom we can retain by reason of their conspicuous ability. A continuance of incompetency in the teaching corps makes first-class work impossible.

The junior high schools, stepping-stones to success in the senior high school, have been ably maintained. The line of work and the methods of carrying it out which have prevailed here for the past few years prove to be exceptionally strong. A class in Latin taught by the direct method under Miss Donovan in the Chandler School was novel and forceful but not well-suited to the method which necessarily followed. It is doubtful if any other teacher in the city could have done this as well as Miss Donovan. It was discontinued because none of the succeeding teachers had been instructed in this particular method.

The course in French, beginning in Class O, is now supervised by Miss Averill of the senior high school. The classes in the Parker School taught by Miss Nettleton follow a conversational course to an extent. This work has been the subject of much favorable comment by noted educators. The classes are large and very much interested.

Miller's English Composition was introduced into

Classes M, N, O, and P and seems to be doing excellent work. This series should be continued without interruption through the two lower classes of the senior high school, to make the logical sequence of the work complete. Results in all other branches have been satisfactory in the main.

The elementary schools have reached a stable working basis and the plan pursued is successful. Whatever exception may be taken to this almost invariably is traceable to failures of pupils whose home life is marked by a lack of proper parental control. Penmanship is improving, the primary requirements having been changed. Gain is manifested in every succeeding grade. The language books now in use are thought to be not well-suited for our present needs and they should be replaced by a more modern series. I call your attention to improvement in spelling, in geography and to the general excellence of the reading. The importance of strong work in these grades is too often lost sight of by parents and even by teachers of the higher grades where the accomplishments in school work are more frequently made manifest to the public. We are particularly fortunate in having a teaching force recruited always from trained teachers and also assisted by the senior students of the training school.

The attendance in the kindergartens has fallen off materially this year on account of the infantile paralysis scare of last fall the effects of which are still with us, and also to vicious outside influences calculated to impair the efficiency of this work. The general growth of the kindergarten movement is shown by the fact that 570 new ones were started in the United States last year. In this city ten per cent. more kindergarten children are promoted in the first primary grade than those who have never attended kindergartens. This failure to be promoted represents an economic waste which might be obviated if all children up to six years of age were required to attend these schools.

The special subjects of manual training, cooking, sewing, music, drawing and military drill have experienced a year of prosperity in nearly every instance. The special features

in manual training and sewing are the unusual number of projects which have been consummated.

Cooking has been done on lines similar to those of previous years with the exception of analytic cooking in the senior domestic arts class. This has been carried beyond the requirements approved by the State Department, which has always condemned the subservience of such work to luncheons. This will be better adjusted in the interests of the pupils of this course which is one of the best in the schools.

The Dewey training school still continues to perform its functions in a highly creditable manner. Next June the largest class in its history will be graduated and the state will be greatly benefited by the addition of some fine teachers to its educational force. Thirteen teachers from the senior class have rendered valuable assistance in nearly all of the buildings having elementary grades.

#### SPECIAL SCHOOL FOR BACKWARD CHILDREN.

This school was started as an experiment, March 27, 1916, in one of the unused rooms of the Walker School. Miss Ada B. Martin, one of the regular teaching corps, was placed in charge of it. Miss Martin is very much interested in this kind of work, having received special training for it to some extent.

At the beginning the school was small because attendance was limited to pupils in the Walker building, but after one term's experience, things began to shape themselves so that, with transportation furnished free, pupils from different parts of the city were enabled to attend. The enrollment increased to such an extent that it was thought best to have an assistant and to conduct the school on the one-session plan. At present the school is in a fairly flourishing condition having a maximum enrollment of 22 pupils. There can be but little question about the good that this school is doing and we hope its sphere of usefulness may be enlarged in the future.

At the noon hour a lunch is prepared and served, to those

who wish it, consisting of hot cocoa and hot soup. In addition the children as a usual thing bring a good lunch which consists of the following, varied according to the individual homes: sandwiches, cold meat, cake, pie, cookies and fruit. Many bring glass jars of cooked fruit, preserves, boiled rice, etc. Some bring only a small lunch as they have a hot dinner when they reach home. Sometimes pupils bring potatoes and apples which are converted into mashed potato and apple sauce, respectively, at the school. Hand-work of good quality is being done daily in addition to regular studies, the character of which may be learned from the following enumeration:

The girls have embroidered, crocheted, and have done wood-work.

The boys have made wooden toys and small baskets. Besides these may be found the following: Embroidered collars, doilies, aprons, mats, stenciled table covers, sofa pillows, small raffia baskets, pen-wipers, needlebooks, picture-frames, crocheted woolen scarfs, toques, holders, face-cloth, reins, lace, all kinds of wooden toys, match-scratchers, calendars, etc.

One girl has made four beautiful shawls. Four chairs have been caned. One boy has done some good charcoal landscapes. A display of this feature of our public school work will be made at the end of the spring term.

#### HYGIENIC DRILL.

Various happenings in the past few years have served notice on our civilization that not enough attention is being paid to the physical development of school children. They are said to have neither the erect carriage, the capacity for breathing, nor opportunities for taking regular systematic exercise which means so much to their general health.

The requirements of modern education ask so much of the regular grade teacher that she does not have the nervous strength to prepare herself for this work and much less to carry it out as it should be.

Physical degeneration among pupils manifests itself

not only in physical decline but in moral debasement as well. Either one is of sufficient gravity to ask of us our best efforts to adopt some means for counteracting it. The most effective way would be to employ somebody, who has had special preparation for this work, to develop and apply systematic drill from the lowest to the highest grade. The disposition of the citizens a few years ago to furnish an athletic field for the schools ought to be interpreted as a disposition to furnish children better facilities for improving their health.

Recent tests made at the Parker School prove beyond a doubt that standard physical development is rare among school children and I am influenced by such conditions to ask the Board of Education to consider this matter.

#### FREE DENTAL CLINIC.

In the past year a proposition was made by the dentists of the city to equip a room for giving free dental work to public school children if the Board of Education would set apart such a room for the purpose. This request was granted and the teachers' room on the first floor of the Walker school building was devoted to the work. Costly apparatus of the most approved pattern was installed and the first clinic held on Saturday, November 18, 1916, at two o'clock in the afternoon. Doctor Young and Doctor Albee were the officiating dentists and fifteen children received full or partial treatment. A regular helper was furnished for this work by the Board of Education. The treatment is given only to the children whose parents are unable to furnish them such privilege but not to any child over fifteen years of age. These clinics are held on Saturday afternoons and a fee of five cents is charged each individual to help defray the cost of supplies. The treatment consists of examination, extraction (with parents' approval), cleaning, plastic filling, and root canal treatment of the six anterior teeth when necessary. The benefit derived from this feature of our educational system may not be estimated easily but it certainly adds much to the hygienic

efficiency with which our schools are conducted. Too much credit cannot be given to the dentists for their enterprise and generosity in providing such help, to the Charity Organization, to the Concord Electric Co., the Concord Light & Power Co., M. E. Clifford & Co., Lee Brothers Co., and to Miss Murphy, the school nurse, who has put in much extra time to make it such a pronounced success.

The following work had been done up to Saturday, February 26: Examinations, 77; cleaning, 63; extractions, 134; fillings (cement 43, silver 40, gutta-percha 2, copper-cement 2), 87.

The dentists who are giving their services are Drs. E. H. Albee, W. A. Young, F. H. Rowe, J. H. Worthen, C. R. Morton, E. W. Rowe, C. J. Washburn, L. I. Moulton, G. E. Rowell, H. H. Ring, H. C. Plaisted, L. C. Plaisted, E. S. Cummings, E. A. Rowe, F. C. Rowe, O. F. Mackey.

#### NIGHT SCHOOL.

The night school of this year began Nov. 13, 1916, and closed March 1, 1917. This made one of the longest terms we have ever had for the school. The sessions were held in the High School and although the enrollment in the room devoted to the instruction of the foreign-born population was only half as large as usual yet the people kept up a fairly good attendance to the end and made commendable progress.

The innovation of maintaining classes in cooking and in mechanical drawing met with much favor and the attendance was well sustained. The mechanical drawing was conducted by Mr. Taylor of the Morrill School two nights a week and cooking by Miss Davis one night a week. The results from these two schools were good, much beyond the ordinary. If the expense can be justified, such work ought to be expanded and perfected in the future. I believe the school for the foreign element should be located nearer Main Street so that a much larger attendance could be secured.

#### ACCREDITED MUSIC IN THE SCHOOLS.

After having gone through the entire list of cultural studies and established the claims of the other perhaps less

deserving subjects, why, may I ask, is the study of music not given its proper place in the curriculum as an accredited subject? In this country last year \$600,000,000 were expended along musical lines. What a tremendous influence upon the life of the people. In many cities the study of music is given proper credit for graduation from high schools. Classes in instrumental instruction are maintained on large scales. Surely music has as good claims for recognition as those other studies I have frequently mentioned. It has a distinct history rich in lore, culture, and interest and its faithful study combines all elements that go to make up an ideal mental discipline—application, perception, judgment, criticism, esthetic culture, rhythm, mathematics, harmony, truth and it appeals to the emotions as nothing else can. Why then should a live boy or girl in our secondary schools be compelled to make the futile attempt to master geometry, Latin, algebra or Greek and labor day after day in a vain struggle to satisfy tradition when the same amount of energy spent upon lines for which he is naturally fitted would give to the world much of which it would be proud. The frequency with which we find artists of transcendent ability, who have not been able to master elementary public school education, having a world reputation in their respective professions, leads us to believe that the public school has not yet opened up all avenues to cultural education. Such people may not be called educated in terms of the school yet no one can fail to recognize their masterly contributions to the world nor deny the cultural effects of their art.

#### THE MODERN SCHOOL.

Much unnecessary and, to a great extent, useless debate has been going on in the past few years about the relative value of the old and the new ideas of education. If the energy used in these oftentimes heated discussions had been applied to problems of improving the common life of our people, to psychological truths and their application to prevailing home conditions, the world would be much better off. Tradition still clings to the hazy, the remote,

the atmosphere of bygone ages as the one avenue to the greatest culture. The obscurity of time always lends a certain charm, even though modern works are advanced in many ways over the products of ancient times.

There are those who seem to think we are living in a past age and that nothing new can have any comparable cultural value. Others look too far into the future and fail to weigh carefully enough the fundamental principles which past experience has established. To know fully the failure of the classical courses as applied formerly in public school work one has only to recall the large number of scholars who used to leave school at the end of the elementary course or between that time and graduation from the high school and, comparing it with the improved conditions now, conclude that such courses failed miserably to educate the masses. Many of the old ideas will remain, ought to remain and must remain to satisfy the needs of that considerable part of our people who can adopt them with profit; but the time has gone when they can dominate the general scheme of public education. The new order of things compels the progressive educator to evolve schemes which shall reduce illiteracy and bring the average life to a higher plane of existence; who shall express concern for the welfare and uplift of the vast majority whom God has decreed shall furnish the moving power of our democratic form of government, and whose daily life and patriotic spirit shall, through its high character, determine our national unity. Culture is not the slave of class or subjects but finds its way through individual interest. The boy who has mastered Greek, Latin, history, or the making of an engine has become cultured in proportion to the amount of interest and enthusiasm it has aroused in him and we may even discover more culture in the student of mechanic arts who has applied himself faithfully to his work than in the classical student who has been content to live in the disinterested and unoccupied part of his class. Culture bows to the enthusiasm which begets patient careful study in any line of work and if one's occupation in no wise arouses any such response, it

cannot, in that case, be called cultural. Since our high schools have been devoted to the needs of the public at large, a great change has been brought about. Just as many are pursuing the higher education, perhaps more than ever before, and outside of these more are becoming cultured, hundreds remaining in school who otherwise would long ago have joined the vast army of unskilled workers, never having received that additional school experience which they are now enjoying. One hundred girls in the domestic arts course are one hundred testimonials to the foresight of modern educators, and to the efficiency of modern ideas. The same can be said of boys in the mechanic arts courses and of pupils in the business course.

Apart from all controversies the true test of our school system is the power it gives the youth to assume and meet successfully great responsibilities. Everything now points to vital changes all over the world. The children of this generation must face great crises and they must be prepared to solve problems of war, peace, and economics, with which this generation has never been confronted. Education must perform its part by sinking all wranglings, differences, and petty disputes in one great common effort to give our children the proper mental, physical, and moral fibre to meet all contingencies with a fearless spirit and to be prepared, in its broadest sense, to defend their lives, their inheritance, and national honor. Never before has such an opportunity come to us to teach mankind how to live the proper life. It must be done not by bowing submissively to tradition but by extending wholesome educational privileges to all the people through varied lines of activity.

I appreciate the assistance I have received from all who are associated with me in the building up of the school system in this district and extend to them my cordial thanks.

Respectfully submitted,

L. J. RUNDLETT,  
*Superintendent.*

## REPORT OF THE MASTER OF THE HIGH SCHOOL.

---

*Supt. L. J. Rundlett, Concord, N. H.*

DEAR SIR: I hereby submit the annual report of the Senior High School.

### *Attendance.*

The total registration during the first semester was 479. Of this number but eight were postgraduates. The present enrollment is 491 of whom ten are postgraduates.

### *Graduation.*

The class graduating in June, 1916 numbered seventy-two. The class which graduated in January, 1916 was twenty-seven in number. This makes a total of ninety-nine for the entire year which is in excess of any previous record. The class of January, 1917 was fifty-one in size.

### *Library.*

The most important change in the School has been the appointment of a Librarian, made at the beginning of the second semester last year. Our books are now catalogued and arranged according to the most approved system. The library, though small, is good in quality and its resources are now fully at the command of the school. In addition to her regular work the Librarian has given to each division in English a series of talks on the use of books, card catalogues and methods in reference work. These have been followed with definite work assigned to each pupil which has required putting into actual practice the information which has been given. Reference work assigned to pupils by other teachers in the school has been done under the direction of the Librarian. A reference catalogue has been started which promises to be of aid to future classes. There

have been added to the library 142 books from St. Paul's School and eleven sets of current magazines given by different people. These have all been obtained by the Librarian. I feel that this department of the school has been of more definite aid during the past year than it ever has been before and that its value will increase as it is maintained in the future.

### *Cooking.*

At the beginning of the first semester it was found possible to place the Domestic Arts seniors in cooking in the periods immediately preceding the noon recess. The plan was then adopted of having the articles cooked sold to the teachers for lunch. This has been of decided advantage. It has given the teachers who have to remain in the building a good lunch. It has allowed the cooking of the class to be of a quantity and a variety which has given more practical experience than would otherwise have been possible.

It has proved an incentive to the class since their work was daily tested as all cooking is tested. The income from the lunches up to and including February 21, 1917, has been \$179.41 and the expenditures for material for the same period have been \$175.95. This means that the work of this class has been carried on without expense to the school so far as materials used are concerned, an item of no small importance in these times of high prices.

### *Work of the School.*

In general the work of the school compares well with the work of previous years. In some respects, however, the conditions are not as favorable for good work as they should be. We have been obliged in carrying out the program to make larger divisions than should be done for the best work. During the first semester we had fifteen divisions which had thirty or more students. Four of these were forty or more and fourteen divisions had from twenty-four to thirty-nine. During the present semester we have

thirteen which are thirty or more in number, and seventeen which range between twenty-five and twenty-nine. Two divisions are over forty in size. There would be more in this list but for the fact that two teachers are teaching six periods daily. It is impossible in divisions as large as these to give to individual pupils the attention they should have, and for a teacher to do either herself or her class justice. Neither can a teacher give the full time of six periods to class work and maintain that vigor and freshness which the work needs. The reason for this condition is found in the gradually increasing number of students and possibly to a slightly increased number of recitations due to half-year classes. The remedy is additional teachers. This would mean that we must use the Assembly Hall probably for some recitations, as our rooms are in full use now. This can be done by using tablet arm-chairs and movable black-boards, and would be preferable to the present large divisions.

In one other respect there is need of further aid. I refer to the clerk in the Principal's office. This position was expected to be one in which some assistance would be given in typewriting as well as to do clerical work. During the present year practically the entire time has been demanded in teaching. For office work I have had to depend on intermittent help from postgraduates and seniors. Some records and reports I have been able to turn over to the Librarian, but a great deal has had to be done by myself or left undone. The result is that I have been unable to write to parents, follow up students' work, and keep the general records of books, cards, etc. as thoroughly as this should be done. There is need of a clerk who can be constantly on duty and to whom can be turned over the details of this work. This would relieve me and give me greater freedom for administrative and supervisory work which, I think, is the most important part of my duties.

Respectfully submitted,

C. F. Cook,  
*Headmaster.*

## REPORT OF SUPERVISOR OF DRAWING.

---

*Louis J. Rundlett, Superintendent of Union School District,  
Concord, N. H.*

At the time of the closing of school in June two exhibitions of drawing were held, one of freehand drawing at the Parker School and at the High School examples of the work of the classes in the Domestic Arts Course were shown as a part of the demonstration of the course marking the graduation of its first class. Since the course was started it has been found advisable to omit the History of Art which required so much time to be given, even in condensed form, that the Art Course did not receive sufficient attention. This has made necessary the revision of the course which includes theory of color, design, lettering, dress-design, interior decoration, and freehand and mechanical drawing. The teaching of Classes O and P at the Parker School has been somewhat difficult as it has been necessary to give them three periods of drawing in succession in one corner of the Assembly Hall with other classes frequently entering and leaving the hall. At the beginning of the present semester it was found possible to make an arrangement by which Room 4 can be used for these classes two periods on three days and each class has one period, only, at a time. Some kind of furniture suitable for the work is needed for this room if this arrangement is to be permanent. The lack of room at both High and Parker schools makes a difficult program for the supervisor who teaches one hour per week more than the actual time which schools keep. The present program seems, however, the most satisfactory one for the pupils that has been arranged.

The exhibition of Drawing at the Parker School was considered one of the best ever shown there. The drawings of Classes A to H have been excellent for several years but

this year the fifth-year drawings showed marked improvement. The lettering done by all the classes was excellent. Miss Jones takes charge of the drawing of Classes A to L with a conscientious care that brings this department fine results. A few drawings by High School pupils who take Drawing as an elective study were also shown in this exhibition. Most of their work is done in classes outside of regular school time and there are several who show skill as well as interest.

At the beginning of the year the pupils of the training-classes made frames in their manual training work which they covered with slated blackboard cloth. This provides sufficient space for frequent blackboard drills for the purpose of helping them to draw with confidence before a class.

Respectfully submitted,

FAITH C. STALKER,  
*Supervisor of Drawing.*

## REPORT OF THE DIRECTOR OF SEWING.

---

*Mr. L. J. Rundlett, Superintendent of the Schools of Union School District, Concord, N. H.*

DEAR SIR: The following is a report of the work accomplished in the sewing department of the Union School District for the year ending March, 1917.

The suggestion in my last sewing report for more "charity" sewing and project work has been accomplished. Class M is working almost wholly on clothes for poor children, such as dresses, underwear and boy's waists.

I think the girls enjoy this work better, and it certainly encourages a helpful spirit and gives an opportunity for more practical sewing.

I see no reason why this work cannot increase and become a prominent feature in the sewing work. To show the range of our work we will mention a few of the projects undertaken as:

- Victrola cover for Walker School.
- 4 dozen towels for High School.
- 4 dozen aprons for dental room.
- 5 type case covers for Morrill School.
- 1 dozen napkins for cooking room.
- 5 Flag covers.

Our charity work includes:

- 6 children's dresses.
- 35 petticoats.
- 1 pillow slip.
- 3 corset covers.
- 3 pairs drawers.
- 4 boy's waists.

Work completed by the girls for themselves from June, 1915, to June, 1916, includes:

- 14 dresses.
- 22 skirts.
- 22 waists.
- 21 middie blouses.
- 6 kimonos.
- 5 cooking aprons.
- 64 pieces underwear.
- 48 pillow slips.
- 6 napkins.
- 3 towels.
- 75 sewing aprons.
- 44 hats trimmed.

and 214 unfinished articles. The number of pieces of unfinished work is due to the change of classes as a girl often begins a new piece of work a lesson or so before she changes her grade. We have encouraged this work as it makes the connection between school and home work closer.

Respectfully submitted,

LOUISE C. HOWE.

## REPORT OF COOKING TEACHER.

---

*Mr. L. J. Rundlett, Superintendent of Schools:*

DEAR SIR: The girls seemed to be very enthusiastic about the cooking. This fall they had an excellent opportunity for work on a larger scale in canning and preserving through the kindness of several members of the school board and others interested. Tomatoes were used in various ways, piccalilli, sweet tomato pickle, and canned; blueberries, peaches, pears, damson plums, crabapples were canned; grape, crabapple, and plum jelly, carrot marmalade, grape fruit and orange marmalade, grape conserve, cranberry conserve, sweet pickled pears and ginger pears were made. Most of these were sold, partially defraying the expense. We hope that next fall others may be interested to allow the girls to do their canning and preserving for them.

The senior class has had a splendid opportunity for making out menus, which they put into actual use for the teachers' luncheons. They do part of the purchasing, make out the actual costs of the recipes, do the serving and planning of the meals, which are served cafeteria style, enough being charged to cover the cost of all the materials. This gives a chance for the coöperation of the teachers and pupils, thus benefiting both parties. The fireless cooker, which has just been added to the equipment, has been proved most successful thus allowing cheaper cuts of meat to be cooked, which otherwise could not be used owing to lack of class time. Economy of fuel is also illustrated. On November first the senior class had a practical lesson in preparing and serving a dinner to the members of the school board.

The upper classes visited the meat market where sides of beef and lamb were cut up and a further study was made of

the uses and prices of the different cuts. A very instructive tour of inspection was made of Durgin's Manufactory. Through the kindness of a teacher, various classes have had the opportunity of preparing light refreshments to serve with afternoon tea.

A new feature of the work was the starting of the evening class which has been most interesting. The principles, methods, and making of menus and special diets were discussed and the actual preparation of menus was carried out.

The aim of the department is to make the girls familiar with the principles and methods of cookery so they can successfully prepare meals which will be appetizing, pleasing, satisfying, and as inexpensive as possible, for any family.

Respectfully submitted,

HARRIET B. DAVIS.

## REPORT OF SCHOOL NURSE.

---

*Mr. L. J. Rundlett, Superintendent.*

DEAR SIR: I submit for your approval my annual report. A report of this kind seems unsatisfactory as it is impossible to give in detail the various kinds of work one is called upon to do, nor is it possible to show results as they really are, so many phases of child welfare are covered.

The problems of the physical condition of school children in a city like Concord are the same as those in larger cities, but a nurse working alone must rely upon her own judgment much more than if she had the advice of a medical examiner. For this reason the greatest possible coöperation with the physicians is necessary in order that the work may be of value.

The parents of children having physical defects are sent written notices requesting them to consult their family physician for advice and treatment. This method alone, however, would never bring the desired result, unless the cases are followed up and the parents visited when the condition and its results are made clear to them. Many visits are often required before coöperation is secured and in many instances there has to be a "seeping in" process which takes time. It is most pleasing to note, however, that a very large per cent. of the cases reported to the parents receive attention. In cases where the financial condition of the family require it, treatment can always be arranged.

In no line of work is coöperation with existing agencies more necessary than in a work which deals with the physical welfare of children. We are most fortunate in our relation with the Charity Organization Society, the District Nursing Association, and the Board of Health, each organization being ready to do its part toward making our work effective.

The dental clinic is proving its great value to the children

and much credit is due the Charity Organization Society for the very valuable work they did in helping secure it. We are greatly indebted to the dentists for their valued assistance and hearty coöperation.

Our great need at present is an open-air room or school for delicate or pre-tubercular children—we have many children who need this kind of care and its results would soon be apparent.

If it were not for the occasional gift of money from persons interested in this work, many things which have been done for children could not have been accomplished; especially when braces or other appliances are necessary or the child requires treatment which necessitates going out of town.

The statistical report which follows may not seem large in numbers, but figures in connection with this work mean little.

I wish to express my indebtedness to the many societies, clubs and individuals who have given such valuable assistance, to the hospitals and physicians for their constant helpfulness and to the teachers for their faithful coöperation.

Number orthopedic cases under treatment,	8
Number braces and other apparatus provided,	3
Number children referred to out of town specialists,	6

Respectfully submitted,

ELIZABETH M. MURPHY, R. N.

# REPORT OF MILITARY DRILL INSTRUCTOR.

---

CONCORD, March 1, 1917.

*Mr. L. J. Rundlett.*

SIR: Military drill during the year 1916-17 has been continued under the plan adopted by the school board in 1915. The subject has not had the enthusiastic support from the students as in former years, probably owing to the fact that the receipt of the new rifles was so much delayed. One of the results of this delay has been that the number of cadets has fallen from sixty-eight in September of 1915 to fourteen in the fall of 1916. Since the receipt of the sixty-eight Kragg-Jorgensen carbines and six thousand eight hundred rounds of ammunition from the government, the interest has quickened. We now have forty-six boys taking the subject with a prospect of more before the end of the school year.

The lengthened drill period enables us to extend our course to hikes, patrolling and rifle practice. The boys are taking a very pleasing interest, thereby enabling us to accomplish much more than in former years.

The receipt of government property will require a trifling expense in the way of alterations of the arm racks; also a cleaning rack should be erected in the basement of the school.

In closing I wish to express my gratitude to Mr. Cook for his earnest coöperation. The school district and especially the cadets should be grateful to Gen. C. W. Howard, the Adjutant-General, for his courtesy in allowing us the use of the state armory and the state rifle range. His personal interview with the Chief of Ordnance, U. S. A., was a potent factor in the final receipt of the very much needed government rifles.

GEORGE W. MORRILL,  
*Instructor, Military Drill.*

## REPORT OF THE SUPERVISOR OF MUSIC.

---

*Mr. L. J. Rundlett, Superintendent of Schools.*

DEAR SIR: No material change has been made in either text-books or methods of teaching during the past year. The children have entered the third year well prepared to take up book work and the individual instruction which has been given in all grades from E to L inclusive has resulted in reasonably good sight singing and in an interest that manifests itself in exceptionally good chorus work in the higher grades.

This is especially noticeable in grades K and L in the Rumford and Eastman schools. The Chandler School began the present semester with an unusually well balanced chorus. The Parker School has maintained its reputation for good chorus work and in the High School three hundred and eighteen pupils have included chorus singing in the work of the course. The High School glee clubs are larger than usual. As both chorus and glee club work there is wholly elective, this indicates a lively interest in the subject.

The High School Orchestra is not as good as it was last year. Several valuable members have left school and their places have not been filled. The contra bass and tympani which were purchased two years ago have been in constant use and have added very much to the value of the orchestral work as a whole. In fact were it not for these instruments the orchestra would consist almost entirely of violins. We have no brass or woodwind and I feel that we should have more of those instruments, which are not suitable for solo use at home, owned by the school and loaned to such pupils as will learn to play them.

The music classes in the fifth course have accomplished the work assigned them in a creditable manner. A rearrangement of the course of study for Classes U and V will

enable the present Class V to do more work, in the history of music in America, than former classes have done.

The work with the young ladies in the training class for teachers has been placed upon a more systematic basis. A record of standing in weekly recitation is kept, a written test given every eight weeks and the average standing sent to the principal of the Dewey School.

A rearrangement of program at the beginning of the present semester allows the teacher of singing to visit the Chandler and grades K and L in the Rumford, Kimball and Walker schools weekly. All other schools, excepting the Parker and High, are visited once in two weeks.

The annual High School concert was given in April at a financial profit of one dollar and fifty-nine cents.

The teacher of singing takes pleasure in expressing his appreciation of the valuable aid and cheerful coöperation which have been given him by the teachers and also extends to the Superintendent and members of the Board of Education his hearty thanks for the encouragement and support which they have extended to him.

Very respectfully yours,

C. S. CONANT,  
*Teacher of Singing.*

## REPORT OF THE DIRECTOR OF MANUAL TRAINING.

---

*Mr. L. J. Rundlett, Superintendent of Schools:*

DEAR SIR: I hereby submit to you my eighth annual report of the work of the Morrill School.

The activities of this school have so greatly increased in the last few years that they can no longer be classified as "wood and iron" as they have been in the past. Neither can a clear conception of the full scope of the work be gained from a report that must be "brief." Therefore I shall be able to touch simply the high spots hoping that those who are not thus satisfied will visit the school and look into the details to their complete satisfaction.

### *Manual Training in the Sixth and Seventh Grades.*

Woodworking in the elementary schools has been taught entirely by the project method and no blueprints whatever have been used. It has been quite evident that this method of teaching manual training has its faults and weak points if not handled carefully but by a systematic arrangement of projects most of these have been overcome.

### *Mechanic Arts in High School.*

The work of all departments in high school has been about the same as last year. As this work has consisted entirely of practical projects little change could be made except to improve the quality and increase the quantity. Both of these have been accomplished to a certain extent by applying the principles of shop efficiency.

The ever increasing attendance has brought us some rather serious problems and has made it necessary to change the course of study to meet these conditions.

Machine shop practice is now confined to the last three

semesters instead of the last two years as formerly. This change was made because of the limited size of the shop and because of the disadvantages arising from placing four classes in a three-period day. To fill up the gap thus formed the work in the Q, R, and S classes was moved up one semester. This brings the patternmaking course in the R and S classes instead of Q and R and as this is a technical subject which is hard to teach to immature minds it is much better placed higher up in the course. This change also relieved the necessity of teaching three subjects to one class in a semester as we have been doing in the Q class where the boys took elementary patternmaking, foundry practice and blacksmithing all in nineteen weeks. Under the present arrangement no class will receive instruction in more than two shop subjects in a half year.

Another improvement made possible by this new course is the placing of printing as a part of the Mechanic Arts course. In the past we have taught it only to those pupils who elected to take it as an extra subject after school. Now all pupils taking this course will have an opportunity of doing printing as a part of their regular work and receive due credit for it.

#### *Evening School.*

This is the first year that any of the Mechanic Arts courses have been taught to evening classes. A class in Mechanical Drawing has been conducted for two evenings a week this winter and much interest has been shown. The class has been a success from every standpoint and there should be provision made for a still larger number next year. Several difficulties such as heating, lighting, and janitor service had to be contended with but have been solved for all time so the class next year can be conducted at a very reasonable expense. Mr. Taylor has been the teacher and he should be given due credit for its success.

#### *Summer School.*

During the summer of 1915 a class was organized with the assistance and approval of the State Department of

Public Instruction to meet the needs of teachers wishing to perfect themselves in the Mechanic Arts courses. In 1916 this class was well attended there being teachers from all parts of the state including Berlin, Whitefield, Claremont, Portsmouth, Pittsfield, Hinsdale, Boscawen, Exeter and Fitchburg, Mass. Ninety per cent. of those attending last year have signified their intention to return next summer. Although this is more or less of a private enterprise it reflects credit upon the Concord school system to have men from all parts of the state come here to study the methods used during the year. Courses were given last summer in woodworking, cabinetmaking, patternmaking and forging. This coming summer we are in hopes of starting additional courses in machine-shop practice and printing.

#### *Equipment.*

The equipment of the school is in excellent condition and is constantly being improved by repairs made at the school. No extra appropriation need be made this year for equipment as the necessary tools can be obtained by the appropriation made for maintenance. The two heaviest items to be considered are 15 sets of small tools for the machine shop which will cost about \$80 and a new supply of type which will amount to about \$75.

#### *Improvements and Repairs.*

During the past year the building has been improved by painting the walls and ceiling of the drawing room, the addition of three semi-indirect electric lights and two Humphry gas lights. Three gas steam radiators were installed in the drawing room for use in the evening school and three in the machine shop to assist in heating the room for day school. These have been satisfactory in every respect and there should be no difficulty in heating this building in the future.

Last year I suggested that a wash room with twenty-four bowls connected with hot and cold water should be installed in the basement for the use of the pupils working in the

forge and machine shops. We are still in need of this most common convenience. I hope it may be added this year. We also need a small sink or wash bowl in the print shop as the pupils here have to wash in a room containing grammar school classes much to the annoyance of the teacher. The plumbing already in the building is arranged in such a manner that the installation of this sink will be a very simple matter.

Respectfully submitted,

ARTHUR W. FRENCH.

## APPENDIX I.

# TWENTY-NINTH ANNUAL ELOCUTIONARY CONTEST.

BY THE

PUPILS OF THE PUBLIC SCHOOLS  
OF UNION SCHOOL DISTRICT AT HIGH SCHOOL HALL

TUESDAY EVENING, FEBRUARY 20, 1917.

AT EIGHT O'CLOCK.

## PROGRAM.

Overture—"Naiad Queen" *Rollinson*  
HIGH SCHOOL ORCHESTRA

### ORIGINAL DECLAMATION, HIGH SCHOOL.

1. "Efficiency through Health"  
OSCAR SILVERMAN, Group 2, Class '20
2. "Self-government by Students"  
LUCILLE GLADYS SAVOY, Group 1, Class '18
3. "Repaying Our Debt to France"  
HUGH GILBERT CRUIKSHANK, Group 1, Class '17
4. "Toys from the Front"  
JEANETTE BELLE RYAN, Group 1, Class '19

Selection—"Sparkling Moselle" *Gruenwald*  
ORCHESTRA

### FORENSIC DECLAMATION.

1. "The Glorious Constitution" *Webster*  
PHILANDER LEON MANN, EASTMAN SCHOOL
2. "Lincoln the Immortal" *Watterson*  
PAUL STEPHEN OTIS, WALKER SCHOOL
3. "What is a Minority?" *Gough*  
BERNARD ST. CLAIR WEBSTER, GARRISON SCHOOL
4. "The American Flag" *Beecher*  
PERCIVAL HOWARD EVELETH, CHANDLER SCHOOL

Selection—"Sidonie," A Grecian Dance *Bennet*  
ORCHESTRA

## MISCELLANEOUS DECLAMATION.

Second, \$2	Henry P. Clough	M, Junior High (Chandler)	Horatius

## SHAKESPEARE FESTIVAL.

---

FRIDAY, JUNE 2, 1916, 8 P. M.

PARKER SCHOOL LAWN.

---

GIVEN BY THE PUPILS OF THE PARKER SCHOOL TO THEIR PARENTS  
AND FRIENDS.

---

SONG—"Hark! Hark! The Lark" from "*Cymbeline*"

"ALL ON A MIDSUMMER'S NIGHT."

SCENE I.

VILLAGE GREEN ON PEVENSY HILL. JUNE 23, 1578.

Children come to the village green carrying apronfuls of wood for the Midsummer's fire.

They knock at Dame Wenlock's cottage and in return for wood dance for her "Selinger's Round"; then, at request of the villagers they dance "Bo Peep." While they rest the little children play games. After this the villagers dance the "Peasecod" dance which is interrupted by the Crier who announces the St. John's fire to be set at nine o'clock of the Midsummer's Eve.

SONG—"It was a Lover and his Lass" from "*As You Like It*"

SCENE II.

VILLAGE GREEN ON EVENING OF SAME DAY.

The villagers enter, the Mayor and his lady in lead. The young people run in chasing Will Shakespeare, who wins by a trick. For forfeit he must tell a story. Two villagers wrestle. Young people dance the Morris dance. A whistling contest is won by Shakespeare. He then tells the story of the Fire Spirit who dances about the flames with her attendants. After leaping over the flames, the young people join in a dance which is interrupted by the Town Crier. He announces that all good people should go home except the adventurous ones who wish to seek the seed of the Magic Fairy. When found at Midnight, this seed gives invisibility and leads to treasure. Many laugh and depart. Most of the young people go in search of the Magic Seed.

SONG—"Where the Bee Suck's" from "*The Tempest*"

## SCENE III.

## MIDSUMMER NIGHT'S DREAM. ACT II. SCENE I.

The quarrel of Oberon and Titania, king and queen of the fairies, and their reconciliation through the agency of Puck, the village elf.

The villagers hurry on from different directions. They exclaim, "At last!" when they catch sight of Shakespeare and, with many taunts as to the magic fern seed, carry him away to the village.

SONG—"Who is Sylvia" from "*Two Gentlemen of Verona*"

# A DEMONSTRATION OF THE WORK IN DOMESTIC ARTS.

BY THE PUPILS OF THIS COURSE IN THE PUBLIC SCHOOLS OF  
UNION SCHOOL DISTRICT  
CONCORD, N. H.

University High School, Chicago, Illinois.

---

DARTMOUTH COLLEGE

HANOVER, N. H.

OFFICES OF ADMINISTRATION

March seven, 1917.

MY DEAR MR. RUNDLETT:

The Committee on Admission takes great pleasure in sending you the enclosed announcement, which we feel sure will interest you. We wish to congratulate you on your school and the splendid record of your students in the freshman class, Messrs. Amsden, Dudley, Fipphen, Marden, and Pearson.

Very truly yours,

JAMES L. MCCONAUGHY,

*Executive Secretary, Committee on Admission.*

MR. LOUIS J. RUNDLETT,

Superintendent of Schools,

Concord, New Hampshire.

# ANNUAL SCHOOL MEETING WARRANT.

## STATE OF NEW HAMPSHIRE.

*To the inhabitants of Union School District in Concord, N. H.,  
qualified to vote in district affairs:*

You are hereby notified to meet at the Auditorium on Prince Street, in said district, on the fifth day of April, 1916, at 7.30 o'clock in the evening, to act upon the following subjects:

1. To choose a moderator for the ensuing year.
2. To choose a clerk for the ensuing year.
3. To hear and act upon the report of the Board of Education for the past year.
4. To choose three members of the Board of Education to hold office for three years, to fill the vacancies arising from the expiration of the term of office of Harry H. Dudley, George H. Moses, and Lillian R. Shepard, and to fill any other vacancies that may occur in said Board.
5. To choose one or more auditors for the ensuing year, and also all other necessary officers.
6. To see what sum of money the district will raise and appropriate for the payment of the debts of the district.
7. To see what sum of money the district will raise and appropriate for the support of schools for the ensuing year including military drill, manual training, night school, medical inspection, etc.
8. To transact any other business that may legally come before said meeting.

Given under our hands this fifteenth day of March, 1916.

EDWARD C. NILES,  
DENNIS E. SULLIVAN,  
CHARLES DUNCAN,  
OSMA C. MORRILL,  
LILLIAN R. SHEPARD,

*Board of Education of Union School District.*

I certify that on the seventeenth day of March, 1916, I posted a copy of the written warrant, attested by the Board of Education of said district, at the place of meeting within named, and a like attested copy at the Police Station in the City of Concord, N. H., being a public place within said district.

L. J. RUNDLETT.

March 30, 1916.

Personally appeared before me, on this date, the said Louis J. Rundlett, and made oath that the above certificate by him signed is true.

ISAAC HILL,  
*Justice of the Peace.*

A true copy of the warrant, return of service and certificate of oath.

Attest:

HERBERT W. RAINIE,  
*Clerk.*

In accordance with the foregoing warrant, a meeting of the legal voters of Union School District was held at the Auditorium on Prince Street in Concord on the evening of April 5, 1916, at 7.30 o'clock.

The meeting was called to order by Louis C. Merrill, Moderator.

Upon motion of Edward C. Niles, duly seconded, the moderator cast one vote for Herbert W. Rainie as clerk *pro tem.* who was sworn to the discharge of his duties by the moderator.

ARTICLE 1. On motion of Harry H. Dudley, duly seconded, the clerk *pro tem.* cast one ballot for Louis C. Merrill as moderator for the ensuing year and he was de-

clared elected. He was sworn to the discharge of his duties by Edward C. Niles, Esq.

ARTICLE 2. On motion of Henry E. Chamberlin, duly seconded, the moderator was authorized to cast one ballot for Herbert W. Rainie as clerk for the ensuing year and he was declared elected. The oath was administered by the moderator.

ARTICLE 3. On motion of Henry H. Chase, duly seconded, the report of the Board of Education having been printed, was accepted and ordered on file without reading.

ARTICLE 4. Henry H. Metcalf moved, and it was duly seconded, that the clerk cast one ballot for Harry H. Dudley, Lillian R. Shepard and Charles A. Wing as members of the Board of Education for the ensuing three years, and the motion was carried unanimously. The moderator announced that the polls were open for ballots by any desiring to vote. There being no response, he declared the polls closed, and since Harry H. Dudley, Lillian R. Shepard and Charles A. Wing had one vote each, he declared them duly elected as members of the Board of Education for the ensuing three years.

ARTICLE 5. On motion of Harry H. Dudley, duly seconded, Henry H. Metcalf and Anson S. Marshall were elected as auditors for the ensuing year, the clerk casting the ballot.

ARTICLE 6. On motion of Mr. Johnson, duly seconded, the following resolution was adopted:

*Resolved*, That there be raised and is hereby ordered to be raised on the polls and ratable estates within Union School District the sum of fifteen thousand five hundred ninety-five dollars (\$15,595), of which sum seven thousand five hundred ninety-five dollars (\$7,595) shall be appropriated for the payment of the interest on its bonded indebtedness accruing during the year, and eight thousand dollars (\$8,000) for the payment of the bonds of the district maturing July 1, 1916.

ARTICLE 7. On motion of Henry H. Metcalf, duly seconded, the following resolution was adopted:

*Resolved*, That there be raised and is hereby ordered to be raised on the polls and ratable estates within Union School District for the support of the schools for the ensuing year, such a sum as in addition to the sum assigned to the district by the City of Concord out of its appropriation for schools will amount to the sum of one hundred fifteen thousand four hundred two and 69/100 dollars (\$115,402.69).

There being no further business, on motion of Henry H. Metcalf it was voted to adjourn.

A true record

Attest:

HERBERT W. RAINIE,  
*Clerk.*

STATE OF NEW HAMPSHIRE.

MERRIMACK, ss.

April 11, 1916.

Then personally appearing, Harry H. Dudley, Lillian R. Shepard and Charles A. Wing took the oath of office by law prescribed as members of the Board of Education of Union School District.

Before me:

HERBERT W. RAINIE,  
*Justice of the Peace.*

*Treasurer.*

---

Having examined the treasurer's accounts I find them correctly cast and properly vouched.

J. N. ABBOTT,  
*Auditor.*

March 21, 1916.

---

## REPORT OF SCHOOL BOARD.

March 14, 1917.

*To the Citizens of Concord Town School District:*

We had intended postponing the District Meeting until the legislature had acted upon a bill proposing the union of Concord Town District and Concord Union District. Because of developments at the hearing last evening, we have decided to call the meeting at once. There is no time to print any extensive report.

One thousand six hundred fifty dollars will be required, next year, to pay High School tuitions. Three hundred twenty-five dollars will be required for text-books and scholars' supplies, and ten dollars for flags and appurtenances.

IRVING T. CHESLEY,  
FLORENCE A. MORRILL,  
WILLIAM S. HOLLAND,  
*School Board of Concord Town School District.*

## APPENDIX II.

TABLE OF ATTENDANCE FOR THE

SCHOOLS.	1.	2.	3.			4.			5.			6.

## ROLL OF HONOR.

---

HIGH SCHOOL.—Earl Fipphen, Paul Flanders, Daniel Flint, Laura Foote (2), Florence King (5), Roger Leavitt, Agnes Moberg (2), Ruth Morgan (2), Ethel Moulton, Bertha Stohrer, Gladys Wilcox, Mary Willis, Doris Bartlett (3), Emeline Gage, Frank S. Merrill (2), Mary Stearns (3), Dorothy Brown (2), Hugh Cassidy (3), Nora Cotter (3), Russell Cushing, Nannie Dahlgren (3), George Houston (3), Ruth Peckham (3), Florence Prescott, Marie Roy (3), George Wooster (3), Helen Bunker (2), Marion Carroll (2), Agnes Levin (2), Marion Lithgow (2), Ruth Tenney, Myra Woods (2), George Jones (2), Ralph Weldon, Albert Blake, Ida Carlson, Elizabeth Chase, Marjorie Cheney, Gladys French (3), Philip Gove (3), Ellen Hackett, Clarence Hammond (3), Esther Haselton (2), Hilma Hokenson, Louise Horne, Agnes Johnston, Cornelia Kimball (3), Marjorie Knight, Arthur Kunberger (5), Ida McIntyre (2), Alice Newbold, Wallace Stearns, Guy Tabor, Gladys Towle, Doris White, Alice Carlson, Ruth E. Chase, Charles Foote, Rachel George, Eldon Heartz, Ruby Lawrence, Marcia Madisen, Lucile Nelson, Leola Robinson, Cora Shepard, Altha Walker (7), Frank White.

PARKER SCHOOL.—Harriet Albee, Harry Anderson, Elizabeth Benton (2½), Aubrey Brown, Elizabeth Chalmers, Dean Colton, Rose Corriveau, Pauline Cutter, Harry Donovan, Myra Flanders, Edgar Hammond, W. Paul Heath, Alice Mathewson, Joseph Moulton, J. Barry O'Brien, William Odey, John Peckham, Field Perry, Ruth Robinson, Jeannette Ryan, Eric Sandquist, Lily Silver, A. Corinne Trenoweth, Herbert Tittlemore, Marie Tremblay, Marie Turgeon, Frances Wason.

CHANDLER SCHOOL.—Ruth A. Anderson, William R. Augat, H. Horton Cameron, Anna E. Chapman, Henry M. Clay, Elsie B. Colby, Mary E. Crutchfield, Shirley E. Cummings, Harold W. Cutter, Oscar L. Drew, Gwendoline B. Goodwin, Lawrence D. Gordon (2), Lillian A. Haggett, Irene C. Haselton, Allen R. Hills Grove (5), Clarence E. Hugins, Gertrude F. Knight, C. Edgar Kunberger (3), Stewart A. Lyford, Dorothy M. Martin, Ruth A. Morrow (3), John H. Nolan, E. Lillian Ranquist (3), Frederick Robinson, Ruth A. Saltmarsh, Rachel E. Sandquist, Gertrude O. Smith, May E. Smith, William F. Smith, Emma E. Tucker.

WALKER SCHOOL.—Ada Smith, Howard Hammar, Lawrence Ahern,

Theodore C. Reed, Frederick A. Daggett, Edward N. Lampron, Edward J. Odey, Engrid Rosendale, Georgia Lampron, Gertrude Weathers, Ernest Levesque, Charles Mayo, Edith Walker, Edward Twomey, Elizabeth Twomey, John Hobson, Martha Persons, Walter Stanley, Arthur Flanmand, Jessie Sanborn, Emma Levesque.

GARRISON SCHOOL.—John N. Engel, Morrill F. Shepard, Edna I. Peterson, Carl A. Anderson, Carl A. Dahlgren, Oscar F. Forsberg, Helen E. Ryan, Henry W. Ekstrom, Leona D. Snow, Ethel V. M. Johnson.

EASTMAN SCHOOL.—Sadie E. Brown, Dorothy Swain, Mable Cate, Mary Cate, Vesta Morrison, Nellie French, Frederick Paige, George Stuart, Goldie M. Gage, Dorothy E. Staniels, Luella E. Powell, Ethel M. Cate, Harold B. Paige.

RUMFORD SCHOOL.—Elsie Davie, Harry E. Barrett, Eben B. Hutton, Alfred H. Hyland (2), G. Lyman Stratton, Danforth E. Gurley (2), Letitia E. George (2), Elizabeth Palmer, Stanley Benson, Alfred Kumberger (2), Arthur R. Lee, Irving Welch, Helen L. Young, Clark W. Aldrich, Dana H. Lee, Byrnes McCaffrey, Harriett McLeod, John Watts, Martin H. Gurley, Dorothy Kiley, Crosby H. Lewis, Gardner Wales, Delmas Avell, Alice Haskell, Elmer Johnson, Lena Robinson (2), Madeline Roy (2), Leila Young, Esther Armstrong (3), Olive V. Hartford, Ruth M. Holt, Ethel E. Houston, Wilda O. Madisen, Georgia M. Osgood, Lillian Unwin, Lillian B. Wright, Leo J. Boisvert (2), Theodore Martell (2), Wilbur Tucker (2), Vinal R. Hurd.

KIMBALL SCHOOL.—Charles E. Dixson, Charlotte R. Pitts, Pearl Smith, William Quinn, Harold Bass, Ruby Bartlett, Thelma McDonald, Emma Flaminand, Eleanor Diversi, Henry Saltmarsh, Doris Abbott, Eva Dearborn, Helen Foster (5), Florence Philbrick, Harry Bartlett, Carl Badger, Everett Benton, Edmund Gullage, Maurice Quinn, Clifford Woodward, Reginald Atkins, Madeline Haggett, Una Robinson, Edward Shannon, Dorothy Twomey, Charles Zambs.

PENACOOK SCHOOL.—Rocco Ceriello, Pearl Tabor, Lulu Gordon, Frances Smythe, Ruth Olson (2), Freeman Bachelder, Agnes Chalmers, Ruth Lord.

FRANKLIN SCHOOL.—Carl Augat, Laura Moran, Florence M. Conn, Mary I. Fisher, James W. Moran, Robert A. Ritchie.

DEWEY SCHOOL.—Marion E. Burleigh, Ida Crossland, Una G. Dearborn, Frank N. Hayford, Thomas F. Mulligan, James Murphy,

Robert J. Prowse, Ruth M. Prowse, Germain K. Shannon, Gertrude L. Shannon, Harold G. Vitagliano.

HARRIET P. DAME SCHOOL.—Helen E. Curtice, Charles F. Hillsgrove, Clifford A. Savoy, George R. Hillsgrove, Myrtle Hillsgrove.

COGSWELL SCHOOL.—None.

## HONOR LIST—HIGH SCHOOL.

PUPILS WHO HAVE ATTAINED AN AVERAGE OF A — IN THEIR STUDIES  
FOR THE PAST YEAR.

HIGH SCHOOL.—Paul Flanders, Dorothy Kendall, Florence King, Fannie Kling, Gladys Wilcox, Mary Willis, Richard Pearson, Esther Calkin, Mary Stearns, Helen Barker, Miriam Batchelder, Caroline Cassidy, Marion Cheney, Nora Cotter, Hugh Cruikshank, Rebecca Merrill, Anna Murphy, Ruth Peckham, Amelia Pollard, Florence Prescott, Helen Bunker, Marion Lithgow, Astrid Olson, Nora Reardon, Elizabeth Chase, Haskell Cohn, Cornelia Kimball, Robert McCormick, Mary Shannon, Wallace Stearns, Marion Briggs, Marion Colby, Rachel George, Eva Hadley, Pauline Lane, Lois Rundlett.

PARKER SCHOOL.—Arline Booth, Cecilia Conn, Katherine Crabbe, Grace Haskell, William Limpley, Freda Sargent, Nath. Sawyer, Dorothy Watson, Mary Wood, Elizabeth Benton, Hazel Clement, Gladys Currier, Alfred Dogostino, Dora Drapeau, Joseph Gannon, Kathleen Heath, Ruth Lyford, Richard Henry, Helen Morgan, Anna Nordine, Barry O'Brien, Mary Otis, Jeannette Ryan, Eric Sandquist, Marie Tremblay, Jennie Turgeon, Bessie Waldman, Blanche Walker, Mary Walker.

CHANDLER SCHOOL.—Henry Clough, Elsie Colby, Mabel Dame, Pearl Parker, Ethel Ravitch, Ruth Saltmarsh, Leah Waldman, Ruth Whittier, Ruth Yeadon, John Allquist, Robert Brown, Ida Cate, Helen Curran, Harold Cutter, George Gordon, Gwendolyn Jones, George Kimball, Wendell Kimball, Elizabeth Morrill, Lillian Ranquist, Hazel Roy, May Smith, Doris Sturm, Marion White, Corinne Wilson.

WALKER SCHOOL.—Linda Farnum, Edmund Laport, Harold Perkins, Dorothy Scott.

GARRISON SCHOOL.—Morrill F. Shepard.

EASTMAN SCHOOL.—Honora J. E. Cate.

## ELEMENTARY SCHOOLS—HONOR LIST.

PUPILS WHO HAVE ATTAINED A MARK OF B—OR BETTER FOR THE YEAR.

WALKER SCHOOL.—Douglas Everett, Theda LaFleur, Paul Otis, Ursula Sanders, Oramel Swain, Paul Tracey, Jessie Sanborn, Jennie Ford, Arthur Flammand, Albert Fifield, Richard Felton, Ruth Drew, Robert Reid, Robert Morrison, Ada Smith, Kathleen Wall, Florence Woods, Paul Lampron, Beatrice Tremblay, Bernice Berry, Domino Bianco, Marguerite Fernald, Ruth Lord, Frank George, Howard Hammar, Ralph Waters, Clifton Wilcox, Pauline Ballard, Helen Burbank, Malcolm Flanders, Philip Guyol, Doris Hayford, Mary Lorden, May Cochrane, Reginald Livingston, Grover Paclat, Charles Paclat, Germaine Scully, Richard Datson, Ruth Swain, Oscar Sandquist, Viola Carlson, Irene Hartz, Edith Walker, Roland Robinson, Frederick Daggett, Dorothy LaFleur, Dorothy Hines, Madeline Hobson, Edward Lampron, Samuel Powers, Lillian Sanders, Elnor Smith, Murray Sawyer, Robert Walker, Lawrence Ahern, Ada Brown, Anna Clark, John Davis, Pauline Dunstane, Gladys Hickox, Gunnar Olson, Edward Ploude, Raymond Perkins, George Reilly, Helen Colby, Ethel Crowley, Cyril Datson, Durward Heath, Georgia Lampron, Raymond Neal, Oscar Leven, Sara Tousignant, Ruth Tyler, Gertrude Weathers, Edward G. Cummings, Delmar LaFleur, John Noble, M. Louise Belisle, Dorothy Hill, Howard Hickox, Virginia Otis, Engrid Rosendale, Frank Smith.

GARRISON SCHOOL.—Gustaf W. Forsberg, Mary J. Henry, Helen E. Ryan, Carl A. Dahlgren, Axel C. Gustafson, Helen T. Rylander, Maurice B. Abare, Carl A. Anderson, Ella V. M. Anderson, Oscar T. Forsberg, John F. Kupsola, Fannie M. Matson, Marjorie S. Matheson, Russell O. Shepard, Doris E. Toone, M. Esther Cushing, Milo Lindgren, Elsa Olson, Louise Shepard, Arnold Engel, Hilia Kangus, Anna Anderson, Raymond Danforth, Chester Larson, Olga Swenson, Ruth I. Swenson, Clara J. Henry, Harry Olson, Doris L. Robinson, Morrill Dakin, Paul E. Frost, Thomas S. Carr, Ida Peterson, Nils Soderstrom, Renaldo Mauritson, Frank G. L. Rossell, Ruth E. Sanders.

EASTMAN SCHOOL.—Ethel M. Brown, Caroline J. Cate, Lura A. French, Miriam E. French, Goldie M. Gage, P. Leon Mann, Lester A. Maynard, Warren S. McManis, Madeline S. Sargent, Dorothy E. Staniels, Hazel Blanchard, Ethelyn Kelley, Bertha LaCroix, Vesta Morrison, Mary Cate, Nellie French, George Stuart, Ruth Lewis, Pauline Tebbetts, Robert O. Cushing, Chester D. Floyd, Harold B. Huston, Emile Larochele, Guy W. Mann, Louise Muzzey, Arlene M. Stuart.

RUMFORD SCHOOL.—Hazel Grant, Esther Armstrong, Janet Chalmers, Ethel Carpenter, Merton Messer, Donald Sampson, Lillian Unwin, Marion Wason, Emma Trudell, Russell Sawyer, Agnes Ring, Georgia Osgood, Clarence Morgan, Theodore Martell, Arnold Lewis, Olive Hartford, Vinal Hurd, Arnold Hill, Ethel Houston, Eldred Davie, Ida Cilley, Orrin Beane, Bernice Bennett, Rosa Wittenberg, Alice Haskell, Edward Sanel, Arlene Jellison, Eleanor Harris, Grace Rice, Jerome Leavitt, Gladys Towle, Jessie Cruikshank, Madeline Roy, Wihelming Wheeler, Lena Robinson, Paul Leary, Paul Maxham, Grace Melvin, Delmas Arell, Vivien Heath, Earl Sawyer, Kenneth Kimball, Elmer Johnson, Martin Gurley, Helen Hutton, Clyde Gray, Dorothy Kiley, Abraham Baer, Gardner Wales, Harry Parker, Bruce Duncan, Evelyn McAllister, Crosby Lewis, Jacob Rabinovitz, Bernard Towle, Charles Brewster, Stella Young, Emile Dupuis, Byrnes McCaffrey, Ernest Taylor, Clark Aldrich, Alice Levingston, Harriet McLeod, Edith Cruikshank, Laurence I. Duncan, Alberta Cate, Herbert Geary, Nathalie Hurd, Arthur R. Lee, Fannie Sannel, Daisy A. Wirell, Parker Hall, R. Stanley Benson, Alfred C. Kunberger, Arthur R. Lee, Irving E. Welch, Helen L. Young, Elizabeth Palmer, Letitia George, Eleanor Dutton, Danforth Gurley, Kenneth Buckminster, Jane Otterson, Florence Dustin, Winslow Melvin, Alfred Hyland, Alvin Symonds.

KIMBALL SCHOOL.—Leon Goldberg, Margaret S. Jackman, Martha A. Lane, Hugh S. Morrison, Allan Shapiro, Hilda Bushan, Gertrude Conn, Lena Corser, Gertrude Champigny, Grace M. Chase, Virginia Morrill, Beatrice Winch, Percival Eveleth, Agnes R. Fenton, Mortimer A. Chandler, E. Scranton Platt, Elizabeth I. Dane, Emma A. Flammand, Edmund A. Trudell, Eleanor M. Diversi, Olive P. LaHar, Barbara Blake, Edmund Gullage, Mildred Dole, Isabel Nicoll, Harry Bartlett, Florence Philbrick, Doris Minor, Constance Woodworth, Helen Foster, Everett Benton, John Jones, Waldo Sanborn, Jack Mansur, Doris Abbott, Miriam Lowell, Edgarda Laird, Merton Rumrill, Marjorie Tenney, James A. Brooks, Katharine Graves, Stanley R. Pillsbury, M. Ethalind Cooper, Pauline Cushnie, Jean Gove, Madeline Haggett, Charlotte Jackman, Rae Laraba, Margaret Turner, David Lockard, John R. Gordon, Richard H. Keeler, Della Virgin, Albert Barlow, Marion Brown, Florence Grant, Lois Calkin, Pearl Smith, Catherine Spain, Catherine Moore, Marguerite Bundy, Elizabeth Dyer, Morris Burroughs, Carlos Sanborn, George Dane, Sibley Morrill, Paul Blaisdell, Robert Hurd, Charlotte Pitts, Anita Jubinville, Elsie Kemp, Donald Harriott, Benjamin Jewell, Farwell Brown, Gerald Hayes, Edgar King, Frederick Fisher, Barbara Sleeper, Lydia Dyer, Marion Allen.

PENACOOK SCHOOL.—Frances Smythe, Lulu Gordon, Estelle Avery, Alvin Hussey, Grace Bacheller, Edwin Walker, Ruth Olson, Paul

Holbrook, Myrna Simpson, Ruel Colby, Earle Robinson, Ruth Jackman, Henry Carpenter, Eugene Olson, Nelson Rogers, Lloyd Simpson, Agnes Chalmers, Myrtle Moody, Constance Dimick, Irving Peabody, Grace Stickney, Helen Belrose, Rachel Hall, Evelyn Johnson, Raymond Roers, Gertrude Roy, Harry Rosendale, Thelma Silver, Pasquello Cierello, Dorothea Wheeler, Lester Holt, Elsie Belrose, John Jackman, Genevieve Kelly, Gladys Smythe, Marion Currier, Paul Bergstrom, Dorothy Robinson, Warren Cutting, Raymond McCaig, Lloyd Carpenter, Elwood Davis, Arnold Hayes, Garland Stearns, George Rice, E. Walter Hackshaw, Lois Chase, Carl Ronn, Margaret Lunberg, Beatrice Virgin, Joseph Cierello, Edwin Sanborn, George Lougee, Laura Cate.

FRANKLIN SCHOOL.—Stanley Gray, Hoyt Reille, George Hodge, Elma Wallace, Laura Moran, Esther Thompson, Pauline Oyston, Laura Plummer, Maurice Conn, Martin Bengsch, Alice Bororian, Lucille Hodge, Vera Anderson.

DEWEY SCHOOL.—Margaret McGuire, Mary E. Peckham, M. Helene Wheeler, Kingsley Batchelder, Marion E. Burleigh, Miriam E. Callahan, Edward A. Cheney, Annie B. Evans, Barbara Everett, Frieda McGuire, Thomas F. Mulligan, James H. Niles, Edson E. Phelps, Jacques Van de Kieft, Harold G. Vitagliano, Margaret Watson, Theodore C. Ellis, Margaret A. Lyon, Robert J. Prowse, Grace A. Schon, Winnifred L. Wheeler, Harriett M. Barton, Ida Crossland, Una G. Dearborn, Mary Horne, Robert D. Morrison, Sibyl Rawcliffe, Germaine K. Shannon.

HARRIET P. DAME SCHOOL.—Marguerite McDonnell, Origen Philips, Chester Silver, Ila Ashland, Walter Doe, Bertha Carroll, Melvina Boulay, Margaret Hansen, James Sweet, Walter Davis, William Mahoney, Ola L. Ashland, Mary H. Coleman, Madeline E. Cass, Vera H. Champigny, Rose Raduozo, Edmund Parenteau, Rodney Ashland, Edna Carroll, Flora Cherrette.

## PUBLIC LIBRARY.

---

### REPORT OF THE TRUSTEES.

---

*To the Mayor and Aldermen of the City of Concord:*

The trustee of the Public Library have the pleasure of calling your attention to the annexed report of the librarian, and to venture to suggest that it furnishes ample proof of the successful administration of this department during the past year, so far as present conditions will permit. The librarian and her assistants are entitled to much credit for their persistent and skilful efforts in behalf of the library.

The trustees at their annual meeting in January voted to ask for an appropriation for the present year equal in amount to that of last year. A reduction of the appropriation would be unfortunate for the interests of the library.

Respectfully submitted,

REUBEN E. WALKER,  
*President, Board of Trustees.*

February 1, 1917.

## REPORT OF THE CITY LIBRARIAN FOR 1916.

---

*To the Board of Trustees of the Concord Public Library:*

GENTLEMEN: An annual report should be history rather than fiction, and as 1916 was an uneventful year at our library, this report will necessarily be brief.

The city government favored us with a larger appropriation than usual and we were, therefore, able to buy 1,125 volumes as against 885 in the previous twelve months. Of these 1,125 books, 730 were new titles, 235 were replacements, 160 were duplicates.

We acquired 75 more volumes in bound periodicals; as always we received publications from institutions and societies, and a few works from their authors; Abba Goold Woolson, Rossiter Johnson and Scott Nearing thus remembered us in 1916. A number of books on the war sent by Sir Gilbert Parker to the Y. M. C. A. have been handed over to us. The late Giles Wheeler directed that we be given some of his valuable manuscript papers relating to Concord history and genealogy. To Mrs. H. H. Wright we are again indebted for many stories which meet with brisk demand.

We discarded 398 worn-out volumes; the net gain to the library was 802 volumes, which added to the 29,378 already on our shelves, brings the total number of volumes, December 31, 1916, to 30,180. I am grateful to Russell Cushing and Foster Sturtevant for the time they spent in examining our mechanical and electrical books, with subsequent advice as to which ones were too antiquated to be worth keeping.

The cost of books is rising appreciably owing to scarcity of paper, and this fact will have an effect on our purchases in 1917. Lead also has gone up, and we now have a care that the writing-pads and pencils put out for use in the reference room are not wasted.

Our total circulation during the year was 94,927 volumes, of which 88,187 were charged at the desk for home reading, and 6,752 were consulted in the reference room: or, more strictly speaking, 6,752 persons came to Miss Brown with questions and to the majority she showed more than one book in answering their inquiries. We have filled 25 out-of-town applications for material on widely differing subjects, such as, drama, dynamos, birds, South America, psychic phenomena and manual training.

It is interesting to note how a change in the school curriculum alters the line of books asked for: for instance, local history which was studied so ardently that we were driven to making a detailed index to Bouton's History of Concord is now dropped, and pupils call for data on commercial topics. I should like to mention the very intelligent use by members of the Music Club of books bearing upon the composers and works on their program for the season. For a score of years interest in standard authors has languished, and we have been gratified to see this revived by Professor Childs's course of lectures.

Notwithstanding that six books were stolen in three weeks from our new-book rack, we have continued the changing display there, because nowhere else in town can a person who really cares for literature drop down and examine a dozen recent inspirational, instructive or clever works in prose and poetry: the taking away of this privilege would be felt by some of the live minds in our city. Inferentially the thief was one of our better read citizens, for he purloined "Present Day China," "Our First War with Mexico," "The Lion's Share," "A Country Chronicle," "Ambulance No. 10," "The Third French Republic."

As in previous years I have attended library conferences here and there to avoid getting into a rut professionally.

The appointment of Miss Ruth Chase on the staff has been a benefit as lessening the strain of labor on the three faithful assistants of long standing.

The Concord public, the trustees of this library, and my co-workers unite in making the years pass without friction and with good results.

Respectfully submitted,

GRACE BLANCHARD,  
*City Librarian.*

## HEALTH DEPARTMENT.

---

### REPORT OF THE BOARD OF HEALTH.

---

*To the Board of Mayor and Aldermen:*

The Board of Health submits the following report for the year ending December 31, 1916. The organization of the Board was as follows: Mayor Hobbs, *ex-officio*, chairman; Dr. Charles H. Cook, city physician, secretary, and Dr. Fred A. Sprague, member. Dr. Charles Duncan was appointed milk inspector for the year and Mr. Charles E. Palmer was sanitary officer. Regular meetings were held on the first Monday of each month at 4 o'clock, p. m. These meetings were well attended and much interest was shown by the members in the matters presented for discussion.

At a conference between the medical members of the Board of Education of Union School District, Dr. E. E. Graves, Health Officer at Boscawen, and the medical members of the Board of Health, some changes were recommended in the rules and regulations pertaining to contagious disease in its relation to school attendance. These changes were approved by the full Board of Health. At the same time other changes seemed advisable in the Rules and Regulations concerning contagious diseases and vaccination. Accordingly, the whole code was revised and it was thought made to conform with the most recent ideas of epidemiological science. The Rules and Regulations as revised were submitted to your Board and by your approval became operative September 11, 1916.

In the latter part of May this Board, accompanied by Sanitary Officer Palmer and Superintendent Sanders of the Water Department, made a careful sanitary survey of

the catchment area of Penacook Lake. There was very little chance for criticism. However, it was suggested to Mr. Tandy of the State Hospital that a septic tank be installed at one of the cottages and a concrete container for the manure at Sunnyside Farm. Mr. Tandy expressed himself as willing to undertake these improvements and a subsequent inspection of the premises by the Board showed that they had been made as suggested. It is believed that all danger from that quarter has thus been removed. The recent purchase of the Crowley property at the head of the Lake by the Water Board is strongly commended by this Board. Another possible source of slight contamination is thus removed from the catchment area.

Owing to the epidemic of infantile paralysis during the summer and fall it was thought best to take some steps to prevent the dreadful malady from gaining a foothold in our community. Accordingly, some rules were drawn up which it was thought might serve a useful purpose without imposing hardship on any person concerned. Some opposition was expected and encountered, but by far the larger portion of the community were anxious to coöperate in our efforts to keep the plague away. One of our leading daily papers is an editorial relative to the opposition to the regulations ended by saying it thought it was "better to be safe than sorry." This was the key-note to the Board's action in the matter very tersely expressed. Only one case of this disease was reported during the year.

With respect to diphtheria we were not so fortunate, 54 cases having been reported during the year. This number is considerably in excess of the average and is doubtless accounted for in a large measure by the mildness of the cases. Many of these mild cases were doubtless not seen by a physician and, being allowed to go at large, were constantly infecting others. In one instance the attention of the Board's physician was called to the fact that there was sickness in a family living near a quarantined case. In searching for the source of contagion this family was investigated and cultures taken. Two of the children were

thus found to have diphtheria in the convalescent stage. This family had called in a physician who, owing to the mildness of the symptoms, had failed to make a diagnosis. This instance forcibly illustrates the vital necessity of taking cultures from the noses and throats of all sick children during the prevalence of diphtheria. Indeed, when there is the slightest doubt as to the *exact* nature of the trouble it is a good rule to follow at *all* times.

Many cultures were taken from the throats and noses of school children by the city physician, and in this manner several "carriers" were detected. If parents would take the trouble to note the slight ailments (colds, sore noses, sore throats, feverishness, etc.) of their children, seeking the advice of a competent physician immediately, most outbreaks of contagious disease would be short-lived.

Every practicing physician in the community is morally an unofficial member of the Board of Health and as such has definite duties to perform. One of these duties is to educate his patients along the lines outline above. Another duty is to furnish all possible information and coöperation to the official Board of Health. If a physician makes a sweeping statement that "the Board of Health is at fault because we are having so much diphtheria," it is not apparent just how the community is benefited by the impeachment. On the other hand if he comes over to the office with some useful advice, information or criticism he will be doing a real service. It is hoped more of the "unofficial members" will come in and qualify during the next year.

The reports of the sanitary officer and the milk inspector are appended to and made a part of this report, and should be consulted for details of the department's activities.

Respectfully submitted,

NATHANIEL W. HOBBS,  
CHAS. H. COOK,  
FRED A. SPRAGUE,

. Board of Health.

## REPORT OF THE MILK INSPECTOR.

---

*To the Board of Health:*

GENTLEMEN: The examinations of milk made by the inspector appear in another part of the Board of Health report. All examinations except one, a sample found to be watered, were well up to the standard required by law, barring one or two samples which showed considerable dirt.

During the year the changes in ownership of the different milk routes of the city have caused considerable unrest among the consumers and bother to the department. These changes are a result of the small profits the men enjoy as a result of the high price of feed and the scarcity of cattle as a result of the European war but in spite of the changes among the retailers the farms that supply our milk are practically the same as last year.

The price of milk has increased one cent a quart; this fact brings no complaints as people realize that it is in line with the increased cost of all other foods. It is still true, however, that milk is the cheapest food we enjoy for price paid, nine cents a quart.

The care of milk sold in Concord is a credit to the producers. There are many farms now that have conditions which are beyond just criticism; namely, a room with cement floors, away from the barn, where the milk is taken, cooled and put up in bottles washed and sterilized by steam. Here the milk is stored in cement troughs thoroughly iced till ready for delivery. Besides all this the herd that supplies the milk is housed in clean, well ventilated barns.

The policy of the inspection work will continue the same as that laid down in previous reports. There is the best of coöperation among all concerned in the handling of milk. The association of milk men at the annual meeting has good, healthy discussions of everything pertaining to the

business and gives the inspector every support in bringing about needed changes that will help the consumer.

The bottling of all milk is a betterment we are hoping for in the near future when the business is more settled. This has the support of most of the men in the business and is looked forward to as a needed step in advance.

Respectfully,

CHARLES DUNCAN,  
*Milk Inspector.*

## REPORT OF THE SANITARY OFFICER.

---

### *To the Board of Health:*

GENTLEMEN: Herewith is submitted the report of the sanitary officer for the year ending December 31, 1916, with tables showing the work of the department.

There were 467 deaths during the year, one more than in 1915, and organic diseases of the heart caused the largest number of deaths, 79, or 17.36 per cent of the total number, excluding stillbirths. Two hundred and twenty-four deaths occurred in the different wards of the city and 243 at the public institutions. Estimating the population at 22,000 and excluding the non-resident deaths, 173, and the stillbirths, 12, this gave a death-rate of 12.81. Transit permits were issued for the removal of 167 bodies to other places for interment, and burial permits were granted for the interment of 88 bodies brought to Concord from out of town.

The total number of cases of contagious diseases reported were 468, with 7 deaths. An epidemic of measles brought the total number of cases to 382. Included in this number were 65 cases at St. Paul's School. There were 54 cases of diphtheria including 4 carriers and 42 of these cases were reported after the first of September, a majority being school children. Three carrier cases were detected by Doctor Cook in the schools and the children were sent home and the school rooms disinfected. The fatalities from diphtheria totalled 4. There were 18 cases of scarlet fever during the year with no deaths. Concord was remarkably free from typhoid fever there being only 8 cases reported with one death. We were very fortunate during the outbreak of infantile paralysis in other communities to have only one case. Every precaution was taken to safeguard the health of our citizens. Whooping cough caused one death and there were five cases reported.

Numerous complaints of various character were received during the year and each given attention. These complaints were due largely to dead animals, the keeping of hens and pigs, odors from stables, the throwing out of slops, swill and rubbish, uncleanly condition of premises and yards, plumbing out of repair or in an unsanitary condition, broken catch basin traps, offensive privy vaults and odors from various causes. Inspections were made from time to time of the alleyways in the rear of the business blocks and proprietors of stores and markets were requested to keep the rear of their establishments free from objectionable rubbish.

Inspections were made during the summer of the stone sheds and in a number of cases notices were served to owners to improve the sanitary conditions.

Several inspections of Long Pond were made and all suggestions mentioned by this department were carried out satisfactorily. The shores were never in better condition and the city's water supply well protected.

With so little building during the year there was less plumbing installed than in former years, but water tests were made of all new work and 97 permits were granted.

All public halls were inspected the latter part of the year and numerous improvements were suggested for the improvement of conditions in toilet room as well as in the general cleanliness of halls and ante-rooms.

Sixty-one milk farms were visited and many improvements noted. A number of improvements were suggested which if carried out will bring still greater improvement.

Our appropriation for the year was \$3,400.00 and the total expenditures were \$3,122.03, leaving a balance of \$277.97. The expense for the care of contagious disease patients was \$346.37, a majority of the cases requiring assistance by this department during quarantine being cared for at the Foster Ward, Margaret Pillsbury Hospital. The cost for fumigation supplies was somewhat more than in former years owing to the advance in the price of material used. Two hundred and six dollars and ninety-five cents

was received for milk license fees and \$2.50 from the sale of fumigation supplies.

I wish to express my thanks to the Mayor and the other members of the Board of Health, the members of the city government and all the city officials who have rendered assistance to this department during the year.

Respectfully submitted,

CHARLES E. PALMER,  
*Sanitary Officer.*

FINANCIAL STATEMENT OF THE BOARD OF HEALTH FOR THE  
YEAR ENDING DECEMBER 31, 1916.

## APPROPRIATION.

Salary, sanitary officer,	\$1,500.00

## LOCATION OF POLICE SIGNAL BOXES.

- Box 1. Bridge Street and Stickney Avenue.
- Box 2. South Main and West Streets.
- Box 3. South Main and Concord Streets.
- Box 4. South Main and Pleasant Streets.
- Box 5. North Main and School Streets.
- Box 6. North Main and Park Streets.
- Box 7. Washington, between North Main and State Streets.

- Box 8. North Main and Church Streets.
- Box 9. North State and Penacook Streets.
- Box 10. Curtice Avenue and North State Street.
- Box 11. West Concord, opposite Shepard's store.
- Box 12. Penacook (square).
- Box 13. Center, opposite Union Street.
- Box 14. South and Perley Streets.
- Box 15. Broadway, corner Carter Street.
- Box 16. Center and Pine Streets.
- Box 17. Pleasant and South Streets.
- Box 18. School and Giles Streets.
- Box 19. Beacon and Rumford Streets.

#### RECOMMENDATIONS.

I renew my recommendation that a suitable room be constructed for the detention of women and juveniles, and that the old ward room be remodeled into a guard-room for the officers.

I wish to thank His Honor, Mayor Nathaniel W. Hobbs, and the Honorable Board of Aldermen for their courteous treatment and support. I desire to thank His Honor Judge Clark, City Solicitor Alexander Murchie, County Solicitor Robert C. Murchie, Clerk of the Court Allan Robinson, and all others who have assisted this department during the year. To the officers of the department, I extend my appreciation for their hearty coöperation and faithfulness.

Respectfully submitted,

GEORGE A. S. KIMBALL,  
*City Marshal.*

# REPORT OF THE BOARD OF PUBLIC WORKS.

---

## REPORT OF THE HIGHWAY DEPARTMENT.

---

*To the Board of Public Works:*

GENTLEMEN: In presenting the annual report of the work of the highway department for 1916 I will say that there never has been a time when it has been so difficult to accomplish the necessary work as in this past year. Sufficient suitable labor could not be found and it was impossible to obtain crushed stone and other road materials when needed. In several instances we were obliged to stop construction work on account of shortage in road materials and delays in shipping, etc. This was not only annoying, but expensive, and prevented the department from doing all the work that had been planned for the year. It made it very evident that storage bins for stone and tanks for road oils would be very practical.

I do not consider that the highway department is properly and adequately equipped to perform the work required as promptly and efficiently as it should. We need some good horses. We have taken over several from the fire department and while we have been able to use them to better advantage than the fire department could have, still they are not first-class horses. There are times during the year when a truck cannot be used to as good advantage as horses but we need a light truck for emergency and repair work. There should be a new crusher, tar heater and a number of pieces of equipment added which would enable the department to perform the required work in a more up-to-date manner. And there should also be more shed room on the city lot to house the equipment. I called your attention in last year's report to this matter of shed room

and crusher. It is too expensive to repair the old crusher any longer and it does not do the work required. We certainly need a new one.

For permanent work in 1916, Park Street from Main to State, South State from Fayette to Monroe, North Main on the west side from Pitman to Center were macadamized, North State Street from Call to Penacook Street reconstructed, a section of Pleasant Street near Pleasant View resurfaced and a portion of Washington Square in Penacook concreted. Sections of South, South Main and Penacook Street were to have been macadamized but the work could not be done owing to the difficulty of securing labor and materials. Neither were we able to complete the work on North State Street and from the cemetery to Penacook Street only one half of the roadway was rebuilt.

I would recommend that next year North State Street and those other streets on which the work planned was not done be finished. There is but one section of Main Street through the business part that is not concreted, that being the east side from Park to Center. The granite block paving there is very rough and it should be removed and street concreted. South State Street from Monroe Street south should be macadamized. Warren Street was macadamized a number of years ago and the constant traffic which that street receives has worn it badly and it should be reconstructed from Spring Street west. I believe that the petition for improving Auburn Street which was received this past year was considered and it was decided to do something there another season. However, I would not recommend laying out too extensive work in the line of permanent improvements as we shall doubtless have as much difficulty in obtaining materials and suitable labor as last season.

A number of streets received surface treatment and a good deal more should be done in that line next summer. We received \$760.13 from the state for maintenance work on the trunk lines.

The usual amount of miscellaneous work has been done

by the department during the year. Quite a number of street signs have been put up and we are making special effort to get all streets properly marked. No large number of petitions for new concrete walks were received but the calls for repairing concrete walks are increasing every year. Several new catch basins were built and frequent showers made it necessary to clean them all several times during the summer.

Some of the new bridges that were recently erected are much in need of painting, especially the Pembroke bridge. The plank for the new floor of the Loudon bridge has been received and work will be begun there as soon as weather permits.

The demand for driveways is the source of much trouble for the department. Whenever possible we have avoided putting in pipe driveways as they are constantly freezing up in winter and becoming filled during the summer months and in heavy rains flood the street and do considerable damage.

Not as much work was necessary on trees last year as previously. We find that the brown-tail moth is disappearing but the number of gypsy moth nests is increasing. Nevertheless, the appropriation allowed some work to be done in planting trees. Only fifty were set out but if the work proves at all successful we hope to plant more another season.

Oil was used again for dust laying last summer and I recommend its use another year.

The use of a truck for collecting garbage has proved both practical and efficient. During the winter months when the snow is quite heavy we find it better to use the teams instead of the truck. During that time the truck is thoroughly overhauled and is kept in good condition for service.

For their continued interest in the work of this department I wish to thank the members of the board.

Respectfully submitted,

ALFRED CLARK.

## FINANCIAL REPORT OF THE HIGHWAY DEPARTMENT.

## REPORT OF THE CITY ENGINEER.

---

CITY ENGINEER'S OFFICE, CITY HALL,  
CONCORD, N. H., December 31, 1916.

### *To the Board of Public Works:*

The sixth annual report to this board, showing work done under the supervision of the engineering department, for this board, is herewith submitted.

### SEWALL'S FALLS BRIDGE.

Late in December, 1915, work was suspended on this structure, leaving the coal-tar wearing surface to be laid on the floor and the painting of the metal above the floor level to complete it.

In June the floor was cleared, the coal-tar wearing surface laid and the painting of the bridge completed in accordance with the terms of the contract. A final certificate of completion was issued by your engineer on June 26, 1916.

The completion of this structure gives safe bridges across the Merrinack River, for all traffic permissable upon the public highway, by whatever route one approaches the city.

### SEWERS.

It was impossible to complete the work planned for the past season, owing to the scarcity of labor. With the force we were able to secure it was possible to make necessary repairs and some additions to the manholes and lampholes which were badly needed.

The Beacon Street sewer was not built but the material for the same was purchased and delivered at a point where it can be easily and economically distributed on the trench when needed for the work. The construction of this sewer should go on as soon as it is possible to secure the labor for this much needed improvement.

At the present time there appears to be no reason to expect any great change in the labor situation for the coming season and but two courses seem to be open to your board. Either to contract for the work of building the Beacon Street sewer, with some party or parties having an organization for such work, or, to purchase, or lease machinery for this particular job and attempt to carry on the construction with such help as we can secure locally.

We are having serious trouble in the smaller sewers with tree roots getting into them, and some means must be provided for either cleaning these sewers, or taking them up and relaying them at a great expense.

I would advise the purchase of a cleaning machine and some action to stop the planting of such trees in the streets as cause the most of the trouble, notably the North Carolina poplar. These trees have caused much trouble in private sewers and are now reaching the public sewers wherever planted.

The plans showing sewers and connections have been brought up to date, in the city precinct.

There has been expended for maintenance and construction the following amounts:

#### REPAIRS.

Valley Street, new manhole frame and cover,	\$15.91
Holly Street, new lamphole frame and cover,	6.63
Park Street, new manhole complete, on account of macadam,	36.56.
Bradley Street, cleaning sand from sewer,	35.13
Ferry Street, cleaning sand from sewer,	5.59
Blanchard Street, new lamphole frame and cover,	5.66
Gladstone Street, new manhole complete, new lamphole cover,	35.32
Thompson Street, new lamphole frame and cover,	4.75
South Main Street, below McKinley Street,	5.25
School Street, new lamphole frame and cover,	4.75
South Spring Street, two new lamphole frames and covers,	12.50

West Street, coal-tar concrete,	\$5.59
North State Street, near Fosterville, cleaning sticks and rubbish from catch-basin connection and new manhole,	103.47
Washington Street, cleaning sticks and rubbish from the catch-basin connection,	5.97
Coal-tar concrete,	32.90
Beacon Street, stoppage from sticks and rubbish,	23.77
Downing Street, sticks from catch-basin connection,	6.42
Prospect Street, sand and sticks from catch-basins,	1.39
South State Street, account of macadam,	21.33
Dakin Street, new manhole complete,	57.83
sticks and sand from catch-basin connection,	15.00
Wall Street, sand and paper stoppage,	12.67
Albin Street, new manhole complete,	39.79
Walker Street, new manhole complete,	32.49
Orchard Street, new manhole complete,	46.30
Pillsbury Street, roots,	6.56
Perry avenue, stoppage,	12.99

---

 \$592.52

Paid for tools,	\$79.91
flushing,	405.77
blue prints,	4.16
book,	1.25

---

 \$491.09

## BEACON STREET.

Paid for right-of-way,	\$300.00
segmental block, delivered,	3,486.18

---

 \$3,786.18

## MCKINLEY STREET.

The sewer in this street was found to be broken down where a soft bottom existed and 146 feet, at its westerly end, had to be relaid and a foundation put in for 81 feet. Sixty-five feet at its westerly end was relaid at a higher level than the original sewer owing to the scarcity of labor. This 65 feet will have to be relaid at the old level when a sewer is laid in Broadway southerly from McKinley Street, or, when labor can be secured for this work.

The expense incurred on this street was as follows:

Paid for labor,	\$741.76
pipe,	124.68
brick,	22.50
trucking,	36.50
wrought-iron,	1.07
castings,	13.50
cement,	18.00
pump supplies,	24.35
hardware,	.50
lumber,	5.20
oil,	4.20
	<hr/>
	\$992.26

Material excavated, sand and running sand.

Average cost per foot, \$6.795+.

## LIBERTY STREET.

148 feet of 10-inch Akron pipe laid.

Paid for labor,	\$203.64
pipe,	44.62
castings,	.81
trucking,	10.25
wrought-iron,	.30
oil,	.60
	<hr/>
	\$260.22

Material excavated, gravel and boulders.

Average cost per foot, \$1.758+.

Expended for repairs,	\$592.52
tools, etc.,	491.09
Beacon Street sewer,	3,786.18
new work,	260.22
relay, McKinley Street,	992.26

---

Total expenditure,	\$6,122.27
--------------------	------------

Appropriation and balance from 1915,	\$9,204.34
Expended,	6,122.27

---

Unexpended balance December 31, 1916,	\$3,082.07
---------------------------------------	------------

New sewers laid 1916:

Liberty Street, 148 feet of 10-inch Akron pipe.

Sewers built in City Precinct to December 31, 1916:

6-inch Akron pipe,	2,354	feet.
8-inch Akron pipe,	25,657	"
10-inch Akron pipe,	55,307	"
12-inch Akron pipe,	39,663	"
12-inch cement pipe,	415	"
15-inch Akron pipe,	11,646	"
18-inch Akron pipe,	7,134	"
20-inch Akron pipe,	5,029	"
24-inch Akron pipe,	4,064	"
30-inch Akron pipe	1,780.5	"
Brick, 12-inch x 14-inch,	2,758	"
14-inch x 22-inch,	350	"
16-inch x 24-inch,	1,848	"
20-inch x 32-inch,	2,527	"
24-inch x 36-inch,	17,937	"
28-inch x 48-inch,	883	"
24-inch circular,	1,515.5	"
30-inch circular,	402	"
38-inch circular,	4,080	"

24-inch cast-iron,	1,576	feet.
30-inch cast-iron,	1,054.5	"
42-inch segmental block,	1,055	"
42-inch brick and concrete,	246	"
60-inch brick and concrete,	1,450	"

---

Total, 190,731.5 feet.

Total miles of sewer in City Precinct, 36.123+.

#### WEST CONCORD SEWER PRECINCT.

The entire sewer system in this precinct was flushed in the spring and fall.

A break in the 20-inch outlet was repaired, on the interval near the residence of Charles B. Clarke.

The expenditures for the season were as follows:

Paid for flushing sewers,	\$26.33
repairs to 20-inch outlet,	92.73

---

Total expense, \$119.06

Funds available,	\$140.97
Expended,	119.06

---

Balance December 31, 1916, \$21.91

#### EAST CONCORD SEWER PRECINCT.

No changes or repairs were made in this precinct and the balance on hand remains as one year ago, viz.: \$127.53.

#### SAINT PAUL'S SCHOOL PRECINCT.

Repairs amounting to \$4.00 were made on the Fisk Road during the season and no other expense was charged to this precinct.

Funds available for repairs,	\$98.55
Expended,	4.00

---

Balance December 31, 1916, \$94.55

Lines and grades were given the street department for sidewalk and street work whenever requested.

Monthly measurements were made of coal-tar concrete laid on streets and sidewalks, statements of the square yards in place, cost and location of same shown and these statements turned over to the heads of departments paying for the same and to the committee on lands and buildings.

Some time has been spent on the proposed road diversion at Saint Paul's School with their engineer, adjusting grades, alignment, bridge span and location and in looking up the old layouts of existing roads that were in the district covered by this change.

For the many courtesies extended this department by your board, I wish to express my appreciation.

Respectfully submitted,

WILL B. HOWE,  
*City Engineer.*

## ENGINEER'S REPORT.

---

CITY ENGINEER'S OFFICE, CITY HALL,  
CONCORD, N. H., December 31, 1916.

*To the Board of Mayor and Aldermen:*

In accordance with the terms of the ordinance creating this department, I herewith submit the twenty-fourth annual report of the engineering department.

The expenses for the year 1916 were as follows:

Paid engineer and assistants,	\$3,274.38
for supplies,	131.08
telephone service,	21.71
carfares and livery,	132.88
repairs,	8.80
express,	4.09
labor, assessors' maps,	\$421.62
supplies, assessors' maps,	116.83
livery, assessors' maps,	32.00
	<hr/>
	570.45
convention expenses,	36.29
	<hr/>
Total expenditure,	\$4,179.68
Appropriation,	\$4,275.00
Expended,	4,179.68
	<hr/>
Unexpended balance,	\$95.32

### SEWERS.

The work done under this appropriation is detailed in the report of your engineer to the Board of Public Works, together with some recommendations concerning the sewers in the City precinct. .

## FIRE DEPARTMENT.

Plans showing the location of all fire-alarm boxes and hydrants, in the city proper and in Penacook, have been made and delivered to the chief of this department.

## BUILDING PETITIONS.

Forty-seven petitions have been presented to the chief of the fire department and myself for consideration and action.

We attended forty-six hearings and granted the petitions. One petition was abandoned by the petitioners before the date set for the hearing.

This makes a total of three-hundred and seventy-one petitions which have come before us, for action, since June 1901.

## CEMETERIES.

Block "B B" was laid out in lots in Blossom Hill Cemetery during the past season: plan and blueprints of same have been furnished the superintendent.

Work on the much needed culvert in the northwesterly section of Blossom Hill Cemetery has been started and on its completion new blocks can be very economically laid out and made available for burial purposes in this section of the yard.

We were able to secure much information from surveys during the past season, which will aid us in future work of development, in the section yet to be laid out and graded.

The deed book of Blossom Hill Cemetery has been brought up to date, covering the lots sold and transferred as shown by the city deed books.

Burials have been added to the book showing the occupation of lots in the Old North Cemetery.

## PLAYGROUNDS.

At the Kimball playground space was staked out for the construction of tennis courts, levels taken and such aid given the committee as we were able to render.

Plans for a tool house were made for the Rollins' Park playground committee.

At White Park stakes were set for the rough grading of the ball ground at its northerly end and some time spent in the effort to locate a roadway from the westerly end of Beacon Street to High Street with usable grades.

Plans were also made for a stairway from the westerly end of Beacon Street to High Street, which plans are in the hands of the park commissioners.

#### WATER-WORKS.

Surveys showing land areas have been made for this department near the head of the Lake and plans furnished the superintendent.

Copies of plans were made for use in the suit of McQuilken against the city.

#### ASSESSORS' MAPS.

During the season we have practically completed the surveys for these maps. Some small details still remain to be worked out in the field, but they will not require the expenditure of much time or money.

We expect to have the plans for the assessors' use completed by April 1, 1917.

There was appropriated for this work the sum of five hundred dollars; there was expended the sum of five hundred seventy dollars and forty-five cents. The balance above the appropriation was taken from the funds of the engineering department.

#### MISCELLANEOUS.

The report of the board of examiners of plumbers and the hydrant commissioners has been placed before you in their respective reports to this board.

Meetings of this board and the Board of Public Works have been attended when information was requested from this department.

Plans for changes and improvements at the Good-Will

Hose House were made for the Committee on Lands and Buildings, bids secured by the committee, and the work carried out under their direction.

The changes made in this station give much better clearance for the apparatus housed therein, both in leaving and entering the premises.

The floor in the Central Fire Station was strengthened to carry the new pumping engine.

The employees of this department during the past season were: Fred W. Lang, principal assistant; Orion H. Hardy, transitman; Joseph H. Lane, rodman, whose services have been of value to the city in their respective positions.

For the privilege of attending the annual meeting of the American Society of Municipal Improvements, and the uniform courtesy and interest shown this department by the Mayor and your Board, I wish to express my appreciation.

Respectfully submitted,

WILL B. HOWE,  
*City Engineer.*

## BOARD OF HYDRANT COMMISSIONERS.

---

CONCORD, N. H., December 31, 1916.

*To the Board of Mayor and Aldermen:*

The eleventh report of this board, for the year 1916, is herewith submitted.

One meeting was held during the year and the location of a hydrant on the westerly side of South Main Street near the residence of Albert P. Davis was recommended.

The hydrants left over from 1915 were set during the past season.

Respectfully submitted,

WILL B. HOWE,  
W. G. GREEN,  
P. R. SANDERS,

*Board of Hydrant Commissioners.*

## BOARD OF EXAMINERS OF PLUMBERS.

---

CONCORD, N. H., December 31, 1916.

*To the Board of Mayor and Aldermen:*

The seventeenth annual report of this board is herewith submitted.

The membership and organization of the board is as follows:

Charles H. Cook, M. D., Frederick F. Converse, Chairman, and Will B. Howe, City Engineer, Clerk.

Two applicants were examined during the year, one for a master's license and one for a journeyman's license, both of whom passed their examinations and were granted licenses for their respective grades.

The annexed table gives the names of all plumbers registered by this board, their grades and the amounts paid, with dates of payments and the date of expiration of licenses and certificates.

The total receipts of the board from all sources was \$25.50.

There has been expended for supplies and postage the sum of \$1.96.

We still have on hand \$1, paid in 1915, for an examination, for which the applicant has never appeared.

## PLUMBERS' CERTIFICATES AND LICENSES ISSUED AND RENEWED DURING 1916.

Name.	Certificate Number.	License Number.	Class of Plumber.	Date of Renewal.	Date of Expiration.	Fee.	Examination.

## FIRE DEPARTMENT.

### REPORT OF CHIEF ENGINEER.

*To the Board of Aldermen:*

In accordance with the requirements of the city ordinance, I herewith submit for your consideration the report of the Fire Department for the year 1916.

The department responded to 34 bell alarms and 239 still alarms.

In addition, two fires occurred, entailing loss, for which no alarms were given, making a total of 275 for the year.

	Bell.	Still.	No alarm.	Total.
Precinet,	18	180	1	199
Penacook,	9	31	1	41
East Concord,	6	14		20
West Concord,	1	14		15
	—	—	—	—
	34	239	2	275

This report will be found to contain statements in detail embracing the amount of expenditures, a complete roll of the department with residence and occupation of each member, a record of all fires and alarms which have occurred during the year and the causes thereof as nearly as could be ascertained, with the names of the owners or occupants and the value, loss, insurance, and insurance recovered in each case.

Nothing of importance occurred during the year, the city suffering less from fire loss than for a great many years.

The apparatus is in good condition. The fire alarm system is also in good condition. The same can be truthfully said of the system at Penacook.

One box was purchased for the Penacook system, but not installed.

An electric pump for testing hose was purchased during the year and found to be satisfactory.

The duties incumbent on the undersigned in the line of inspection of wires and buildings have been performed.

In compliance with instructions from your honorable body, the seating capacity of all halls in the city has been established, and notices to that effect have been posted in said halls.

As more hose was condemned than purchased during the year, I would respectfully recommend the purchase of at least one thousand feet.

During the month of August, I had the pleasure of attending the convention of the International Association of Fire Engineers held at Providence, R. I., a report of which I rendered at that time.

I wish again to take occasion to thank your honorable body for the opportunity afforded me to attend.

Respectfully submitted,

W. C. GREEN,  
*Chief Engineer.*

## APPARATUS AND FORCE.

The apparatus and force of the department is as follows:

Precinct, located at the Central Fire Station, one first-class Amoskeag engine, "Eagle," with modern hose wagon, attached to Eagle Steam Fire Engine Company (13 men); one second-class Amoskeag engine, "Kearsarge," and modern hose wagon, attached to the Kearsarge Steam Fire Engine Company (14 men); one second-class Amoskeag engine, "Governor Hill," relief engine, in charge of an engineer and fireman; and one auto-combination car in charge of five permanent men; one ladder truck, "City of Concord," attached to Hook and Ladder Company (21 men); one house man at Central Fire Station. There are ten horses kept at this station. There are 10 permanent men located at the Central Fire Station and one permanent man at each fire station within the precinct.

The Alert Hose Company (11 men), located on Washington Street, has a modern hose wagon with permanent man and two horses.

The Good Will Hose Company (11 men), located on the corner of Concord and South State Streets, has an auto-combination car with permanent man.

Veterans' Auxiliary Company (30 men).

One hook and ladder truck, one hose reel, one chemical engine, one hand engine and two wagons in reserve.

The "Pioneer" Engine Company, No. 3 (28 men), at Penacook, has a third-class Metropolitan engine, with two hose wagons.

The Cataract Company (30 men), at West Concord, has an auto-combination car and a modern hose wagon.

Old Fort (30 men), East Concord, has a 4½-inch cylinder Hunneman hand engine and hand ladder truck, and one hand-drawn chemical engine, 50-gallon, single tank, and one auto-combination car.

## HOSE.

Precinct,	10,650 feet cotton, rubber lined.

## FIRE-ALARM TELEGRAPH.

## NUMBER, LOCATION, ETC.

For the purpose of uniformity in numbering the fire-alarm boxes, the city is divided into six districts, viz.:

DISTRICT 1. Embraces that section of the city north and west of Washington Street, Box 17 of this division being located on the south side of the street.

DISTRICT 2. Embraces all between School and Washington Streets.

DISTRICT 3. Embraces all between Pleasant and School Streets.

DISTRICTS 4, 5 AND 6. Embrace all south of Pleasant Street.

The first figure of the box number will indicate the district.

## DISTRICT NO. 1.

- 9. New Hampshire State Prison.
- 12. Curtice Avenue.

\*Brick cemented.

13. Franklin and Rumford.
14. Bradley and Walker.
15. Main and Church.
16. Franklin and Jackson.
17. Alert Hose House.
18. C. S. Gale's Store.
19. Centre and Liberty.
131. Franklin and Charles.
191. Auburn and Granite.

## DISTRICT No. 2.

21. State, opposite Court.
23. Main and Chapel.
24. Main and Centre.
25. Main and School.
26. Centre and Union.
27. School and Merrimack.
28. School and Spring.
29. Centre and Essex.

## DISTRICT No. 3.

32. Warren and Pine.
34. Central Fire Station.
35. Martin's Drug Store.
36. Pleasant and Spring.
37. Pleasant and North Fruit.
38. Orchard and Merrimack.

## DISTRICT No. 4.

41. South and Thompson.
42. Good Will Hose House.
43. Main and Fayette.
45. Nelson & Durrell's Store.
46. Perley and Grove.
47. South, opposite Downing.
48. Thorndike and South.
49. West and Mills.

- 412. Wall and Elm.
- 413. Main, opposite Thorndike.
- 414. State and West.
- 471. Clinton and South Fruit.

## DISTRICT No. 5.

- 51. Boston & Maine Railroad, new shops.
- 52. South Main and Allison.
- 53. Hall and Hammond.
- 54. Broadway and Pillsbury.
- 56. St. Paul's School.
- 57. Pleasant View.
- 521. Broadway and Rockingham.
- 522. South Main and Holly.

## DISTRICT No. 6.

- 62. South Main, opposite Holt Bros.

## PRIVATE BOXES.

- 5. Boston & Maine Railroad, north end passenger depot.
- 6. The Abbot & Downing Company.
- 7. New Hampshire State Hospital.
- 8. Page Belting Company.
- 9. Three boxes inside New Hampshire State Prison.
- 33. State House.
- 39. Odd Fellows' Home.
- 55. Boston & Maine Railroad, old repair shops.
- 92. New England Box Company.

---

FIRE-ALARM SIGNALS.

Alarms rung in from Boxes 41, 42, 43, 45, 46, 47, 48, 49, 412, 413, 414, 471, 51, 52, 53, 54, 55, 56, 57, 62, 521 and 522, will not be responded to by the Alert Hose Company until signaled. The signal to proceed to the fire will be four blows or second alarm, excepting alarms rung in from Box 56.

Alarms rung in from Boxes 8, 9, 12, 13, 14, 15, 16, 17, 18, 19, 131, 191, 21, 23, 26, 27, 29, 32, 37, 39, 92 and 56 will not be responded to by the Good Will Hose Company until signaled. It will be governed by the same signals governing Alert Hose Company. The Alert Hose and Good Will Hose Companies will hitch up and remain in readiness 20 minutes after the first alarm, to all boxes not responded to on first alarm. Then, receiving no signal, the officers in charge shall dismiss their companies.

Alarms rung in from Boxes 12, 37, 53, 54, 57, 191, 471 and 521 will not be responded to by the Kearsarge Company on first alarm.

The signal to proceed to the fire will be two blows, four blows, or second alarm, as circumstances may warrant.

Kearsarge Steamer to all calls except 51.

Eagle Hose Company to all calls.

Eagle Steamer to Box 6, on first alarm; to Boxes 23, 24, 25, 33, 34, 35, 42, 43, 45 and 413, on second; to all others on third, except 9 and 56.

Governor Hill Steamer will respond to Boxes 7, 8, 9, 39 and 92 on first alarm; to Boxes 5, 6, 12, 13, 14, 15, 16, 17, 18, 19, 131, 191, 21, 26, 27, 28, 29, 32, 36, 37, 38, 41, 46, 47, 48, 49, 412, 414, 471, 52, 54, 55, 57, 62, 521 and 522, on second; to all others on third.

Combination Company will respond to all box alarms.

Veterans' Auxiliary Company will respond to all third alarms occurring before the recall, whether emanating from same box or not.

Two rounds of 11 strokes each will signalize the requirement of assistance out of town, and will be responded to by a detail of three men from each company, appointed for the purpose, and by those alone.

Two additional blows will indicate that the call for assistance emanates from East Concord. Such apparatus will be detailed as circumstances warrant. In case further aid is necessary, Box 34 (Central Station) will follow.

All-out signal, three strokes of the bell.

## BRUSH FIRE SIGNAL.

Three rounds of four strokes each will be sounded on the bells and will be responded to by a detail of four men from each company, appointed for the purpose, and by those alone.

## MILITARY SIGNAL.

Two rounds of 3-1-2.

## SIGNALS FOR CLOSING SCHOOLS.

Two strokes of the bell given three times, with a pause of 15 seconds between the rounds.

The signal to close for the forenoon session will be given at 8 o'clock a. m.

The signal to close for the afternoon session will be given at 1 o'clock p. m.

The signal to close all schools for one session will be given at 11.30 a. m.

## TESTING SIGNALS.

For the purpose of testing the condition and accuracy of the fire-alarm telegraph, a box alarm will be rung in every Monday afternoon at 4.30 o'clock precisely. It will be one single round only, indicating by the strokes on the bells the number of the box. The boxes used for this purpose will vary each week, alternating in the circuits.

Upon each other week-day a single blow upon the bells will be rung in from a box, alternating as before mentioned.

## THE FIRE-ALARM TELEGRAPH.

is the "Gamewell" patent. It embraces 42 miles of wire.

On the lines are 46 fire-alarm boxes belonging to the city, and 9 private boxes—in all, 55. There are three alarm bells, one of 3,724 pounds (bell metal), one of 3,740 pounds (bell metal), and one of 2,000 pounds (American steel). There are also 16 mechanical tappers, 40 direct action tappers, one four-circuit repeater, and six indicators.

The battery consists of 259 storage battery cells.

The alarm system was installed in 1880 by the Gamewell Fire-Alarm Telegraph Company.

## DIRECTIONS FOR GIVING AN ALARM.

Above all things, keep cool.

To obtain the key to the box, break the glass in the key box located beneath the alarm box.

In each box there is a small bell called a "tell-tale," designed expressly for the purpose of informing you whether an alarm is being transmitted the instant you open the door.

Open the box, and if this bell is not heard, pull down the hook once only and let go.

But if this bell should be heard, it would indicate that another box had been pulled, and it would be useless to attempt to pull another until the one already pulled had performed its mission.

Wait until 20 seconds have elapsed after the "tell-tale" has stopped ringing, close the door, which will restore the armature to the position it left when the door was opened.

Open the door, pull down the hook once only and let go.

Should there be no response, pull it again.

Then should there be no response, go to the next box.

Unless your presence is most urgently required at the scene of the fire, remain at the box to direct the department.

Never open the box or touch anything pertaining to it except in case of fire.

Never given an alarm for a fire seen at a distance.

Be reasonably sure that there is a fire before giving an alarm.

Never give an alarm for a chimney fire unless there is imminent danger of the building catching.

## PENACOOK FIRE-ALARM TELEGRAPH.

## NUMBER, LOCATION, ETC.

*W. C. Green, Chief Engineer:*

I herewith submit for your consideration the following report of the Penacook fire-alarm telegraph system: The system is the Gamewell patent, and consists of five miles of No. 9 iron wire. On the lines are fourteen boxes owned by the city, two private boxes, one 1,500-pound bell, one indicator, three mechanical gongs and 4 direct-action tappers. The battery consists of forty-two storage battery cells. I would respectfully recommend the addition to the system of one new box the coming year.

Respectfully submitted,

FRED M. DODGE,  
*Superintendent of Fire-Alarm.*

## LOCATION OF BOXES.

31. Elm Street, near S. N. Brown's house.
34. Charles Street, near schoolhouse.
35. Washington Square.
36. Washington, near sawmill.
37. Washington Street, near outlet.
38. Junction of West Main and South Main Streets.
39. South Main Street, near cemetery.
41. Corner of Centre and East Canal Streets.
42. High Street, opposite Maple Street.
43. Spring and Centre Streets.
45. Summer Street, opposite Church Street.
46. Merrimack Street, opposite Cross Street.
47. Merrimack Street, near Hose House.
48. Corner Penacook and Rolfe Streets.

## PRIVATE BOXES.

25. Hoyt Electrical Instrument Works.
62. Concord Axle Works.

## ALL-OUT SIGNAL.

Three strokes of the bell.

## BRUSH FIRE SIGNAL.

Three rounds of four strokes each.

## OUT OF TOWN SIGNAL.

Two rounds of eleven strokes each.

## FOR FIRE ON BOSCAWEN SIDE.

Box 35, with two additional strokes.

## SIGNALS FOR CLOSING SCHOOLS.

After this date the High School and Summer Street School will not be closed by signal.

The Charles Street School and the Elementary Grades in Main Street School will be closed whenever the signal is sounded. When sounded at 7.30 a. m., there will be no morning session of these schools; when sounded at 12.15 p. m., there will be no afternoon session.

The signal used will be the same as heretofore:—Two strokes of the fire-alarm bell given three times with a pause of fifteen seconds between the rounds (2—2—2.) Jan. 25, 1915.

## TESTING SIGNALS.

For the purpose of testing the condition and accuracy of the fire-alarm telegraph, a box alarm will be rung in every Saturday afternoon at 12.50 o'clock precisely. It will be one single round only, indicating by the strokes on the bells the number of the box. The boxes used for this purpose will vary each week, alternating in the circuits.

Upon each other week-day a single blow upon the bells will be rung in from a box, alternating as before mentioned.

The Penacook fire-alarm system was installed in June, 1908, under direction of the chief engineer.

## REVISED ORDINANCE.

## CHAPTER XVIII.

## FIRE DEPARTMENT.

## SECTION

1. Fire department — how constituted.
2. Tenure of office, vacancies.
3. Chief engineer, salary.
4. Chief engineer, powers and duties.
5. Assistant engineer, powers and duties in absence of chief.
6. Foremen, duties of inspection, etc.
7. Foremen, duties at fires.
8. Stewards, Alert and Good Will Hose companies.
9. Apparatus to be cleaned, etc.
10. Badges and uniforms.
11. Salaries and pay.
12. Extra services, charges for.
13. Apparatus and firemen to be kept in city.
14. Engineers to inspect buildings; to take means for speedy extinguishment of fires.
15. Absence, neglect of duty.
16. Volunteer companies.
17. Parade, drill, and inspection.
18. Engineers—full control at fire.
19. Regulations concerning shavings and combustibles.
20. Board of engineers to make regulations.

## SECTION

21. Disobedience and neglect of duty; qualifications of members.
22. Applications for membership; officers and members not to take part in political matters.
23. Fire-alarm telegraph—chief engineer to have control.
24. Vacation without loss of pay, when.
25. Supplies, purchase of.
26. Removal and protection of property endangered by fire.
27. Hydrants to be personally examined by chief engineer.
28. Pay-roll of department.
29. Care and control of fire department buildings in Wards 1, 2, and 3.
30. Stewards of companies in outside wards.
31. Regulations concerning drivers and permanent men; chief engineer to be furnished with horse and wagon.
32. Brush and forest fires.
33. Veteran Firemen's Associations made auxiliary branch.
34. Appropriation for.

SECTION 1. The fire department shall consist of a chief engineer, two assistants within the precinct, one engineer each from Ward 1, Ward 2 and Ward 3; two steamer and hose companies, one company to consist of thirteen men, including driver, and one company to consist of fourteen men, including driver; one relief steamer (company) to consist of two men; two hose companies to consist of eleven men, including driver; [\*a chemical engine company to consist of two men]; a hook and ladder company to consist of twenty-one men, including driver; a house man at Cen-

\*Displaced by Combination Company No. 1, December 9, 1913.

tral Fire Station; steamer Pioneer, not less than twenty nor more than forty men; hand engine companies No. 2 and No. 3, not less than twenty nor more than thirty men each. Each company shall be allowed three substitutes, except Hook and Ladder Company, No. 1, which shall have five, to be approved by the chief engineer. The engineers shall exercise the powers of fire-wards, and those within the precinct shall constitute the board of engineers.

SECT. 2. The chief engineer and assistant engineers and all other members of the fire department shall hold their respective offices and places until they are removed, or their offices or places are otherwise vacated. The board of mayor and aldermen, for cause, and after a due hearing, may at any time remove from office or place the chief engineer, any assistant engineer, or any officer or member of the department. In case of vacancies from any cause in the department, of officers or men connected in any manner with the fire service, such vacancies shall be filled by the board of mayor and aldermen.

SECT. 3. The chief engineer shall give his entire time to the duties of his office, unless herein otherwise provided, and shall not engage in or be connected with any other business or occupation, and shall reside in a house to be furnished by the city free from rent. He shall receive in full for his services as chief, in addition to the use of said house, rent free, the sum of twelve hundred and fifty dollars per annum.

SECT. 4. The chief engineer shall have the sole command at fires over all persons, whether members of the fire department or not. He shall direct all proper measures for extinguishing fires, protecting property, preserving order and enforcing the laws, ordinances, and regulations respecting fires; and shall examine into the condition of the fire engines and all other fire apparatus, and of the fire engine houses and other houses belonging to the city and used by the department, and by the companies thereto attached, as often as once a week, and whenever directed to do so by the mayor, or the committee on fire department through its

chairman. He shall certify all bills and submit the same for inspection monthly to the joint standing committee on fire department. He shall report to the board of aldermen annually a statement of the receipts and expenditures of the fire department, the condition of the fire engines and all other fire apparatus, a detailed schedule of the property in his charge, the names of the officers and members, and all other facts in relation to the department. Whenever the fire engines or other fire apparatus require repairs he shall, under the direction of the committee on fire department, cause the same to be made, and as far as practicable he shall examine into the location and condition of fire apparatus belonging to corporations or private individuals within the limits of the city. He shall require permanent men, when not otherwise engaged, to perform such other duties and do such other work as in his judgment may be deemed proper. He shall be responsible for the proper care of all property connected with the fire department. He shall keep fair and exact rolls of the respective companies, specifying the time of admission and discharge, and the age of each member and shall report annually, or oftener if directed, all accidents by fire which may happen within the city, with the causes thereof, the number and description of the buildings destroyed or injured, and the amount of loss and insurance on the same, together with the names of owners or the occupants, and shall make returns as required by the public statutes. He shall visit each department house as often as practicable, and inspect the men, the books of the house, and see that the quarters are properly conducted and in good order. He shall have the power to suspend any officer or member of the department for insubordination, disorderly conduct or neglect of duty, said suspension to continue pending the action of the mayor and aldermen. The chief engineer shall examine all places where shavings and other combustible materials may be collected or deposited, and cause the same to be removed by the tenants or occupants of such places, or

at their expense, whenever in his opinion such removal is necessary for the security of the city against fires.

SECT. 5. In the absence of the chief engineer, the next assistant engineer in rank, who may be present, shall have the powers and perform the duties of the chief engineer and the seniority in rank of the engineers shall be determined by the board of engineers at their first meeting.

SECT. 6. The captain of each engine, hose, and hook and ladder company, immediately after every fire at which said company may have attended, shall examine into the condition of the fire apparatus belonging to his respective company, and report any deficiency which may exist to the chief engineer. He shall keep, or cause to be kept by the clerk of his company, exact rolls, specifying the time of admission, discharge, and age of each member, and accounts of all city property entrusted to the care of the several members, and of all cases of absence and tardiness, in a book provided for that purpose by the city, which rolls and record books are always to be subject to the order of the chief engineer and mayor. They shall also make, or cause to be made, to the chief engineer, true and accurate returns of all members, with their ages, and of the apparatus entrusted to their care, whenever called upon so to do.

SECT. 7. The captain of each company shall, under the direction of the chief engineer, have charge and management of his company at fires; the lieutenant shall assist the captain in the discharge of his duties, and act as clerk of the company, and in the absence of the captain assume his authority. The captain and lieutenant shall be appointed by the chief engineer.

SECT. 8. The stewards of the Alert and Good Will Hose Companies shall act as drivers of hose carriages, take charge of and properly care for and exercise the horses used by each company. They shall be permanently engaged and devote their whole time to the department, and sleep in their respective stations at night; and for the proper execution of all duties required of them shall be subject to the direction of the chief engineer.

SECT. 9. It shall be the duty of every engine, hose, and hook and ladder company, to have its engine, hose and other apparatus cleaned, washed, oiled, reeled and housed immediately after its return from any fire or service, and at all times to maintain the same in good condition, and the members of the several companies shall perform any necessary duties which the chief engineer or their respective captain may direct.

SECT. 10. All members of the department when on duty shall wear some suitable badge, to be designated by the board of engineers. The chief and permanent members shall wear at all times when on duty the regulation uniform worn by the fire department.

SECT. 11. The pay-rolls for the board of engineers and the several fire companies shall be made up by the chief and clerk of the board of engineers semi-annually, on the first day of January and July. Captains and clerks of companies will forward their pay-rolls to the board of engineers for approval and after the action of said engineers and the committee on accounts and claims, said pay-rolls shall be passed over to the city tax collector, under whose sole direction all sums for services of call firemen shall be disbursed.

SECT. 12. No charge for extra services will be allowed any member of the department unless upon an order of a member of the board of engineers.

SECT. 13. No engine, hose, or hook and ladder carriage shall be taken to a fire out of the city without permission from the chief engineer, except steamer Pioneer, which may be taken to any fire in the village of Penacook, nor shall any apparatus of the fire department be taken from the city except in case of fire, without permission from the board of mayor and aldermen; and in sending any apparatus to aid in extinguishing fires in neighboring localities, the chief in all cases will authorize his assistant next in rank available to take charge of the direction of such apparatus, and not allow any firemen, at such an emergency, to leave the city, except such a number as is actually required to man

the apparatus, and no member to leave without permission or direction from the chief engineer.

SECT. 14. It shall be the duty of engineers and firemen, whenever there is an alarm of fire in the city, to repair immediately to the place of such fire, wearing a suitable badge, and the engineers shall take proper measures that the several engines and other apparatus be arranged and duly worked for the speedy and effectual extinguishment of the fire. The engineers shall inspect and make themselves familiar with all shops, hotels, tenement blocks, and all public buildings, halls, churches, schoolhouses and asylums once in each six months and study the location of all hydrants and reservoirs in the city, and generally inform themselves in all matters pertaining to their duties as engineers. No engineer shall interfere with or attempt to give orders relative to the location or use of a line of hose, when he has ascertained that another has command of it, unless by consent of the engineer in command of it, or by orders of the officer in command of the fire; and it shall be his duty to inquire if there is an officer in charge.

SECT. 15. For each absence from fire, or neglect of duty, the chief engineer, the assistant engineers, and engineers of steamers shall be fined three dollars, and each other member of the department one dollar; provided, however, that any fireman liable as above may in case of sickness have power of substitution by giving notice, each assistant engineer to the chief, each captain to an engineer, and each other member to the captain of his company. All fines shall be paid to the clerks of respective companies at the first regular meeting after they are incurred. The clerks of companies shall disburse the fines to substitutes answering for absent members in cases where there were substitutes. In cases where there were no substitutes the fines shall be paid to the city.

SECT. 16. Any volunteer company using the apparatus of the city at any fire shall be under the control and command of the chief engineer and his assistants, agreeably to the foregoing provisions of this chapter.

SECT. 17. The department shall appear for public parade, drill and inspection at such times as the chief engineer and committee on fire department shall order, for which purpose three hundred dollars may be expended annually. The companies in Wards 1, 2 and 3 will attend by invitation and voluntarily. Each company in the department under the direction of the chief engineer or assistants shall take out their respective engines and apparatus for exercise and drill as often as he shall direct, such exercise and drill to take place in public, not oftener than once a month, and at least once in two months, between the first of April and November.

SECT. 18. The engineers shall have control of all persons appointed to serve in any company of the fire department and power to direct and control the labor of all persons present at any fire. An engineer may and shall cause any fire deemed by him to be dangerous in any place to be extinguished or removed.

SECT. 19. The engineers may establish such regulations respecting the kindling, guarding and safe-keeping of fires and for the removal of shavings and other combustibles from any building or place, as they shall think expedient. Such regulations shall be signed by a majority of the engineers. Such regulations shall be approved by the mayor and aldermen, recorded by the city clerk, and copies attested by him posted up in two or more places in the city thirty days, when they shall take effect. Penalties not exceeding twenty dollars for each offense may be prescribed by the engineers for the breach of such regulations, and such regulations shall remain in force until altered or annulled.

SECT. 20. The board of engineers may from time to time make and enforce such regulations for the government of the department as may be deemed proper, subject to the approval of the board of mayor and aldermen.

SECT. 21. If any member of any of the several companies shall wilfully neglect or refuse to discharge his duty, or shall be guilty of disorderly conduct or disobedience to

any officer or to any engineer, he shall for any such offense be forthwith dismissed from the department by direction of the chief engineer. No person shall be a member of, or serve in, the fire department, who is under the age of twenty years, and no person whose occupation is carried on outside the city shall be appointed a member of the fire department.

SECT. 22. All applicants for membership shall be nominated by the chief engineer, and shall receive pay and be considered members of the department from the date of their confirmation by the board of mayor and aldermen.

No person shall hereafter be appointed to any position in the fire department unless and until the committee on fire department shall have certified in writing to the board of mayor and aldermen that such person has been examined by them, or under their supervision, and is in their opinion qualified to perform the duties of the position to which he is nominated.

No officer or member of the permanent, or officer of the call, force shall attend any political convention as a delegate, distribute tickets at any election, or take any part whatever in political matters other than to exercise the right of suffrage, and no political or religious discussion shall be permitted in any of the department houses.

SECT. 23. The chief engineer shall have the care and management of the rooms, apparatus, machinery, wires, poles and signal boxes connected with the fire-alarm telegraph. He shall prepare rules and directions for giving alarms of fire through the telegraph. He shall have the superintendence, and under the direction of the joint standing committee on fire department have control of the several stations, the apparatus, the furniture therein, and all other property appertaining to the department. He shall, with the assistance of the permanent men at the Central Station, make the necessary repairs and take care of the fire-alarm system, including the batteries, all alarm boxes, and everything pertaining to the fire-alarm system. He shall per-

sonally be able to master the fire-alarm in every particular, and every permanent man at the Central Station shall be obliged to understand the fire-alarm system, in order that the chief engineer may call upon any of them to attend to and repair any part of the same. This provision shall not be construed to prevent the chief engineer from employing extra linemen when necessary, or from acting promptly in any emergency.

SECT. 24. Permanent officers and men of the department shall be entitled to a vacation without loss of pay of fourteen days in each year. [In addition they shall be entitled to be off duty without loss of pay two days in each month, such two days not to be taken in the same week. In the weeks that they are not off duty for a day, under the above provision, they shall be entitled to be off duty for one night without loss of pay.] All vacations and absences from duty under the above to be under the direction of the chief engineer. [Amended, One day in seven granted. Affective April 1st. 1916.]

SECT. 25. The standing committee on fire department, subject to the board of mayor and aldermen, shall by themselves or agent purchase all supplies in connection with the fire department, and direct all repairs of apparatus; and all bills contracted for the department must receive their approval before being passed on by the committee on accounts and claims. They shall hold stated meetings at least once each month at the Central fire station, and all communications to the city government from the fire department must come through said committee, and annually at the call of the finance committee, in connection with the chief engineer, they shall make recommendations as to the amount of appropriations the wants of the department will require for the coming year.

SECT. 26. The city marshal and regular police officers shall have in charge all matters relating to the removal and protection of personal property endangered by fire, and any person entering a building or removing property contrary to the orders of the city marshal or such police

officers shall be fined five dollars; and in the absence of firemen at fires from their respective department houses, the policemen in that vicinity will take charge of said houses.

SECT. 27. It shall be the duty of the chief engineer to cause all snow and ice or other obstructions to be removed from and around all fire hydrants owned by the city, so that at all times the fire department can make immediate connection of the hose to the hydrants.

SECT. 28. The annual pay of the members of the fire department shall be as follows, and in full for all services in said department:

Chief, twelve hundred and fifty dollars per annum and house-rent; permanent force at Central fire station, eight hundred and forty dollars each, drivers at Good Will and Alert hose houses, eight hundred and forty dollars each, the members of the chemical company nine hundred and twelve dollars each, per annum, payable semi-monthly; assistant engineers, within the precinct, one hundred and forty-five dollars each; engineers of steamers, within the precinct, one hundred and thirty-five dollars each; captains of companies, within the precinct, each one hundred and ten dollars per annum; lieutenants of companies, within the precinct, one hundred and five dollars per annum; members of steamer, hose, and hook and ladder companies, within the precinct, and house man at Central fire station one hundred dollars per annum; outside the precinct, engine companies Nos. 2 and 3, three hundred and forty dollars each, and Pioneer Steamer company No. 3 [\*six hundred dollars], said sums to be divided among the members as each company shall direct; engineer of steamer at Penacook, seventy-five dollars per annum; assistant engineer at Penacook [†twenty-five dollars]; assistant engineer at East Concord, twenty dollars; and assistant engineer at West Concord, twenty dollars.

SECT. 29. The several engineers residing in Wards 1,

\*Advanced to one thousand dollars. Effective January 1, 1913.

†Advanced to seventy-five dollars. Effective July 1, 1913.

2 and 3 shall have the entire care and control, under the direction of the chief engineer, of the buildings and appurtenances occupied in part by the fire department situated in said wards, respectively, to whom all applications for the use of the halls, or any other part of such building, shall be made. Said engineers may severally appoint janitors, at annual salaries not to exceed fifteen dollars, who shall serve under the exclusive direction of the engineer having the care and control of the building where said janitor shall be appointed. Each of said engineers shall annually, in the month of December, render a detailed statement, in writing, to the mayor and aldermen, of all receipts and expenditures for the preceding year on account of such buildings.

SECT. 30. Stewards for the Pioneer Steamer Company and Engine Companies Nos. 2 and 3 shall be appointed by the mayor and aldermen, and shall receive for all services performed by them in that capacity the following sums: For Pioneer Steamer Company, thirty dollars per annum, and when performing the duties of janitor of the building an additional sum of forty-five dollars per annum; and for stewards of Engine Companies Nos. 2 and 3, thirty dollars per annum each. No steward shall be allowed to purchase supplies for such building, or for the department, unless by the authority and direction of the committee on fire department; and in no case shall he have any care or control of the building or its appurtenances occupied by the company of which he is a member, except in the immediate service of the company, unless he shall be appointed janitor thereof, when he shall be under the direction of the engineer, as provided in the foregoing section.

SECT. 31. The permanent men and horses at all of the fire stations in Concord shall at all times be on duty at their respective stations to attend to fire-alarms calls; and neither the permanent men nor the permanent horses connected with the fire department shall engage in any work for any other department of the city.

The men at the different fire stations shall do such work in connection with the station and apparatus as the chief engineer or his assistants may direct. All permanent men shall lodge in their respective stations (except the chief), and in all cases of absence a substitute must be furnished; and in all cases when any extra service is required, the chief, with the sanction of the committee on fire department, shall have power to hire the same; the chief may also increase as far as possible the number of call men who wish to lodge at any fire station, subject to the regulations of the fire department. The chief engineer shall be furnished with a horse and wagon, to be maintained by the city, for his use at all times.

SECT. 32. All alarms for brush or for forest fires shall be responded to by members of the fire department under such rules and regulations as shall be prescribed by the chief engineer.

SECT. 33. The Veteran Firemen's Association is hereby constituted and made an auxiliary branch of the regular fire department of this city, the members of said association to be considered as honorary and to organize a co-operative working force to serve in emergency, without compensation, such service to be under the direction and control of the officers of the regular organization in allegiance and compliance thereto.

SECT. 34. The standing committee of the board of aldermen on fire department is authorized and directed to rent, at an expense not exceeding one hundred and fifty dollars a year, suitable rooms for the accommodation of said Veteran Firemen's Association, the same to be selected by said association, the same to be charged to the regular appropriation for fire department.

## ADDITIONAL REGULATIONS.

ARTICLE 1. Any engine or hose company running out a line of hose from a hydrant or steamer shall be entitled to the pipe, although the hose of other companies may be attached, in order to reach the fire. And any company coming to a fire, and finding an incomplected line of hose laid out from a hydrant or steamer, shall attach to and lengthen out such line, in lieu of laying a line of its own.

ART. 2. When two or more engine companies are playing in a continuous line, the pipe shall belong to the company attaching to hydrant or steamer as provided in the foregoing article; but any company furnishing the entire line, and receiving water from a steamer, the pipe shall belong to such company so receiving.

ART. 3. Hose companies shall attach first lines to high pressure hydrants where accessible; steamers attaching to those of low pressure, or reservoir.

ART. 4. No company shall take possession of a hydrant or reservoir unless their hose and apparatus for attaching to the same are at hand and ready for use.

ART. 5. In proceeding to, working at, or returning from fires, noisy demonstrations are strictly prohibited, and it is required of officers of companies to maintain perfect order and decorum in their respective commands during all such service.

ART. 6. In case of fire the captain first arriving shall be in command until the arrival of an engineer.

ART. 7. Drivers are strictly enjoined, in proceeding to a fire, to use the utmost care and caution consistent with promptness. Racing between companies is forbidden under any circumstances. Any collision or casualty occurring to horses or apparatus will be considered a sufficient cause for the suspension of the driver in charge at the time.

ART. 8. Fire hats are furnished by the city for the protection and identification of the firemen, and they must be

worn at all times except in the severest weather, when caps may be worn.

ART. 9. While attending fires it shall be the duty of members of the department, when not performing active service, to concentrate about their respective pieces of apparatus.

ART. 10. All engine and hose companies responding to second or general alarms will connect, but will not lay their lines until they have reported to the officer in command for orders.

ART. 11. The wearing of badges shall not be regarded by members of the department as conveying to them the privilege of free access to premises after fire has been extinguished.

ART. 12. All members of the department shall address all officers by their respective titles while on duty at fires.

ART. 13. The roll of each company shall be called as soon as the apparatus is housed, and no member will be excused except in case of sickness. Rolls must be called after every alarm. No officer or member will be marked present on the company roll unless present at fires and returns to house with apparatus, unless excused by an engineer.

ART. 14. All orders issued by the chief or an assistant engineer shall be promptly obeyed. At all fires occurring in the night, the chief engineer shall be identified by a red light, assistant engineers by blue lights.

ART. 15. Members of the department are expected to cheerfully comply with all rules and regulations which are adopted or which may be adopted. Captains will be held responsible for all lack of promptness and efficiency in their commands.

## ROLL OF THE FIRE DEPARTMENT, 1916.

---

 Permanent Chief Engineer.

WILLIAM C. GREEN,

Office, Central Fire Station.

## Assistant Engineers.

## PRECINCT.

WALTER J. COFFIN, 1st Asst., Shipping clerk,

60 Pleasant Street.

SYLVESTER T. FORD, 2d Asst., Molder,

41 So. Main Street.

WALTER J. COFFIN, Clerk of the Board.

## WARD 1.

FRED M. DODGE,

Electrical Inst. maker,

61 Merrimack Street.

## WARD 2.

ELBRIDGE EMERY,

Butcher,

Potter St., East Concord.

## WARD 3.

GEORGE W. KEMP,

Overseer,

16 Fisher St., West Concord.

## REPORT OF BOARD OF WATER COMMISSIONERS.

---

OFFICE OF THE BOARD OF WATER COMMISSIONERS,

CONCORD, N. H., February 16, 1917.

*To His Honor the Mayor and the Board of Aldermen:*

The Board of Water Commissioners has the honor to transmit herewith the report of the superintendent for the calendar year 1916. His report is so comprehensive and in such detail as to furnish full and complete information in regard to the operations of the department for the period covered and it leaves little to be added.

The Board, however, desires to express its appreciation of the faithful service rendered by the superintendent and all the employees under his supervision.

We take pleasure in calling special attention to these features in the report of the superintendent:

1st. In regard to the quantity and quality of the supply.

2d. The reduction of the debt of the water precinct by the retirement of bonds.

For many years, the Board has been embarrassed by questions in regard to the rights of the public to the use of the waters of Penacook Lake and its tributaries for certain purposes and in two instances litigation has resulted. One suit is still pending. The attitude of the Board has been to await the judicial determination of the questions, *i. e.*, the rights of the public and the rights and duties of the Board in the premises.

The questions at issue in the suit now pending were considered by the late Chief Justice of the Superior Court, Hon. Robert G. Pike, and his finding of facts in the case filed with

the Superior Court apparently substantiate in full all of the contentions of the Board and it is expected that a decree based upon these findings will shortly be entered.

Respectfully submitted,

FRANK P. QUIMBY,  
GEORGE T. KENNEY,  
EDSON J. HILL,  
CHARLES R. WALKER,  
HARRY H. DUDLEY,  
NATHANIEL E. MARTIN,  
SOLON A. CARTER,  
BURNS P. HODGMAN,  
NATHANIEL W. HOBBS, *ex-officio*,  
*Board of Water Commissioners.*

## REPORT OF THE SUPERINTENDENT.

*To the Board of Water Commissioners:*

I herewith present to you the forty-fifth annual report of the operations of this department, showing the receipts, expenditures and abatements, together with a statement of the extensions and improvements made during the year ending December 31, 1916.

## RECEIPTS.

For water, from consumers by fixed rates,	\$11,506.40
For water, from consumers by meter rates,	62,984.85
From delinquents,	99.73
For water for building purposes,	45.50
pipe and stock sold and labor,	253.04
old brass and iron sold,	77.84
hay,	130.00
freight and insurance refunded,	16.98
	<hr/> \$75,114.34
Deduct abatements,	61.62
	<hr/>
Net receipts for 1916,	\$75,052.72

There has also been furnished the city free of charge the following use of water:

Public buildings,	\$179.50
Parks and playgrounds,	60.00
Cemeteries,	108.00
Street department,	774.00
Drinking fountains and water- ing troughs,	280.00
Sewer flush tanks,	45.00
455 fire hydrants at \$25,	11,375.00
	<hr/> \$12,821.50

## EXPENDITURES.

## MAINTENANCE ACCOUNT.

## General care and maintenance:

Salaries and labor,	\$5,438.69	
Maintenance of team,	122.57	
Maintenance of autos,	762.98	
Teaming and livery,	80.50	
Miscellaneous supplies and repairs,	339.42	
Tools,	120.95	
Repairs of buildings,	101.64	
Shrubbery at pumping station grounds,	60.13	
Bond and liability insurance,	497.08	
Telephones and lighting,	83.50	
Incidentals,	119.44	
	<hr/>	\$7,726.90

## Office expenses:

Salaries,	\$950.72	
Postage and printing,	314.14	
Miscellaneous supplies,	155.00	
Telephone,	33.85	
	<hr/>	1,453.71

## Care and repair of hydrants,

Stock,	\$71.11	
Labor,	231.84	
	<hr/>	302.95

## Care and repair of meters,

Stock,	\$211.27	
Labor,	564.20	
	<hr/>	775.47

## Relaying service pipes,

Stock,	\$39.82	
Labor,	182.55	
	<hr/>	222.37

Repairing leaks,		
Stock,	\$6.38	
Labor,	108.98	
	<hr/>	\$115.36
Repairing culvert,	285.72	
Work at Lake,	629.56	
Care of wood-lots,		
Planting pines,	\$380.04	
General care,	156.42	
	<hr/>	536.46
Protection of water supply,	341.45	
Penacook Park,	185.27	
Taxes, town of Webster,	48.00	
Incidentals,	29.13	
Pumping Státion:		
Salaries and labor,	\$2,335.94	
Fuel,	1,152.69	
Supplies and repairs,	548.75	
Telephone and lighting,	44.87	
	<hr/>	4,082.25
Total maintenance account,		<hr/> \$16,734.60

## CONSTRUCTION ACCOUNT.

Distribution pipes,		
Stock,	\$2,322.60	
Labor,	133.73	
	<hr/>	\$2,456.33
Service Pipes,		
Stock,	\$241.01	
Labor,	93.33	
	<hr/>	334.34
Hydrants,		
Stock,	\$517.18	
Labor,	84.12	
	<hr/>	601.30

Meters,		
Stock,	\$1,211.75	
Labor,	103.77	
	<hr/>	\$1,315.52
		<hr/>
Total construction account,		\$4,707.49
Auto truck,		1,844.94

## LAND AT PENACOOK LAKE.

Leary, Bartlett and Clement,	\$1,800.00	
John Jordan,	300.00	
Recording deeds,	3.24	
	<hr/>	2,103.24
		<hr/>
Total expenditures for 1916,		\$25,390.27

## EXTENSIONS AND IMPROVEMENTS.

Cast-iron distribution pipes have been laid and gates and hydrants set during the year as follows:

*In Dartmouth Street,*

extended south, 62 feet 6-inch pipe.

*On hydrant branches,*

21 feet 8-inch and 58 feet 6-inch pipe.

There was also laid 892 feet of  $1\frac{1}{4}$  inch pipe.

Total amount laid during the year, 1,033 feet.

Total length of main and distribution pipes now in use,  
374,357 feet, equal to 70.90 miles.

There have been set during the year 8 gates.

Total number of gates now in use, 1,047.

Seven new hydrants have been set as follows:

On Rumford Street, at Walker Street.

On Fiske Street, at Walker School.

On Rumford Street, at Morrill School.

On North State Street, West Concord, at Andrew J. Abbott's.

On Knight Street, West Concord, at Quaker Street.

On Charles Street, Penacook, at school-house.

On Cross Street, Penacook, at Spring Street.

Total number of hydrants now in use, 455.

## SERVICE PIPES,

There have been laid during the year and connected with the main pipes, 23 service pipes, consisting of

18 $\frac{3}{4}$ -inch,	421 feet.
5 1-inch,	143 feet.

---

23	564 feet.
----	-----------

There have been discontinued, 8; total number of service pipes at the present time, 3,873; total length of service pipes, 91,585 feet, or 17.34 miles.

There have been relaid 22 services and 36 curbs have been placed on old services.

We have set 74 meters during the year; removed, 5; total number now in use, 2,528.

The following table shows the height of water in Penacook Lake on the first day of each month:

January,	180.70	July,	185.40
February,	181.20	August,	184.90
March,	182.00	September,	184.70
April,	183.00	October,	184.95
May,	184.90	November,	184.45
June,	185.20	December,	184.75

The lowest point reached during the year was on January 1, being 180.70; the highest was on July 11 and was 185.90; mean height for the year was 184.15, which was 4.15 feet higher than the mean height for the year 1915 and the highest record since 1904. Water was running over the overflow 155 days during the year.

The Venturi meter has now been in operation through out one year and the use of water has averaged 2,362,000 gallons per day.

Estimating the population of the city supplied with water from our system as 20,000, the daily consumption is about 118 gallons per capita.

Owing to the continued advance in prices of materials and the scarcity of labor, we have done very little construction work and the year has been occupied with the routine work of the maintenance of the system.

We have continued the work of reforestation at Penacook Lake, setting out 27,000 additional pine seedlings procured from the state nurseries.

We have purchased an auto truck of 2000 pounds' capacity built by Abbot & Downing Co. of this city which is giving excellent service.

The rules and regulations of your Board governing boating and fishing on Penacook Lake have been strictly adhered to.

Buoys were placed one-quarter mile from the intake and no boating whatever was allowed on this part of Penacook Lake nor on Forge Pond. All persons fishing or boating on other parts of Penacook Lake have applied for permits which were granted and the conditions have been complied with satisfactorily.

Respectfully submitted,

PERCY R. SANDERS,  
*Superintendent.*

## REPORT OF THE ENGINEER AT PUMPING STATION.

---

### PUMPING STATION, CONCORD WATER WORKS.

*P. R. Sanders, Superintendent:*

SIR: I would report that the pumping machinery at the pumping station is in good working condition.

The boilers are in good condition, and will need but few repairs; the fire boxes will have to be relined in a few months.

Following is a statement of coal and other supplies used at the pumping station during the year, with a table showing the work for each month.

#### STATEMENT.

109.51 tons of New River coal.  
10 tons of Carbon Forge coal.  
105.26 tons of Beacon Smithing coal.  
107 gallons valve oil.  
6 gallons engine oil.  
22 pounds of waste.  
11 pounds of grease.  
2 cords of slab wood.  
23 gallons of peroline boiler compound.

## ENGINE RECORDS.

## E.

## SUMMARY OF STATISTICS.

---

FOR THE YEAR ENDING DECEMBER 31, 1916.

In form recommended by the New England Water-Works Association.

## CONCORD WATER-WORKS.

CITY OF CONCORD, COUNTY OF MERRIMACK, STATE OF NEW HAMPSHIRE.

---

## GENERAL STATISTICS.

Population by census of 1910—21,497.

Date of construction—1872.

By whom owned—City of Concord.

Source of supply—Penacook Lake.

Mode of supply—Gravity, also pumping to reservoir for high service and fire protection.

## PUMPING.

1. Builders of pumping machinery—Henry R. Worthington, Harrison, N. J.

2. Description of fuel used—*a.* Kind—bituminous.

*b.* Brand of coal—Forge Coal.

*c.* Average price of coal per gross ton delivered, \$5.55.

*d.* Percentage ash, 5.6%.

3. Coal consumed for year—224.77 tons.

4. (Pounds of wood consumed) ÷ 3 = equivalent amount of coal—3,602 lbs.

5. Total equivalent coal consumed for the year for pumping purposes—226.38 tons.

6. Total pumpage for the year without allowance for slip—265,045,707 gallons.

7. Average static head against which pump works—103.84 feet.

8. Average dynamic head against which pump works—105 feet.

9. Number of gallons pumped per pound of equivalent coal—522.6.

10. Duty =

$$\frac{265,045,707 \text{ gallons pumped,} \times 8.34 \text{ (lbs.)} \times 100 \times \text{dynamic head, } 105}{\text{Total fuel consumed, } 507,091 \text{ pounds.}} = 45,764,082.$$

Cost of pumping figured on pumping station expenses—\$3,779.09.

11. Per million gallons pumped—\$15.40.

12. Per million gallons raised one foot (dynamic)—\$0.146.

### CONSUMPTION.

1. Total population, census of 1910, 21,497.
2. Estimated population on lines of pipe, 20,000.
3. Estimated population supplied, 20,000.
4. Total consumption for the year, 862,130,000 gallons.
5. Passed through meters, 541,635,150 gallons.
6. Percentage of consumption metered, 62.8.
7. Average daily consumption, 2,362,000 gallons.
8. Gallons per day to each inhabitant (1), 109.
9. Gallons per day to each consumer (3), 118.
10. Gallons per day to each tap (taps in use), 609.
11. Cost of supplying water per million gallons, figured on total maintenance (Item CC), \$19.41.
12. Cost of supplying water per million gallons, figured on total maintenance plus interest on bonds (Items CC and DD), \$40.16.

## DISTRIBUTION.

## MAINS.

1. Kind of pipe—cast iron and cement-lined.
2. Sizes—from two-inch to twenty-four-inch.
3. Extended—1,033 feet during year.
4. Renewed—000 feet during year.
5. Discontinued—000 feet during year.
6. Total now in use—70.90 miles.
7. Number of leaks per mile for year—
8. Length of pipes two inches and less diameter—3.31 miles.
9. Number of hydrants added during year—public, 7.
10. Number of hydrants now in use—public, 455; private, 87.
11. Number of stop gates added during year—8.
12. Number of stop gates now in use—1,047.
13. Number of stop gates smaller than four-inch—
14. Number of blow-off gates—82.
15. Range of pressure on mains at center of city—88 pounds high service and 48 pounds low service.

## SERVICES.

16. Kind of pipe—cement-lined.
17. Sizes—three-fourths-inch to ten-inch.
18. Extended—564 feet.
19. Discontinued—215 feet.
20. Total now in use—91,585 feet.
21. Number of service taps added during year—23.
22. Number now in use—3,873.
23. Average length of service—23.64 feet.
24. Average cost of service for the year—\$10.04.
25. Number of meters added during year—74.
26. Number now in use—2,529.
27. Percentage of services metered—67.88.
28. Percentage of receipts from metered water—84.55.
29. Number of elevators added—none.
30. Number now in use—9.
31. Number of standpipes for street watering—44.

## DISPOSITION OF BALANCE, CARRIED FORWARD TO 1917.

- O. Net cost of works to date, \$1,064,529.10.
- P. Bonded debt at date, \$419,000.00.
- Q. Value of Sinking Fund at date, \$.....
- R. Average rate of interest, 3.89 per cent.

## INVENTORY.

OF THE PROPERTY OF THE WATER DEPARTMENT, INCLUDING  
THE PLANT AND WATER RIGHTS, AND ALL THE REAL  
ESTATE AND PERSONAL PROPERTY IN THEIR POSSESSION,  
JANUARY 1, 1917.

---

Water rights—land, etc.,	\$1,071,093.44
Water office—furniture, etc.,	1,144.50
Pumping station—furniture, supplies, etc.,	850.00
Shop at pumping station:	
Machinery, tools, meters, service pipe, etc.,	3,260.53
Service truck, runabout, horse, wagons and supplies,	3,000.00
Storehouse—hydrants, water gates, special castings, etc.,	2,257.91
Pipe yard—cast-iron pipe,	3,880.00
Shop at Penacook—pipe, etc.,	15.00
Shop at West Concord—pipe, etc.,	40.00
	<hr/>
	\$1,085,541.38

## REPORT OF CITY SOLICITOR.

---

CONCORD, N. H., February 9, 1917.

*To the Board of Aldermen:*

The following report is made for the purpose of explaining specifically to the board the progress of the litigation during the past year in which the city has been interested.

*Boston & Maine Railroad v. Concord* was a petition for the abatement of taxes assessed upon certain personal property located at the shops which consisted of about one-half million dollars worth of lumber and supplies of all kinds. The tax was assessed under the stock in trade statute, so-called. The case was referred by the superior court to the tax commission to find the facts. The tax commission found as a matter of fact, in accordance with our contention, that the railroad was engaged in manufacturing at the local shops. Exceptions were taken to the finding of the commission and the case went to the supreme court where it was argued at the June term. The court held (1) that taxes cannot be assessed by towns or cities except by legislative authority, (2) the state has always retained the power to tax railroad property and never has delegated that power to towns and cities except in the case of real estate not used in the ordinary business of the road, and (3) towns and cities have no power to assess taxes on the personal property of railroads.

Of course this case was in the nature of a test case for the purpose of finally determining whether the city or the state should tax this property. Since the above decision the attorney-general has intervened in behalf of the state and that action is now pending.

In my report for 1915 I discussed the case of *Archibald McClellan & a. Trustees, v. Concord*, which was a petition

for the abatement of taxes assessed on the Eddy trust estate. At that time I drew attention to the statute which had been passed after the case arose and which would thereafter furnish statutory authority for the taxation of the whole of the trust. At the same time I drew attention to the possible question as to whether the statute was constitutional, as under the situation then existing it would have resulted in a double taxation of five-sixths of the property in view of the fact that Massachusetts was also taxing five-sixths of the estate. Since making my last report a similar case has arisen in Massachusetts involving the question of the right of Massachusetts under its statutes to tax a trust estate created in another commonwealth, but held by Massachusetts trustees. The supreme court of Massachusetts held that the Massachusetts statutes did not give the right of taxation of such estate in said Massachusetts. Accordingly, the Brookline, Massachusetts, assessors did not tax the Eddy estate at all for 1916 and the tax was paid to Concord.

*Ward v. City of Concord* was a petition for mandamus to require the Board of Public Works to issue a permit to the plaintiff to install a sidewalk pump. The case was referred to Burns P. Hodgman, master, to find the facts. After a lengthy trial he reported that the board acted in perfect good faith and the case is now pending in the superior court on a motion filed by me for confirmation of the report and dismissal of the petition.

*Ordway v. Concord* and *Moore v. Concord*, the first for personal and the second for property damage, arose out of the overturning of an automobile on the Loudon road in the summer of 1915. The injuries claimed by Ordway were very serious, including curvature of the spine. Moore claimed that his automobile was seriously damaged and that he was injured in his business by reason of not being able to use the automobile. Both cases were compromised for \$1,700, which seemed good judgment in view of the fact that the bank over which the machine went was unrailed and the road in a sandy condition. The plaintiffs

claimed that the machine struck a rock in the road which diverted the machine over the bank.

*Tilton v. Concord* is a test case to determine whether the city of Concord is liable for the support of certain paupers now living in Tilton. The question is whether a city or town is liable for the support of paupers for a period greater than ten years from the time such people commenced to gain their settlement in such city or town. The case has gone to the supreme court on an agreed statement of facts without ruling and will be argued at the March session.

*State v. Robinson* was a test case to determine whether automobile fines collected in the local municipal court belong to the city or the state. On March 4, 1915, the legislature enacted that all fines collected in police courts should belong to the municipalities and repealed all inconsistent statutes. At that time the criminal law applicable to all courts of criminal jurisdiction provided that all fines imposed for violations of the automobile law should go to the state. The legislature apparently thought that a mistake had been made and the act of March 4, 1915, was amended at the same session twenty days later so as to except "cases where otherwise specifically fixed by statute." We took the position that the act of March 4, 1915, repealed the law then in force in regard to automobile fines and that the act passed twenty days later had no effect, upon the theory that the repeal of the act of March 4, 1915, did not revive the earlier provision repealed by said act, in accordance with the rule of the common law and of the statutes of New Hampshire. The supreme court, however, did not take this view. It held that the plain intent of the legislature was to remedy the situation created by inadvertence so as to permit such fines to go to the state as they had formerly gone. This was undoubtedly a correct determination of the case and accomplished what was desired, the removal of a doubt in the minds of the officials of the municipal courts throughout the state as to whom they could safely pay out the fines in their hands.

*Concord Manufacturing Company v. Concord* is a petition

for abatement of taxes on the plaintiff's mill, situated in Ward 1. The case was referred by the superior court to the tax commission for a finding of fact and has been there for a considerable length of time. Acting under authority from the board, I secured the services of a mill expert to make a valuation of the plant in preparation for the trial. This the expert has done and has supplied me with a comprehensive report which confirms the opinion of the assessors as to the value of the plant. I have endeavored to get a trial of the case for the past year, but the tax commission has not yet set a date for such trial. Of course the city has received the taxes on this property under protest and there is no very great harm in the delay attending the trial of the case. However, if it should prove that the assessors overvalued the property, to the rebate will be added six per cent interest for quite a period, and the detriment to the city comes in having to pay six per cent for money which it could borrow for four per cent or less. It is not a very serious matter, however.

In addition to the foregoing, the usual routine business has been attended to, and I am now representing the city before committees of the legislature on matters of considerable importance to municipalities in general. These have to do with trust funds and water-works.

Respectfully submitted,

ALEXANDER MURCHIE,  
*Solicitor.*

## REPORT OF CITY PHYSICIAN.

---

*To the Board of Mayor and Aldermen:*

The following is a report of the work of the city physician for the years ending December 31, 1915, and December 31, 1916.

	1915.	1916.
House calls on city poor,	108	112
Office calls on city poor,	39	48
House calls, board of health work,	41	48
Office calls, board of health work,	27	42
Cultures taken in diphtheria epidemic work,	197	362
Vaccinations and examinations made for issuance of certificate,	149	182
Calls at police station,	28	33
School-rooms inspected (individual examina- tion of each pupil in the room),	12	16

No record has been kept of numerous conferences (almost daily) between the sanitary officer and the city physician. It is believed that these conferences have been mutually helpful and that, as a consequence, the community has been more promptly and efficiently served in the numerous emergencies that have arisen requiring co-operation between these officials.

Respectfully submitted,

CHAS. H. COOK;  
*City Physician.*

February 3, 1917.

## REPORT OF THE CEMETERY COMMISSIONERS.

---

*To the Mayor and Board of Aldermen:*

The amounts placed at our disposal have been prudently used in the care of the cemeteries, as but little new work has been done.

The only new work at Blossom Hill Cemetery has been the beginning of a water-course for draining a section at the northwest part of the cemetery, also to take care of the large flow of water in the spring time. The cemetery has been in fine condition for the entire season.

The burials in Blossom Hill Cemetery have been 168. The Chapel has been used 17 times. The burials in "The Old North Cemetery" have been 11. The Old North and Minot Cemeteries have been in excellent condition as far as the funds at our disposal would allow. The fence is still in a deplorable condition, because of its being so decayed.

Whatever appropriations may be made for the coming year will be most carefully used for the care and improvement of the cemeteries.

For the detailed account of the expenditures, would refer you to the City Treasurer's report.

Respectfully submitted,

NATHANIEL W. HOBBS, *Mayor*.

FRANK J. PILLSBURY, Ward 6.

CHARLES G. REMICK, " 4.

CHARLES L. JACKMAN, " 5.

JOHN E. ROBERTSON, " 4.

JOHN P. GEORGE, " 4.

EDWARD A. MOULTON, *Secretary*, Ward 4.

## REPORT OF PARK COMMISSIONERS.

*To the City Council:*

The Park Commissioners present herewith their report for the year ending December 31, 1916.

### RECEIPTS.

General appropriation,	\$3,900.00	
Less unexpended,	250.04	
	<hr/>	\$3,649.96

### EXPENDITURES.

Salary of Superintendent, twelve months,	\$1,080.00
--	------------

### WHITE'S PARK.

Paid for labor,	\$912.63	
labor removing moths,	141.65	
labor on ice,	32.50	
cash paid Mr. Atkinson,	32.30	
Thompson & Hoague, hard-		
ware and supplies,	267.68	
Clifford, labor and supplies,	4.20	
horse hire,	48.00	
dressings,	43.00	
teaming,	149.21	
grain,	38.45	
mason work, Mr. Lugg,	2.40	
Globe horseshoeing, repairs,	1.25	
J. Adams, sharpening lawn		
mower,	1.00	
	<hr/>	1,674.27

### ROLLINS PARK.

Paid for labor,	\$463.18
shrubs,	39.10
grain,	105.10
Brunnel, for carrots,	5.50

Dr. Burchstead	\$2.00	
rubber boots,	4.25	
Virgin, for lumber,	8.88	
dressing,	2.50	
	<hr/>	630.51

## SMALL PARKS.

 WILLIS D. THOMPSON,  
 GARDNER B. EMMONS,  
 BENJAMIN C. WHITE,  
 CHARLES P. BANCROFT,  
 JOHN P. GEORGE,

*Commissioners.*

## REPORT OF JOHN KIMBALL PLAY- GROUND.

---

*To the Board of Aldermen:*

The committee respectfully submits the following report for the year 1916:

The year's work has been carried on in much the same manner as last year, and with equally good results. The girls' department was again in charge of Miss Charlotte White, and her work has once more proved her ability as a playground instructor. The enthusiasm displayed by over one hundred girls not only in the games, but in the various handicrafts, the steadily increasing attendance during the summer, the friendly spirit of the girls and their general helpfulness, all testify to the good work of the playground.

The Victrola has not only helped in the folk dances, but the beautiful records, donated by a generous friend of the playground, has been a source of pleasure to many. The playground needs more care during the hours when it is not used by the children. Mr. Harold Fraser proved an efficient and trusty caretaker during the hours when he was employed, but the late evening visitors are far from careful of the playground property. Some arrangement ought to be made so that the playground could be under supervision at all hours.

The closing exercises were very interesting and gave evidence of good work both in Miss White's and Mr. Fraser's department. It is very gratifying that the John Kimball Playground can furnish so many young people who are physically strong. Those who watched the races of that day realize that both boys and girls were profiting by the training.

The doll, dressed by the girls, was given to the New Hampshire Memorial Hospital. The tennis courts will be ready for use the first of next summer and it is hoped that it will prove a pleasure to the older boys and girls.

## JOHN KIMBALL PLAYGROUND.

## EXPENDITURES.

June.	Isaac Hill, pay-roll,	\$29.11
	Labor,	16.00
July.	Vietrola and records,	15.00
	Benjamin Ahern, teaming,	3.00
	Baseballs,	10.50
	Capital Hardware Co., supplies,	6.20
	Thompson & Hoague Co.,	3.37
Aug.	Isaac Hill, pay-roll,	32.00
	C. E. Tenney, supplies,	2.00
	Tenney Bros., supplies,	.50
Sept.	Isaac Hill, pay-roll,	32.00

	Isaac Hill, pay-roll,	3.00
	I. T. Chesley, labor and teaming,	125.45
	Thompson & Hoague Co., supplies,	4.59
		<hr/>
		\$485.91
Appropriation,		\$500.00
Total expenditures,		485.91
		<hr/>
Balance,		\$14.09
Approved:		

ROY W. FRASER.

R. A. BROWN.

LUELLA A. DICKERMAN.

## REPORT OF THE COMMITTEE ON THE SOUTH END PLAYGROUND.

---

*To the Mayor and Board of Aldermen:*

This committee respectfully submits the following report for the year 1916:

Early in the season the baseball grounds, tennis and croquet courts received the necessary repairs to put them in good condition for the summer.

Three large benches and fifteen small stools were purchased which added greatly to the comfort of the instructor and children in their class work.

A building in which to store the equipment was also purchased this season as its need had been greatly felt by both players and workers. Our appropriation was not quite sufficient to cover the entire cost of this purchase but arrangements were made to pay the balance due from our 1917 appropriation.

In addition to the usual gardens for the smaller children twenty large ones were laid out and assigned to the older boys and girls with very good results.

A caretaker for the grounds was engaged for the season, devoting a part of each day with the exception of Sundays.

Miss Marion Shepard began her work as instructor June 15 and continued through September 2. Mr. J. S. Stevens and Mr. Louis Reyeroft instructed the boys.

The average daily attendance of girls and boys was fifty-eight. This does not include those present on July 4 and on Field Day, when the attendance was more than doubled.

Tennis, croquet and volley ball were the most popular sports and the tests given by the American Playground Association were tried out the latter part of the season.

The exhibition on Field Day included embroidery, basketry, paper flower work, and a fine display of vegetables from the gardens. The usual prizes for the season's work and for the sports were awarded at this time.

## STATEMENT.

Salaries,	\$171.86
Gardens, supplies and work,	46.02
Repairs, tennis and croquet courts, etc.,	64.92
Upkeep,	24.77
Equipment,	109.72
Fourth of July and Field Day,	75.81
	<hr/>
	\$493.10
Appropriation,	500.00
	<hr/>
Unexpended balance,	\$6.90

HARRY C. BRUNEL,  
SHUBAEL P. DEARBORN,  
ELSIE L. JOHNSON,  
*Committee.*

## REPORT OF THE PUBLIC BATH.

---

CONCORD, N. H., February 18, 1917.

*To His Honor, the Mayor, and the Board of Aldermen:*

The season of 1916 which has just closed was one of the most successful ever enjoyed at the public bath. This is shown by the larger attendance and the increased interest shown by both men and women. It was also a source of great pleasure to the soldiers who made use of the public bath daily.

The daily attendance was about the average and during the warm weather, it was doubled, due to the interest shown by the soldiers. The women bathers are showing an increased interest which compares favorably with the work carried on by other cities.

The annual water carnival was run off on the closing days for the boys and girls. Much interest was shown in the carnival. The prizes for the different events were contributed by the merchants of the city.

### Record of Attendance:

Total number of boys and girls,	18,500
Average daily attendance, girls,	125
Average daily attendance, boys,	250
Largest number of girls present on any one day,	198
Largest number of men and boys (soldiers),	700
Number of boys saved from probable drowning, (Cause in each case, going beyond depth.)	4
Number of boys who have learned to swim,	62
Number of girls who have learned to swim,	38

### RECOMMENDATIONS.

1. Lockers should be placed in the bath house. At the present time the facilities are very poor for the women.
2. Appropriation should be increased.

Respectfully submitted,

JEREMIAH T. REARDON,

*Instructor.*

## REPORT OF THE CITY CLERK.

FOR THE YEAR ENDING DECEMBER 31, 1916.

The undersigned herewith presents an account of the amount received from fees, licenses and other sources for the year ending December 31, 1916:

From fees of all kinds,	\$447.45
rent, Auditorium,	70.00
hack and job teams licenses,	138.50
bowling alley and pool tables licenses,	460.00
pawnbroker's license,	25.00
employment bureau license,	5.00
junk dealers' licenses,	190.00
tlog licenses,	1,406.40
rebate, municipal telephone,	5.50
police harness sold,	5.00
state primary,	113.00
grass sold by M. J. Lee, account 1915,	8.00
witness fee, J. H. Morris,	1.37
bounty on grasshoppers,	29.50
rent, city farm, I. Wilson,	5.00
old copper gutters from city hall,	133.20
proceeds city lot, Ward 3,	30.75
theatre licenses,	726.00
Merrimack County, aid to dependent soldiers,	1,930.62
Merrimack County, aid to county poor,	13,547.41
	<hr/>
	\$19,277.70

The foregoing amount has been paid into the city treasury.

Respectfully submitted,

HENRY E. CHAMBERLIN,  
*City Clerk.*

Total amount paid for aid to dependent soldiers, \$2,076.57

Respectfully submitted,

HENRY E. CHAMBERLIN,  
*Overseer of the Poor.*

## ASSESSORS' REPORT.

---

### *To the Taxpayers of the City of Concord:*

The board of assessors submit to your consideration the following facts and figures showing the valuation of the city and its school districts and special precincts, with the amount of taxes raised in each and returned to the tax collector for collection.

The appeal of the Boston & Maine Railroad from the taxation of materials which were to be used in the shops in this city (the shops being taxed and not included in the matter of appeal) was decided adversely to the city. The contention of the railroad is that neither the City of Concord nor the State of New Hampshire should tax the materials, and the matter is now before the supreme court in an action brought by Attorney-General James P. Tuttle as to whether said materials shall be taxed by the State Tax Commission.

The supreme court of Massachusetts in a case embodying the same facts as the case of taxation of the funds held by the trustees of the estate of Mary Baker G. Eddy ruled that the domicile of the testator governed as to where the property should be taxed, and the funds were all taxed in this city for 1916. As they consist largely of taxable bonds, the amount will necessarily vary each year as the trustees convert them into non-taxable securities as rapidly as possible.

In the following report is a table of the amount raised for the years from 1906 to the present time which shows the increased amount spent by the city and the reason for an increased tax.

TABULATION OF WARRANTS SUBMITTED FOR ASSESSMENT,  
VALUATION OF CITY AND PRECINCTS WITH  
RATE FOR EACH IN 1916.

	<hr/>		<hr/>
	\$526.34		\$526.34

SETH R. DOLE,  
*Collector.*

## REPORT OF THE MUNICIPAL COURT.

---

*To His Honor, The Mayor, and The Board of Aldermen:*

I am transmitting herewith a statement of the receipts and expenditures of the Municipal Court for the year ending December 31, 1916, the same being prepared and submitted by Allan H. Robinson, clerk of the court. It has been deemed advisable to incorporate in this report only a general statement of the receipts and expenditures, monthly statements having been filed with the city clerk at whose office they may be seen by any interested citizen.

### DISPOSITION OF FINES.

At the time the last report of this court was submitted there was pending in the superior court of the state a friendly suit brought by the attorney-general against the clerk and justice of this court to determine the disposition of fines for the violation of certain special statutes, the act creating the municipal court having left the matter in doubt. This case has finally been decided and the funds have been paid to the proper parties.

At the time of the last report fines received in the following cases for violation of the motor vehicle law had been withheld pending this decision:—

<i>State v. Cass,</i>	\$100.00
<i>State v. Lambert,</i>	100.00
<i>State v. Saben,</i>	100.00
<i>State v. Ingersoll,</i>	100.00
<i>State v. Dickey,</i>	5.00
<i>State v. Diversi,</i>	10.00
<hr/>	
Total,	\$415.00

During the past year the following fines for violation of the motor vehicle law were withheld:

<i>State v. Guay,</i>	\$10.00
<i>State v. Jubenville,</i>	100.00
<i>State v. Scott,</i>	10.00
<i>State v. Robinson,</i>	100.00
<i>State v. Morrison,</i>	10.00
<i>State v. White,</i>	10.00
<i>State v. McIntosh,</i>	10.00
<i>State v. Lemay,</i>	10.00
<i>State v. Johnson,</i>	10.00
<i>State v. Davis,</i>	10.00
<i>State v. Moorhouse,</i>	10.00
<i>State v. Tate,</i>	10.00
<i>State v. Boyle,</i>	100.00
<i>State v. Cullen,</i>	10.00
<hr/>	
Total,	\$410.00

Under the decision of the court the above fines, amounting to \$825, have been paid to the State Motor Vehicle Department.

At the time of the last report the fine in *State v. Lassond* for failure to send a child to school, and that in *State v. Coburn*, for violation of the pure food laws had been withheld. Under the decision of the court the former has been paid to the Union School District, and the latter to the state treasurer.

During the past year the fine in *State v. Weeks* for failing to make a birth return in the town of Hooksett, and in *State v. Boulay* for cruelty to animals in a case brought by the agent of the Concord S. P. C. A., were withheld. The former has been paid to the town of Hooksett, and the latter to Harry H. Dudley, treasurer of the organization represented by the complainant.

## EXPENDITURES.

Paid Mrs. D. E. Lewis, board,	\$134.00
Mrs. Reuben Cate, board,	134.00
F. B. Clark, shoes,	1.75
Hardy & McSwiney, clothing,	3.00
Thorne Shoe Store, shoes,	3.60
H. G. Emmons, clothing,	1.50
Mrs. D. E. Lewis, cash paid for clothing,	11.61
N. H. Orphans' Home, board,	55.50
Wife of Respondent in No. 503,	92.00
Millville Orphans' Home, board,	107.50

Wife of Respondent in No. 992,	15.00
Wife of Respondent in No. 1181,	60.00
Wife of Respondent in No. 1507,	35.00
Net balance on hand,	.85
	<hr/>
	\$972.81

Harry F. Lake, who has served as probation officer both under the district court and the municipal court, has resigned the position, his resignation taking effect December 1. I have appointed Miss Elizabeth G. Lincoln, secretary of the Concord Charity Organization, to succeed Mr. Lake.

The resignation of Allan H. Robinson as clerk of this court has also been received, the same having been made necessary by Mr. Robinson's appointment as postmaster of this city. I have appointed John W. Stanley to succeed Mr. Robinson.

Respectfully submitted,

A. CHESTER CLARK,  
*Justice.*

	<hr/>	\$3,317.79

Respectfully submitted,

ALLAN H. ROBINSON,  
*Clerk.*

## REPORT OF TRUSTEES OF TRUST FUNDS.

---

NATHANIEL E. MARTIN, HARRY H. DUDLEY, ISAAC HILL,	}	<i>Trustees,</i>
---	---	------------------

Appointed September 13, 1915, in compliance with an act of the legislature approved April 21, 1915, entitled "An act relating to trust funds held by towns and cities."

The City of Concord has at various times accepted trust funds for the perpetual care of cemetery lots which have been used by the city in general account. The law provides that the city may issue its note in replacement of such funds so used at  $3\frac{1}{2}$  per cent. interest, and, in accordance with this provision, the City of Concord issued its demand note, dated January 1, 1916, for \$52,176.43, payable to the trustees of trust funds.

## STATEMENT OF CASH ACCOUNT CEMETERY TRUSTS.

Received from one-half sale of lots,	5.00	
		<hr/>
		\$745.46
Credited City of Concord, general account,	\$28.45	
Unexpended income, January 1, 1917,	382.01	
Amount of capital, January 1, 1917,	335.00	
		<hr/>
		\$745.46

Capital and unexpended income deposited in New Hampshire Savings Bank.

## WEST CONCORD SEWER PRECINCT SINKING FUND.

The city ordinance establishing the West Concord sewer precinct and authorizing loans on the credit of the city to construct the system, also created a sinking fund the conditions of which have already been fulfilled. There is still outstanding two bonds of \$500 each and one of \$300. One of the \$500 bonds matures each year until 1919, when the \$300 bond is payable. The presumption is that these bonds will be paid each year from taxes assessed upon the property of the precinct.

Balance on hand, January 1, 1916,	\$506.62	
Income received, 1916,	20.24	
	<hr/>	\$526.86
Transferred to City of Concord general account to pay bonds maturing 1916,	\$500.00	
Balance on hand, January 1, 1917,	26.86	
	<hr/>	\$526.86

## SOUHOOK CEMETERY FUND.

This fund is increased each year by the addition of one-half the amount received from the sale of lots. The income is used for the care, protection and ornamentation of Souhook Cemetery.

Received from one-half sale of lots, 1916,	\$13.88
Deposited in Loan and Trust Savings Bank,	\$13.88

## PENACOOK SEWER PRECINCT SINKING FUND.

The city ordinance establishing the Penacook sewer precinct, and authorizing loans on the credit of the city to construct the system, also created a sinking fund, which provided that the following amounts should be raised annually upon the taxable property of the precinct for the purpose of paying the bonds as they mature, viz.:

\$500 annually for six years from July 1, 1914.

\$500 annually for three years from October 1, 1915.

Balance on hand, January 1, 1916,	\$887.69	
Income received, 1916,	35.48	
	<hr/>	\$923.17
Transferred to City of Concord general account to pay bonds maturing 1916,	\$500.00	
Balance on hand January 1, 1917,	423.17	
	<hr/>	\$923.17
Deposited in Union Trust Company,	\$423.17	

## EAST CONCORD SEWER PRECINCT SINKING FUND.

The city ordinance establishing the East Concord sewer precinct, and authorizing loans on the credit of the city to construct the system, also created a sinking fund, which provided that the sum of one hundred dollars (\$100) should be raised annually for twenty years from July 1, 1895, upon the taxable property of the precinct for the purpose of paying the bonds as they mature.

Balance on hand, January 1, 1916,	\$63.26	
Income received, 1916,	2.52	
	<hr/>	\$65.78

Balance on hand, January 1, 1917,	\$65.78
-----------------------------------	---------

Deposited in Union Trust Company.

## BLOSSOM HILL CEMETERY RECEIPTS.

One half of the receipts for the sale of lots is added annually to the permanent fund. The remaining half, with the amount received for grading of lots sold, together with the amounts received from sundry collections and income of permanent fund, are added each year to the annual appropriation. The amounts expended on trust funds are paid on a special order from the mayor from the income of individual deposits made with the city for that purpose, said income being used exclusively for the care of the lot specified in each trust.

## RECEIPTS.

1916.

Richard Harvey, rent,	\$24.00

## OLD NORTH CEMETERY RECEIPTS.

Amounts received from sundry collections and income of permanent funds are added to the annual appropriation. The amounts expended on trust funds are paid on a special order from the mayor, from the income of individual deposits made with the city for that purpose, said income being used exclusively for the care of the lot specified in each trust.

I hereby certify that I have examined the foregoing account of Isaac Hill, city treasurer, for the year 1916, and find all items of receipt and expenditure therein properly recorded and authenticated by appropriate vouchers, and the several items correctly cast, and cash balance to be thirty-one thousand, six hundred seventy-four dollars and ninety-two cents (\$31,674.92), and as treasurer of the city water department, cash balance to be nineteen thousand, ninety-six dollars and thirty-seven cents (\$19,096.37).

I have also verified the account of the special funds and sinking funds of the city in the hands of the city treasurer, and find such special and sinking funds invested, and the income thereof for the year 1916 accounted for, as shown by the book of the city treasurer kept for that purpose.

HENRY E. CHAMBERLIN,  
*City Clerk.*
